

An Edge Test

Perhaps your knife, when newly sharpened, will cut paper, but whittle hard wood for a few minutes—then try it. If you want a Knife, a Saw, a Chisel, a Plane, a Drawing-knife, or any edged tool that will hold its keenness through long, hard service ask for the kind marked

KEEN KUTTER

This trademark covers a complete line not only of edged tools, but tools of all kinds. Saws, Hammers, Screw-drivers, Files, Pliers, Glass-cutters, Ice-picks, also Garden and Farm tools, such as Forks, Rakes, Hoes, Shovels, Scythes, Manure-hooks, Grass-shears.

For 37 years Keen Kutter Tools have been sold under this mark and motto: "The Recollection of Quality Remains Long After the Price is Forgotten." Trade Mark Registered.

The Wilson Canner Company,
COCHRAN, GA.

Buchan's Cresylic Ointment

CURES ALL SORES AND PREVENTS DISEASE.

THE cattle owner cannot afford to be without BUCHAN'S CRESYLYC OINTMENT. It is the greatest known remedy for the prevention of Disease and for all Sores and Wounds, Hoof Rot, Broken Horns, etc. For healing lacerations due to barbed wire fences, it is invaluable. It contains a solution of Phenol Absolut—the greatest antiseptic known to science—and is certain death to Screw Worms, Texas Fever Ticks, and all parasites and bacilli. After forty years, no preparation has been found that can equal it.

USE BUCHAN'S SOAPS FOR MAN AND BEAST.

BUCHAN'S SOAPS CORPORATION

DANIEL J. SULLY, President
Manufacturers and Proprietors of Buchan's Toilet Soaps and Antiseptic Specialties.

175 Fifth Ave. New York.

Do You Know What It Does?

THE KEELEY CURE

It relieves a person of all desire for strong drink or drugs, restores his nervous system to its normal condition, and reinstates a man to his home and business.

A BOOK ON SILAGE FREE

"Modern Silage Methods" is reliable—used as a standard Text Book by many State Agricultural Colleges. Contains a vast amount of knowledge on the subject of Ensilage in plain, practical language you can easily understand, boiled down to 216 pages, library size.

Covers the silage subject completely—silage building, silage crops, cutting, filling, feeding, complete and valuable feeding tables. Book answers every question you've been wanting to know. Copyrighted 1906. Over 40 illustrations.

Why We Send It Free—We manufacture the "OHIO" Ensilage Cutter and believe after reading the book that you will remember our firm and write for price when ready to buy. Nothing mysterious about it—simply a business proposition. Mention this paper please.

SILVER MFG. CO.,
SALEM, OHIO

When writing advertisers, please mention this paper.

Pays for Itself.

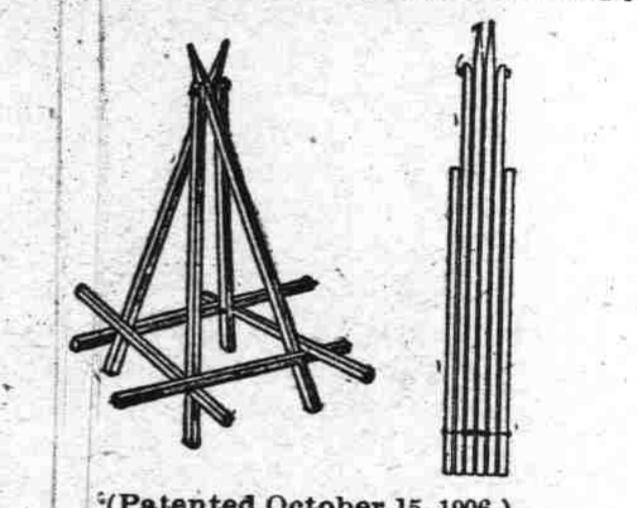

THAT'S what a DE LAVAL SEPARATOR does. With an average number of cows, within a year it saves and earns its whole cost. No "cash-in-advance" system is necessary to test its merits. The reliability of these machines warrants selling them on liberal payments, thus enabling the purchaser to carefully test its merits absolutely free of cost. The improved process of disc separation skims clean, and at any desired density, and frees the cream from bacteria and all foreign matter, insuring perfect purity and cleanliness.

THE BELL HAY CURING RACK

(Patented October 15, 1906)

Solves the problem of curing pea vine, alfalfa or other hay, almost regardless of weather conditions as the racks give interior ventilation, and keep hay from touching ground, thereby causing it to cure out nicely when other methods fail. One handling completes the work, and the hay is safe. Racks fold into handy package for storage, and will last many years with care. The cost to make and use is very light, and every farmer should procure the right to use them and get them made in spare time of winter, and be ready to meet the coming hay crop.

PRICES.

To make and use any number of racks, \$10 00
To make and use 100 racks 5 00
To make and use 50 racks 2 50
