FARMS FOR SALE OR RENT

The Santa Fe has built a new branch railway line through the South Plains region of West Texas. A new farming and livestock region with new towns is being opened up. This territory already is partly occupied by a good class of settlers, and crop possibilities proven by actual experience. Here you can profitably raise cotton, corn, sorghums and fruit. It is an ideal livestock and dairy country. Low prices for untitled lands and very easy terms. Move in early and take first pick. Write today for free illustrated folder. T. C. Spearman, 30 Santa Fe Bldg., Blythe, Texas.

547 Acres Lime Land Plantation for Sale—\$50 per acre—330 acres bottom land, will grow 3 1/2 tons alfalfa per acre, 50 bushels corn, 80 bushels oats, 1 to 1 1/2 bales cotton without fertilizer. Alfalfa has been grown successfully on adjoining plantation for 12 years; 60 acres loam second bottom; 157 acres hill land, fairly well timbered; 10 tenant houses, all occupied; place well watered by creek on northern boundary, and small narrow lake in center of place, both of which form excellent outlet for drainage; 850 acres in cultivation; about 425 acres suitable for cultivation. Place is 6 miles east of L. & N. Railroad, at Snow Hill, Ala. This land is as good as the best in Alabama. Abstract can be seen before purchasing. Will meet prospective purchasers at Snow Hill, Alabama, with car. Write J. E. Furefory, Farmer, Ala., Administrator of the estate of Mrs. Sarah C. Greene.

SUBSCRIPTION MANAGER'S COLUMN

Sends The Progressive Farmer to Tenants

MR. W. A. King, Liberty, N. C. writes: "I am enclosing check for \$1, and names of four of my tenants, under your proposition to send each a three months' subscription at 25 cents each, and also to renew my subscription for six months. It gives me pleasure to make these tenants a present of these subscriptions, as I get so very much worth-while information from the good old Progressive Farmer."

Every landowner ought to see that each of his tenants gets The Progressive Farmer. There is no better Christmas present than a year's subscription to our paper.

Helps the Tenant Become a Landlord

J. WALTER COMBS, Route 2, Sumnerfield, N. C., writes: "Have been a renter all my life until this year. I feel I owe The Progressive Farmer the praise for now owning a nice little farm which I am real proud of."

The Progressive Farmer is real proud, too, to have helped any man in this way.

Prof. Massey's Page Alone Worth the Subscription Price

MRS. J. Elwood Cox, High Point, N. C., who is well known to many North Carolinians, renews her subscription and writes: "We have no farm, but the page edited by Mr. Massey alone I think worth the price of the paper, to me at least; as I have a large vegetable garden and a flower garden with a few trees and vines. The advice given along these lines is very instructive, as it is given for our section of the country. May his days be long and his brain clear, to write of these things!"

More Messages From Readers

BIG TREMAINE is making a great hit. The following from J. E. Sasser, Mount Olive, N. C., is only one of many comments reaching us: "I think the story you are running is very good. My wife likes it fine."

J. E. T. Ayscue asks for more subscription blanks and says: "I would be glad if you would send me another knife like the one you sent me last year." The knife has been one of our most popular premiums. We offer it for two subscriptions.

"Send me one of your Farmer's Account Books", says W. P. Hawkins, Shelby, N. C., in sending in his renewal. The Account Book for 1921 will be larger and better than ever before. Only 15 cents added to your renewal will get a copy for you.

Sam Harley, Route 3, Cope, S. C., makes us feel good by saying: "Please don't let my paper stop for it seems like one of the family and I can't afford to miss it if possible. I must say it is the best farm paper in the world."

Enclosed is my check for \$2 being for a three years' subscription. I have seen only a few of your issues, but enough to convince me that you have the best farm paper in the South.—L. D. Shoemaker, Granbury, Tex.

HOLSTEINS

Long-Lived Purebred HOLSTEIN Cows

Leave out of consideration the greater direct cash return and Holsteins are still the best investment you can make. Great strength and constitutional vigor make the typical Holstein long-lived, free from disease and sure to produce many healthy calves. A thirteen-year-old Holstein owned by the Kansas Agricultural College finished a year's record of 15,773 pounds of milk and 513 pounds of butterfat. This record indicates the dollars and cents value of Holstein vitality.
