## Duroc-Jerseys Are Prolific and Profitable

They raise big families. Hardy, easy-feeding, quick maturing. That is why Duroc-Jerseys today outnumber any other breed in the United States. Out of all the hogs marketed in 1918, 51 percent were Duroc-Jerseys.

WRITE FOR BOOKLET—"DUROC-JERSEY HOGS ARE PROFITABLE" published and mailed free by the largest swine record association in the world (over 10,000 members) for the benefit of hog raisers everywhere.

### THEY REQUIRE SHORTHORN BEEF

Do you know that there is an extensive trade that requires SHORTHORN beef in preference to any other? If not, you will find, upon a study of the situation at the several markets, that such is the case. There is a quality in SHORTHORN beef that experience tradesmen recognize and demand. The extra weight of the SHORTHORN combined with this quality gives the grower a double advantage.

# JERSEYS

## THE PROFIT BREED

JERSEYS produce the best milk earlier, longer and most economically. They thrive under all conditions, are always willing to work, and breed true to type. Jerseys save you many years in building a profitable dairy herd.

Ask the Jersey Information Bureau for any cow information you want and also for "Jersey Facts" and "The Key to Dairy Profits."
