WHERE TO BUY PURE-BRED LIVESTOCK

Dairymen, Attention! Pure-bred Holsteins!!

The best blood ever brought into the South. Proof? Here it is: Since last April we have tested ten cows officially (Done by the University of Tenn.) and they averaged 20 lbs. of butter, and 530 lbs. of milk in seven days, or the ten made 200 lbs. of butter and 5200 lbs. of milk in seven days. Further: one cow gave 71 gallons of milk and made 35.15 lbs. of butter in seven days. Further, and this is startling: one little baby cow under two years old gave 33.9 lbs. of milk and made 15 lbs. of butter in seven days. Further: two of the cows gave beyond 11 gallons of milk each in 24 hours. Bulls for sale from 3 to 10 months old, f.o.b. here at \$100 and up. All registered; all fine individuals; all in good condition. Mark this: The twelve nearest dams of the sire of these youngsters averaged 28.57 lbs. of butter in seven days. One of these bulls will quadruple the value of calves born in any community and at \$5 pay for himself in a short time.
