Miles TEXAS STEER SHOE for MEN

THE WORK SHOE WITH THE IRON HEEL RIM

A PAIR OF "TEXAS STEERS" HALF-SOLED 8 TIMES

A Petersburg, Va. man recently had a pair of Miles' TEXAS STEER work shoes half-soled for the eighth time. The uppers were still good. He used them in working on a granolithic floor which is very hard on shoes. The heels were never repaired as Miles' TEXAS STEERS have an iron rim which makes heel repairs unnecessary.

This shoe is getting more popular every day with Southern Farmers. The reason they wear so well is that they are honestly made of good solid materials. Here are the specifications: best grade black chrome waterproof Uppers; full Vamps (not cut off under tips); full chrome Gusset sewed to edge; Vamp and Backstay sewed with best grade linen thread; 2 full Soles of best grade sole leather; Innersoles and Counters of heavy grain sole leather; Bottoms fastened with two rows of brass standard screw wire; Heels solid leather and equipped with iron heel rim. The iron heel rim adds at least 50 cents to the value of every pair because it makes heel repairs unnecessary.

Miles' TEXAS STEER Shoes are the biggest value in America in a man's work shoe. They are sold by one good dealer in most every community. Write us for name of nearby dealer. If you try one pair of Miles' TEXAS STEERS we are sure you will never be satisfied with any other work shoe.
