SUPERBA HERD Big Type Poland Chinas

Headed by the great boar Superba 2nd No. 241307, sired by Superba, the World's Grand Champion Poland-China Boar, which honor was won by him at Panama Exposition. You have all read about this noted boar. Superba 2nd, considered the best son of this famous boar, was bred by Walter E. Wiley, Steel City, Neb., and purchased by me at a long price. He is strictly show type, and now weighs over 750 pounds at twenty months, and will go over 1,000 pounds at maturity. My big prolific sows were selected with great care, regardless of price, from the best herds in Illinois, Iowa, Nebraska, Indiana and Ohio; some weigh over 750 pounds.

Southern and Eastern Breeders, why send to the far West when you can get right here in the South, at a lower price, such blood as this, that has been acclimated to your climate. Sixty of Superba 2nd's pigs for sale out of my big prolific sows, bred under the most sanitary conditions, at reasonable prices. Not a bad back, foot, coat or color in the lot. You need some of this stuff to improve your herd. Get my prices and particulars before buying.
