D. W. MAYER, Agt.,  
Box 119, Beaufort, S. C.

## NORTH CAROLINIANS ARE IGNORANT

about their State's history. Ask yourself if this is not true. The reason is that heretofore we have had no properly prepared history. Volume I of Capt. S. A. Ashe's two volume History of North Carolina is ready for delivery. It ranks with the best work of the kind done anywhere. It is minutely classified and annotated, the style is scholarly and pleasing, while the illustrations, maps, paper, type and bindings are all that can be desired. It is endorsed by all the leading scholars in North Carolina, viz: J. P. Caldwell, Dr. Kemp P. Battle, Dr. C. A. Smith, Dr. W. L. Poteat, Dr. Stephen B. Weeks and hundreds of others. Cut out coupon mail.

## OH, YES, BURN OFF YOUR FIELDS.

And Then Pay 15 Cents a Pound for Nitrogen to Take the Place of What You Burn Up.

The evil practice of burning off the grass and vegetable matter that would put humus and fertility into the land seems to be confined to no particular section of the South. The last issue of the Oklahoma Farm Journal says:

"Putting off plowing until spring, raking the stalks and grass together and burning it, listing in the corn without plowing or other previous preparation of the soil, all of these very wrong ways of farming seem to be still the rule in Oklahoma instead of the exception. The vegetable matter which every Oklahoma soil needs so much is consumed by fire and the nitrogen, costing 15 cents a pound in commercial fertilizers, goes up in smoke."

### What One Mare Has Done.

Messrs. Editors: Some people do not believe in raising live stock, but I do, and to prove that it is one of the most profitable industries in which a man can engage, I am going to tell you what one mare has done.

My father purchased this mare some 8 or 10 years ago. Her first colt was a mule, sold for \$215. Second was a mare, valued at \$175, which has had three mule colts worth about \$300. Third was a horse, sold for \$135. Fourth a mule colt which died soon after birth. Fifth, a mule working on our place, valued at \$165. Sixth, mule, worth \$125. Seventh, mule, died soon after birth. Eighth, mule, worth \$50. Total product from one mare, \$865. This was done with very little expense, as the colts were fed almost wholly on hay grown on our own farm, and mare hardly ever had to quit work on account of colts.

HENRY LUMSDEN.

Talbotton, Ga.

### Right You Are.

"Better farm implements are needed but more shelter room is vital if this machinery is purchased," wisely writes a correspondent.

## To The Farmers

KEITH'S Phosphate Lime will double your crop and permanently build up your soil at half the cost of any other fertilizer. For prices and testimonials write,

B. F. KEITH COMPANY.

Wilmington, N. C.

Terms Cash or Credit.

# POTASH

In your Cotton Fertilizer means vigorous, well-wooded plants with thrifty squares and well filled bolls. It puts your cotton crop in a condition better to resist the attacks of insects and diseases. Get ahead of the boll weevils by planting an early variety of

## COTTON

cultivating it thoroughly and fertilizing liberally with a Potash Fertilizer.

See that your commercial fertilizer contains at least 4% of Potash. If it does not, you can increase the percentage of Potash by adding Muriate of Potash to your fertilizer. Every 2 1/2 pounds of Muriate of Potash added to 100 pounds of fertilizer increases the Potash 1%.

## Don't Buy Nitrates Fertilize With FARMOGERM

High-Bred Nitrogen-Gathering Bacteria

Why buy expensive nitrate fertilizers when you can save most of the money and all of the time and work of spreading, and get much better results!

Put the bacteria in your soil that will draw nitrogen from the air and convert it into all the nitrates the crop can use and store still more in the soil for future crops of any kind. Farmogerm contains the right bacteria in the right condition. That's why it will produce a bumper crop of any legume, and—

Makes Poor Soil, Good Soil

Price, \$2.00 an Acre Garden Size, 50c

Comes in specially sealed bottles. Ready for use. Just mix with water, moisten seed or spray. Bacteria guaranteed to be right. Put up for use with Alfalfa, Peas, Beans, all garden and field varieties, all the Clovers, Vetch, Sweet Peas, and all legumes. Gives better results than nitrate of soda at fraction of cost and labor.

Let Us Prove It

We will send you a small bottle for 10c, enough to make a box test in your house before planting time. Write for FREE BOOK No. 1, which gives full particulars. When you order a bottle, mention crop you wish to try it on. Get our letters from users and our reports from high authorities. All in Book No. 31 For sale by leading seed houses. Earp-Thomas Farmogerm Co., Bloomfield, N.J.
