

### A Great Draft Horse Combination Sale.

The largest combination sale of pure-bred registered and imported Percherons, Shires and Clydesdales, Stallions, Brood Mares and Youngsters; also Coach Stallions and Spanish Jacks, will be held by the Washington Combination Sales Company, Washington C. H., Ohio, February 26th, 27th and 28th, in their mammoth sales pavilion. Among the largest consignors are the Hartman Stock Farm, Columbus, Ohio, with forty-two head of the best and most desirable pure-bred Percheron Brood Mares, most of which are imported, not weeds or culls, but the very best type of mares that money will buy; Henry C. Waldron, one of the most careful and conservative breeders of pure-bred Percherons, who is the proprietor of the Elmwood Stock Farm, Ann Harbor, Mich., has consigned forty head, which are the best lot of Stallions, Brood Mares and Youngsters that can be found on any stock farm in the United States; T. H. Russell, of the Idle Hour Stock Farm, Geneva, Ohio, has entered ten head that would be an honor to any sale; W. W. Down, Clifton, Ill., who topped the market at the recent Bloomington, Ill., combination sale, has entered ten head that he considers far superior to his Bloomington consignment; E. A. Cottrell, Andover, N. Y., an old and established breeder, will be represented with five head of the finest, besides many other smaller consignors with gilt-edged stock. If you are interested in improving your stock, you cannot afford to miss this sale. Write to Chas. Willard, Manager, Washington, C. H., Ohio, for catalog.

### The Simpler, the Fewer the Parts, the Better.

We have some new features in ginning outfits to offer this season in cases where we make the whole design. They relate chiefly to the method of driving, and are intended to accomplish a saving in the power required to operate the outfit. We get rid of some idlers or tighteners, for one thing. An idler is a very good thing to get rid of in this day and time when "everybody works but father." We began a great many years ago by getting rid of countershafts. Some tests made in our own shops showed that in one of the departments it took twice as much power to drive the shafts and countershafts as it did to drive the machines themselves. That ratio wouldn't hold out in a ginnery, but the fact is cited to show the importance of getting rid of everything that can be spared.

We invite inquiries from those intending to buy.

## The Buggy Buyer

Who has gained the impression, by listening to dealers' arguments, that a first-class buggy cannot be sold for less than \$65.00 will, no doubt, wonder how **GOLDEN EAGLE BUGGIES** are sold for \$49.00 and guaranteed.

The explanation is simple; the truth of which will be apparent to any who will carefully consider the cumbersome, expensive and extortionate "agency system." Here's the difference. We build **GOLDEN EAGLE BUGGIES** and sell them direct from our factory to you at a wholesale price of \$49.00 each. Cut out coupon and mail to-day for Catalog No. 21 and full particulars.
