SPERMFIELD DOROTHY, A SOUTHERN COW IN THE REGISTER OF MERIT CLASS

Late last fall she finished a twelve months' official test in which she produced 12,928 pounds of milk and 735 pounds of butter. This cow more than pays her board. Every farm family should have a good milk cow.

Six Live Subjects in This Issue

CHEAP Labor Means Cheap Cotton.—In this statement, Clarence Poe sounds a note that should be heard the length and breadth of the Cotton Belt. Read it, ponder over it, and then do what you can to help set things right. Page 11

Using Fertilizers Profitably.—All is not known about fertilizers yet. Therefore, don't fail to read everything authentic on the fertilizer question that you can find. Then use your best judgment Page 15

Southern Little Gardens.—Our readers in the Carolinas and Virginia are always asking for more of Mrs. Lindsay Patterson's articles. If you have a sense of the beautiful, be certain to read "Southern Little Gardens" Page 8

Property Rights of Our Children.—How well you remember the days of your childhood when your "pig became Pa's hog," and

your "calf became Pa's cow." Why follow in the old footsteps and bring the same disappointments to your children? Teach respect for property rights by showing respect for the property rights of the children Page 12

Trying to Fool the Tobacco Farmers.—There is no end to the chicanery to which the unscrupulous will stoop. With that patience so characteristic of them, farmers should bear in mind that the trickster element is in no wise representative of the great body of real business men of the country. Page 10

Pointers on Buying Baby Chicks.—Mr. Rothpletz has been watching the remarkable development in the baby chick business. These good, practical suggestions are indeed timely. These pointers may help you to solve your one big poultry problem. Read closely the whole article Page 22
