

CANS

AND FRUIT JARS We have them ready for immediate and future delivery. Large stock Nos. 2 and 3 Cans, with solder hemmed caps—all standard Packers' Cans, full size—not substitute cans. Also large supply Ball Improved Quart Glass Jars—best in use for any style "canner." Cans for everybody.

American Steam Pressure Cannery—Home, Farm, Plantation and Community Outfits.
If you purchase an "American" Canner, you have the privilege of our free canning school in Atlanta. Write for prices on Cans and Cannery outfits. **AMERICAN CANNING CORPORATION, 78 Auburn Avenue, Atlanta, Ga.**

Mr. Plantation Owner: Every Year You Have to Face THE LUMBER PROBLEM.

Will you have thousands of big, fine, straight trees on your plantation that will make more lumber than you can use? The "swelling" mills not only waste your timber, but lose lumber for you.

Install a Southern steam portable engine and saw mill. Your tenants will gladly do the hauling to get the improvements and you save yourself time, money and temper, besides adding value to your plantation, making your tenants happy and causing them to make more, thereby increasing your rentals.

Now is the Time to Act.
Don't let your buildings deteriorate in value—write for Catalogue H. It's chock full of valuable information. Remember, we have been building the best possible machinery for nearly fifty years—serviceable machinery in our mills. Write us your wants. Our terms are most liberal.

Southern Engine & Roller Works,
Jackson, Tenn.
(A Size and Type for Every Purpose.)

RUBBER ROOFING

Roof now with Celebrated **FOX BRAND** Rubber Roofing. Gives best protection, lasts longer than ordinary Roofing because of special combination of nature's toughest weather-resisters. W. G. STOREY, Paint Maker,
846 Chafee Ave., Augusta, Ga.

The best way to get every farmer in your neighborhood working together along all progressive lines is to get every one of them reading the best and most progressive farm paper you know. We don't say The Progressive Farmer. If you know a better one use it. But please push the best one you know.

BREEDERS' CARDS AND FARMERS' EXCHANGE

(5 Cents a Word, Cash With Order)
We will insert ads for our Progressive Farmer readers in this department of our Eastern edition (covering Virginia, North Carolina, South Carolina, Florida and Georgia), at the rate of 5 cents a word, each insertion. If advertisement is to appear once, send 5 cents a word; if twice, 10 cents a word; four times 20 cents a word, etc. Each word, number or initial (including each word, number or initial in name and address) counts as a separate word. Advertisements not accepted without cash with order. If the rate seems high, remember it would cost you \$1.00 for postage alone to send a letter to each of the homes to which we carry your ad at this low rate. Stamps accepted for amounts less than \$1. Above rates for Eastern edition only. Combined rate, all editions, 15 cents a word each insertion.

Bird Pups—10 weeks old, \$5. Satisfaction guaranteed. Oso Eller, Willsboro, N. C.

The Cotton Market Situation

FURTHER advances in the cotton market have carried prices above 28 cents for both spots and new crop future deliveries. In the Savannah market good middling has gone to 26 1/4 cents, with liberal sales made at the advanced level. In the Liverpool market conditions have evidently got to an acute stage, aggravated no doubt to a very great extent by the big losses through the German submarines. Spots in Liverpool went up to the high level of 19.39d. or about 28 1/2 cents our money. On Wednesday of this week the Liverpool Exchange suddenly suspended dealings in futures for the time being, an action which caused a very violent break in the American contract markets, but from which there was a quick rebound.

The new crop seems to be improving too slowly to be altogether satisfactory. The backwardness renders the danger from weevil all the more serious. Farmers are now being urged to give the crop the best cultivation possible, so as to hasten maturity as much as they can. The phenomenal prices and the country's need of the cotton supply are sufficient to induce any practicable efforts to increase the out-turn per acre. Our country and our allies will require a sufficiency of cotton in this war, and it is to us alone that they must look for that supply. It would be but a sorry brand of patriotism for us to exploit in a small crop on account of the excessive prices it would enable us to obtain.

At 25 cents or better for cotton, we have no grounds for dissatisfaction. If the situation is tense owing to withholding on the part of producers, such holders ought to put their cotton on the market, and not hold out for the pound of flesh. The government has to buy enormous quantities of goods, and people who have cotton to sell ought to sell it, and thereby help to relieve the situation.
W. T. WILLIAMS,
Savannah, Ga.
