

Flying Dutchman Hay Tools

This Trade Mark Stands for Reliable Farm Tools

To make the most money out of your hay crop, you must handle it quickly.

You must know positively that your machines will be in shape to work from early till late without one moment's delay.

FLYING DUTCHMAN HAY TOOLS are the best made—most reliable hay tools on the market. They can be depended upon every minute of the haying season.

Many users say "They are trouble proof." They are so simple in construction; so easy for the inexperienced person to operate that they should and have in hundreds of cases run for years without one minute lost during the haying season nor one-cent spent for repairs.

ADRIANCE MOWER

60 Years of Unequaled Service and Success

Simplest in construction—easiest to operate—lightest draft—most powerful cutter—needs fewest repairs.

Adjustable Carrying Spring takes unnecessary weight off the Cutter Bar and puts it on the wheels, reducing draft and increasing traction power.

Automatic Spring Draft prevents damage when striking obstructions. Knife starts instantly when thrown into gear. Adjustable Hard Steel Wearing Plates keep the knife head in correct position. Cuts like new after many years of use. Cutter bar moves up and down freely without binding, and always follows the ground, no matter how uneven it may be. It folds over the tongue, insuring against accidents. No bolts to fasten.

Exposed Pawls and Ratchets save trouble and repair bills. Forward Acting Foot Lever is natural, easy and safe.

Flying Dutchman Hay Loader

Handles Swath or Windrow Without Adjustment—The One-man Loader

Positively the simplest Loader ever made.

A one-man loader—simple in construction, practical in operation.

Driven direct from axle, without chains, cogs, sprockets, gearing or webs of any sort. Nothing to lose, break or get out of order.

Anyone who can drive a team can handle this loader ALONE. It puts on a big half load before you have to touch it with a fork.

Extra long stroke does not thresh out the seed, break hay or pound the machine. Yielding deck prevents clogging.

All Steel Frame cannot warp, sag, rot or get out of shape.

See your FLYING DUTCHMAN DEALER about these machines. Also FLYING DUTCHMAN SIDE DELIVERY RAKE and TEDDER and ADRIANCE ALL STEEL DUMP RAKE.

THE PROGRESSIVE FARMER

OFFICES:

Birmingham, Ala., Raleigh, N. C., Memphis, Tenn., and Dallas, Tex. New York Office, 41 Park Row; Chicago Office, 600 Advertising Building.

COMMUNICATIONS REGARDING ADVERTISING OR SUBSCRIPTIONS MAY BE ADDRESSED TO EITHER OFFICE. ENTERED AS SECOND-CLASS MATTER AT THE POSTOFFICE AT BIRMINGHAM, ALA., UNDER THE ACT OF CONGRESS OF MARCH 3, 1879.

SUBSCRIPTION RATES

One year, \$1; six months, 50 cents; three months, 25 cents. The above rates apply in United States, Mexico, Cuba, Porto Rico, Panama, Hawaiian and Philippine Islands. Rate for Canada, \$1.50 per year; all other foreign countries, \$2 per year.

YOUR LABEL IS YOUR RECEIPT

The date to which your subscription is paid is given on the little red or yellow slip on page 1 opposite your name, printed thus, "John Doe, 31 Dec. 14," means that Mr. Doe is paid up to December 31, 1914, etc. After you send in your renewal, it requires about ten days to have this date changed and properly corrected on your label. Please advise us promptly if the label date does not properly show when your subscription expires.

Each Advertiser's Reliability Guaranteed

WE WILL positively make good the loss sustained by any subscriber as a result of fraudulent misrepresentations made in The Progressive Farmer on the part of any advertiser who proves to be a deliberate swindler. This does not mean that we will try to adjust trifling disputes between reliable business houses and their patrons, but in any case of actually fraudulent dealings, we will make good to the subscriber as we have just indicated. The conditions of this guarantee are, that the claim for loss shall be reported to us within one month after the advertisement appears in our paper and after the transaction complained of; that our liability shall cover only the purchase price of the article in question, nor aggregate over \$1,000 on any one advertiser, and that the subscriber must say when writing each advertiser: "I am writing you as an advertiser in The Progressive Farmer, which guarantees the reliability of all advertising it carries."

Readers in the Carolinas, Virginia, Georgia and Florida should always address their letters to

THE PROGRESSIVE FARMER, Raleigh, N. C.

Prizes for Cotton Cultivation Letters

The Progressive Farmer believes that in most parts of the South the cultivation of the cotton crop is too expensive and tedious a process, and that too many hoeings are in many cases necessary.

To get the viewpoint of our readers on this matter we offer four prizes—\$5.00 for the best and \$2.50 each for the three next best—for letters from our cotton-grower readers who cultivated their cotton most economically last year.

These letters must be to the point and preferably not over 600 or 800 words in length. Tell how you did the work, and why you were able to cultivate as you did.

All letters must be in our hands before Saturday, May 9. WRITE YOURS AT ONCE.

SAW 10 LOGS WITH AN AMERICAN SAW MILL

AND GET LUMBER WORTH \$25 TO \$40

Ten 16 foot logs averaging 14 inches thick make 1000 feet of lumber worth \$25 to \$40 in your local market. Costs you only \$4 to \$6 to saw 1000 feet with an "American" Portable Saw Mill. Think of the profits! Why, that timber on your wood-lot is just like wheat. Reap it with an axe. Harvest it with an inexpensive, light running "American" Portable Saw Mill you can operate yourself. No experience needed. An 8 H.P. gas engine and an "American" mill saws up to

2500 feet per day. Get an "American" because it saws more and better lumber with less help and power than any other. Make big money every winter when the farm doesn't need you. Hundreds of farmers are doing a paying lumbering business with "American" mills. You can do the same, for there are wood-lots around you if you have none yourself. Read enthusiastic letters from farmers in our free Book No. 21 that tells all about farm lumbering.
