GUERNSEYS

GUERNSEYS

\$546

was the average price paid for all GUERNSEYS sold at public auction in 1919. This figure indicates the buyers' high estimation of the value of the breed. Let us tell you why Guernseys lead in popular favor.

CLOVER FARM GUERNSEYS

Among our offerings at the Southeastern Consignment Sale will be

"Little Annie of Clover Farm"

WINNER OF FIRST PRIZE
At Louisville, Nashville, Memphis, Meridian, Birmingham, Atlanta, Columbia, Augusta, and at the Chester and Lee County Fairs in 1919. We want you to see the kind we breed and raise. We have repeatedly refused to sell her, but now offer her as a drawing card at the first Southeastern Sale. Start out with the winning kind. It costs no more to keep good ones.

HOLSTEINS

Tests Prove the Value of a Purebred HOLSTEIN Sire

Reports of tests, covering a period since 1909 and published by the Iowa Agricultural Experiment Station, state that the average of records made by the first generation heifers by a purebred HOLSTEIN Sire show an increase of 71 per cent milk and 42 per cent fat at an average age of three and one-half years over the record of their scrub dams at an average age of six years. It has long been a proven fact that the introduction of a purebred HOLSTEIN bull to a herd of common cows will substantially increase production and profits.
