Two Things to Do Now to Make the Farm Home Better

A PRETTY FARM HOME

THERE are many things we need to do to make the farm home prettier which cannot be done now. We can't plant shrubs, trees or vines because it is the wrong season. We can't paint or whitewash, or lay-off roads and walks, because we are too busy with the growing crops.

There are two things all of us can do now—either immediately or moments or when the land is too long postponed.

other farm machinery. And if usable farm machinery has to be stored under the blue vault of heaven, let this be in some one location—preferably behind the barn or some other building—so it will not be seen in old sacks, and
