

You get quality when you buy P. A.

PRINCE ALBERT has a value that coupons or premiums can't produce—*quality!* Premiums or coupons have never been offered with P. A. State or national restrictions on their use make no difference to P. A. Men get what they pay for when they buy the national joy smoke—*quality!*

Buy Prince Albert everywhere tobacco is sold in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors, and that classy pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such fine condition.

It is certain—sure you'll not know the joy and contentment

of a friendly old jimmy pipe or a home made cigarette unless you get on talking-terms with Prince Albert! P. A. comes to you with a *real reason* for all the goodness and satisfaction it offers. It is made by a patented process that cuts out bite and parch! It affords the keenest tobacco enjoyment!

Introduction to Prince Albert is no harder than to walk into the nearest place that sells tobacco and ask for a "supply of P. A." You pay out a little change, to be sure, but it's the cheerfulest investment you ever made!

Should Find You Equipped With

WINCHESTER RIFLES AND CARTRIDGES

They will insure your success as they have that of thousands of other hunters. Don't take the chance of spoiling your hunt by using other makes, but take along Winchester Rifles and Cartridges—the always-reliable kind. You can get them to suit your ideas, as Winchester Rifles are made in Single Shot, Repeating and Self-Loading (or so-called automatic) models, and in various calibers; and Winchester Cartridges are made in all the different sizes. Ask your dealer about them and he will tell you they are "O. K."

THE W BRAND GETS THE GAME

Why Drill Planting Wins

Empire Jr., Hoosier and Kentucky Grain Drills

THERE is nothing mysterious about the way Hoosier, Empire Jr. and Kentucky drills have been crowding out the broadcasting method of seeding. They give bigger yields of better grain. These points are clearly seen: Drills save seed at the start, because every individual kernel is planted right, with covering enough to protect it from cold or drouth. You needn't "play safe" by planting an extra quantity, for every seed has its chance. Drilling means regular planting, no bunching here and lack there—every seed has sufficient ground to support it. The seed sarts, grows, and ripens all together. Uniformity—that's the word. Drilling does away with uneven stand, with half-ripe, half-green fields. Drilling gives you the maximum in grain, kernels all filled out and plump. That means top yields, top prices. When you buy a drill, buy a Hoosier, Empire Jr. or Kentucky drill. Ever since 1857 the builders of these successful lines have studied to build always better machines. Today—well, ask any owner of a Hoosier, Empire Jr. or Kentucky drill. See the local dealer, or write us for catalogues and information.
