### MAKE UP YOUR OWN CLUB

If you want a different club than those above mentioned you can make up your own selection for as many additional publications as you may want, in the following manner:

First select a club listed and then add to it the other publications wanted. To determine the price of the extra publications, first find the price we charge—opposite the name of the publication selected in the column headed "Our Special Rate for Both" and then deduct \$1.00 from that price. For example: Should you want The Progressive Farmer and the Breeders Gazette, our special rate for the two is \$1.85. Then, should you want to add to that club "Hoard's Dairyman" and "Current Opinion", you should first deduct \$1.00 from our special rate of \$1.65 for the "Hoard's Dairyman Club" and then \$1.00 from our special rate of \$3.25 for the "Current Opinion", which would then leave 65 cents to be added for "Hoard's Dairyman" and \$2.25 for "Current Opinion." These amounts added to our special price of \$1.85 for the Breeders Gazette Club, would make \$4.75 for the four magazines and would give you a direct saving of \$1.25 for the combination.

We make special clubbing rates on almost every publication printed. If you do not find what you want in our list, send us the name of the publication wanted, and we will quote you our special Bargain Prices.

Make your selection today and send it in with your check or money order, so there will be no delay in getting the magazines started.

All Orders Must Be Sent to

# THE PROGRESSIVE FARMER

OFFICES:

Birmingham, Ala., Raleigh, N. C., Memphis, Tenn., and Dallas, Tex.  
New York Office, 41 Park Row; Chicago Office, 600 Advertising Building.

COMMUNICATIONS REGARDING ADVERTISING OR SUBSCRIPTIONS MAY BE ADDRESSED TO EITHER OFFICE. ENTERED AS SECOND-CLASS MATTER AT THE POSTOFFICE AT BIRMINGHAM, ALA., UNDER THE ACT OF CONGRESS OF MARCH, 3, 1879.

### SUBSCRIPTION RATES

One year, \$1; six months, 50 cents; three months, 25 cents.  
The above rates apply in United States, Mexico, Cuba, Porto Rico, Panama, Hawaiian and Philippine Islands.  
Rate for Canada, \$1.50 per year; all other foreign countries, \$2 per year.

### YOUR LABEL IS YOUR RECEIPT

The date to which your subscription is paid is given on the little red or yellow slip on page 1 opposite your name, printed thus, "John Doe, 31 Dec. 14," means that Mr. Doe is paid up to December 31, 1914, etc. After you send in your renewal, it requires about ten days to have this date changed and properly corrected on your label. Please advise us promptly if the label date does not properly show when your subscription expires.

### Each Advertiser's Reliability Guaranteed

WE WILL positively make good the loss sustained by any subscriber as a result of fraudulent misrepresentations made in The Progressive Farmer on the part of any advertiser who proves to be a deliberate swindler. This does not mean that we will try to adjust trifling disputes between reliable business houses and their patrons, but in any case of actually fraudulent dealings, we will make good to the subscriber as we have just indicated. The conditions of this guarantee are, that the claim for loss shall be reported to us within one month after the advertisement appears in our paper and after the transaction complained of; that our liability shall cover only the purchase price of the article in question, nor aggregate over \$1,000 on any one advertiser, and that the subscriber must say when writing each advertiser: "I am writing you as an advertiser in The Progressive Farmer, which guarantees the reliability of all advertising it carries."

Readers in the Carolinas, Virginia, Georgia and Florida should always address their letters to

## FARM CANNING NUMBER APRIL 25

Our issue of April 25 will be a Farm Canning Number, largely devoted to a discussion of canning and preserving fruits and vegetables. We expect these discussions to come from our readers, and they may deal either with canning for home use or for the market. Prizes of \$5, \$3 and \$2 will be awarded the first, second and third best letters, and all additional letters used will be paid for at regular rates.

Remember we want stories of your actual experience—not preachments about how the other fellow did it—but a story of your own work. These letters should be short, clear, and to the point, and must reach us not later than Saturday, April 11.

### DO HAWKS CATCH YOUR CHICKENS?

The fluffy little biddies are hatching now and no housewife wants to see them devoured by ravenous hawks. In next week's Progressive Farmer Mr. C. C. Conyer, of Virginia, will describe about the finest and most successful method of catching hawks the Editors have ever heard of. By it he caught 50 hawks in 60 days practically without expense or trouble. Look out for the article and the picture of his catch.

## Plant Your Peanuts Right

The  
**J. I. CASE**  
Pitman Drive  
Peanut Planter

More Dollars to the Acre

makes a bigger and better crop because it plants peanuts with absolute accuracy. Two pitmans, one on each side of the large drive wheel, alternating in stroke, drive the endless chain cup feed, making the drive absolutely positive and doing away with troublesome gears. Each cup on the chain carries one nut to the seed spout. Distance can be varied from 6 to 9 or 11 inches apart by changing small sprocket wheel. Short coupled frame makes it easy to handle in planting on terraced land or sharp curves. Closed boxes at each end of axle keep dirt out of bearings. Crank axle is lathe turned, making it absolutely true and reducing friction.

This Peanut Planter can be furnished as a peanut planter or as an attachment for the
