

WHERE YOU CAN BUY THE BEST FERTILIZERS

POTASH

CORN

requires the best selected seed and the most thorough cultivation; but the real difference between profit and loss on the crop depends on Potash. It makes strong, sturdy stalks and well shaped ears filled out to the very tip, with every kernel sound. Fertilizers high in phosphoric acid, with a little nitrogen, won't do. They need Potash to complete them—15 to 20 lbs. to the hundred. Supplement the manure or clover or fertilizer with 50 lbs. of Muriate of Potash per acre.

POTASH IS PROFIT

Have You a Farm

You're Proud of?

Many farmers take pride in their land, care for it, and coax it up by judicious use of fertilizers to a high state of production. One of the best means of getting your land into good shape is to supply it plentifully with

PLANTERS BRANDS.

It isn't guess work with us, its knowledge and skill. Our goods prove this. Ask your dealer: if he hasn't hooked up with our live-wire facilities, we'll give you the name of an up-to-date merchant who has.

**PLANTERS FERTILIZER AND PHOSPHATE CO.**  
 CHARLESTON, SOUTH CAROLINA.

Making More Money Out of Cotton Crops

is merely a question of using enough of the right kind of fertilizers.

Virginia-Carolina Fertilizers

are the right kind.

The cotton plant cannot feed on barren land. Study your soil. Find out what it lacks. Then apply the necessary fertilization and the results will surprise you.

See what Mr. W. C. Hays of Smith Station, Ala., did. He says: "I planted about 30 acres of some 'gray sandy land' that had been in cultivation for over 20 years, and used 300 pounds of Virginia-Carolina Fertilizers per acre, and I expect to gather 30 bales from the 30 acres." This is why we say it is the right kind. We have hundreds of letters like this, and even stronger, in praise of Virginia-Carolina Fertilizer for cotton.

Get a copy of the new 1909 Virginia-Carolina Farmers' Year Book from your fertilizer dealer, or write our nearest sales office and a copy will be sent you free. It contains pictures of the capitols of all the Southern States.
