CONDENSED NOTES OF THE PASSING LOCAL EVENTS OF THE DAY.

What is Transpiring Around and About Us in Town and County--The Movements and Doings of People You Know. Etc. Mr. Milton Blalock, of Berea, was on the breaks Tuesday. Mr. D'Orsey Jones, of Danville, Va., is on a visit to Oxford. Mr. Robt. T. Amis has been appointed postmaster at Blue Wing. Mr. R. T. Smith has 500,000 hills of tobacco growing off splendidly. Mr. W. T. Lyon, is now enjoying the delightful sea breeze at Morehead City. A good break of tobacco in Oxford Tuesday, and everybody satisfied with prices. The Durham District Sunday school conference will be held in Hillsboro July 15-17. Mr. D. A. Hunt, has gone to Thompson Springs in Ashe county and will spend a month. Dr. J. E. Wyche will attend the State Dental association at Wilmington, commencing June 23. Mr. C. M. Gordon, a prominent young farmer of Mecklenburg county, Va., was on the breaks Tuesday. W. A. Davis is now canvassing Western N. C. in the interest of the Land and Improvement Company. Mr. R. Broughton has greatly improved his residence on Raleigh street by a handsome coat of paint. We are requested to state that Mr. T. M. Washington is not a candidate for the nomination for Register of Deeds. The storm Sunday did great damage to the tobacco crop in Wilson county, and the farmers are planting corn in place of it. Mr. S. S. Halthcock has removed his family to the house formerly occupied by Mr. Boss Gooch, near the Orphan Asylum. Mrs. A. M. Mathews and grand daughters, Misses Mary and Fannie Conrad, of Salem are on a visit to Mrs. R. L. Devin. We learn that Mr. E. Montague, of Fishing Creek township, is being urged to seek the nomination for Clerk of the Court. Miss Carrie Gayles, the most excellent music teacher at the Granville Institute has returned to her home in Cleveland, Ohio. Mr. & Mrs. T. B. Pendleton are on a visit to friends in Scotland Neck, and will also visit friends in Virginia before they return to Oxford. Miss Daisy Horner graduated from St. Mary's, Raleigh, this session. She won high praise on her essay entitled "A defence of Iago". Dr. L. B. Grandy has returned to Oxford, and we trust he will find it to his interest to locate among the people who know him best. Misses Jennie Best, Laura Lyon, and Lottie Bitt gave a nice entertainment to their young friends on Monday night at the residence of John T. Britt. Mr. Graham Boyster was in Oxford on Tuesday. We were pleased to learn that his good lady, who has been sick for some time, is rapidly improving. Miss Prudence Coley, of Dutchville township, was at the Alliance Warehouse Tuesday with a load of tobacco which sold for an average of \$21.45 round. We had the pleasure of meeting in Oxford Tuesday Mr. Thomas W. Winston, a near relative of our honored townsman, R. W. Winston, Esq., of Selma, N. C. We learn that the name of Mr. G. S. Latta, one of the coming young men of the Berea section, is being prominently mentioned in connection with the Legislature. Misses Mary and Kittie Satterwhite who have been attending school at Nashville, Tenn., have returned to Satterwhite. They meet with a cordial reception from their many friends. We have been informed that quite a number of gentlemen contemplate removing to Oxford this fall to engage in the leaf trade. Come right along gentlemen, you will meet with a cordial reception. The Methodists of the Oxford Circuit have purchased from Mr. Alf Hohgood the vacant lot adjoining his residence, and will soon commence the erection of a parsonage for their excellent pastor Rev. J. H. Hall.

EARLIEST ON RECORD.

New Tobacco Sold on Oxford Market June 18th, 1890. Messrs. Davis & Gregory received on Wednesday last 100 pounds of this years crop of tobacco from L. F. Lucas, Wilson county. It was of splendid color and sold for a good price. This firm expects to receive a shipment from South Carolina next week. We are more than pleased to know that our market has a magnificent reputation for tobacco. The coming tobacco year will be a grand one for our town as ten or twelve new leaf dealers will locate here, and our market will stand unrivalled by any in the State. The buyers rallied around the new tobacco in full force and the bidding was animated and the 100 pounds sold for an average of \$42.50. This beats the record of last year by 35 days, the first sold our market July 23d. "My father, at about the age of fifty, lost all the hair from the top of his head. After one month's trial of Ayer's Hair Vigor, the hair began coming, and, in three months he had a fine growth of hair of the natural color." - P. J. Cullen, Saratoga Springs, N. Y. Monument to Col. T. L. Hargrove. The friends of Col. T. L. Hargrove who have seen the monument erected to his memory by his loving wife, pronounce it fully worthy the heroic dead. He lies buried near Townsville, in Vance county, on his ancestral estate, and sleep side by side with his mother. The monument bears these inscriptions: ON FRONT. Tazewell Lee Hargrove. Born 6 April, 1830. Died 15 December, 1889. "Yea, though I walk through the valley of the shadow of death, I will fear no evil; for Thou art with me; Thy rod and Thy staff they comfort me." ON RIGHT SIDE. A Member of the Secession Convention, 1861. Attorney General of the State from 1872 to 1877. OTHER SIDE. Lt. Colonel 44th Regiment N. C. troops. The defender of South Anna Bridge. With sixty two men he held it against the enemy's force of fifteen hundred for four hours. Buy the lightning fruit jar, the best in use from J. F. Edwards. Car load of sheet iron for tobacco flues for sale by J. F. Edwards. Jordan Pritchard's Sentence Commuted to Life Imprisonment. Mr. J. T. Strayhorn returned from Raleigh on Tuesday with the official papers, signed by Governor Fowle, commuting Jordan Pritchard's death sentence to life imprisonment in the penitentiary, wrote the following endorsement: "Upon consideration of this case, there is so much doubt as to Pritchard being the man who fired the shot, that his punishment is commuted to imprisonment at hard labor in the penitentiary for life." When Messrs. J. T. Strayhorn and A. A. Hicks, the most worthy counsel of Pritchard, who had been largely instrumental in the commutation, informed the condemned man of the action of Governor Fowle, he thanked them from the bottom of his heart, saying: "If I was free I would work for you the balance of my life to show my gratitude." Large stock Wagon and Buggy material for sale at J. F. Edwards. Nice lot fishing tackle at J. F. Edwards. A Big Thing for Oxford. The Oxford Land and Improvement Co. offered such good inducement to Mr. Thos. W. Winston, of Selma, N. C., as to cause him to remove his Knitting Factory to Oxford within the next sixty days, and work will commence as soon as possible upon a large brick building on the property of the Land Improvement Company. The capital stock of the company will be largely increased. The factory will employ about 100 hands. We congratulate the Improvement Co. upon this great addition to Oxford. Is Consumption Incurable? Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumption. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made." Jesse Middlewert, Decatur, O., says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at J. G. Hall Drugstore.

NEWS ABOUT THE STATE.

WHAT HAS TAKEN PLACE WITHIN HER BORDERS. A General Epitome of Recent Occurrences Around and About Us. From the Mountains to the Sea, as Culled from our State Papers. Rev. G. P. Hamrick has been elected pastor of Shelby Baptist church. He is a young minister of much promise. Dr. Gatling, the North Carolina inventor, says he will produce an ice machine that will make ice at one tenth of the present cost. Prof. George A. Grinsley, of the Tarboro school, has been elected Superintendent of the Greensboro graded school at a salary of \$1,200. Joseph Farmer, a young white man living about three miles from Wilson was struck and killed by lightning, during a storm on Sunday evening. There is a proposition on foot among Alliance men to build a leaf tobacco warehouse in Winston, and the Tobacco Association at that place will offer liberal inducements. Winston covered herself with glory June 17. The proposition to issue \$200,000 worth of bonds for city improvements was overwhelmingly carried, not a single vote against it. Trustees of the estate of W. T. Blackwell, of Durham, who failed for a heavy amount a few months ago, have announced a dividend of 10 per cent in favor of the creditors, which makes a total of 90 per cent of all the liabilities. The Cape Fear and Yadkin Valley Railroad branch, that taps the Deep River factory section, has been completed down as far as Columbia Factory, and the schedule from that point will be put in operation on next Monday. Reports are received of a fatal battle between revenue officers and "moonshiners," near Snow, in which two men and one horse of the raiding party were killed. It is also reported that some of "moonshiners" suffered severely in the fight. Tom Dixon's lecture, "Backbone," is pleasing the people all over the State. The Charlotte Chronicle said of it: "The lecture was grand; it was eloquent, harmonious and powerful. The speaker led his audience as if by magic from the humorous to the sublime." On June 31, Rev. W. A. Wilson, a graduate of the University, class 1889, sailed from San Francisco for Japan. He is one of the young men who pledged himself as a missionary while at the University. The Y. M. C. A. there defrayed his expenses to Japan, which amounted to about \$300. North Carolina boys are in the lead. In the fourth class at West Point, George P. Howell, of North Carolina, and R. P. Johnston, of North Carolina, were honor men; Howell being first in English and first in mathematics and first in French; Johnston second in English and second in mathematics. The West bound passenger train of the W. N. C. Railroad, was wrecked a mile and a half from Marshall Saturday evening about 6 o'clock. There were twenty-five or thirty passengers on board. The first class passenger car and the sleeper were thrown over and ten persons were injured. One of them fatally, Mrs. J. H. Scarborough, of Knoxville, who received a concussion of the brain, and died. W. Thomas Henderson, of Dallas, who had been suffering with typhoid fever for three weeks, had several hemorrhages from the bowels all amounting to two gallons, which produced such exhaustion as to make it evident that death would soon follow unless something was done to replace the vital fluid which he had lost. To meet this emergency, on Wednesday evening, June 11th, Dr. Jenkins, of Dallas, and Dr. Wilson, of Gastonia, performed the operation of transfusion, using the blood of a lamb, introducing about one quart of this blood, which was followed by immediate improvement, and he now shows marked improvement and every evidence of a rapid recovery. No one had any hope of his recovery previous to the transfusion. - Charlotte Chronicle. Bucklen's Arnica Salve. The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by J. G. Hall, Drugstore.

SUNDAY'S STORM.

Considerable Damage Done to the Growing Crops. The latest accounts from the cyclone which passed over a portion of Granville on Sunday, show that much damage was done to the tobacco, oat and corn crops. At Mr. Fielding Knott's several barns were unroofed, pieces scattered in every direction, and greatly damaged his crop. Messrs. Stephen Minor, J. L. Clay, L. L. Crews, Harvey Hohgood, R. T. Averett and Elijah Averett, all suffered severely from the storm, having their tobacco, oats, wheat and corn almost ruined. Trees were blown down to such an extent in that neighborhood that Mr. Clay, road overseer, had to summons hands to clear the roads of trees. Mr. T. B. Daniel had his covered wagon standing in the yard, and the wind lifted the body and carried it some distance away. At Hargrove the side of a small house was blown away, and a large number of trees blown down. One fell across the O. & C. Railroad, and the passenger train Sunday afternoon had to stop until it could be cleared away. Near Wilton the pack house of Mr. Thos. Harris was blown down, and the timbers scattered in every direction. The carriage house of Mr. W. N. Harris, one of our worthy County Commissioners was taken away by the wind and demolished his carriage. The same fate befel Mr. J. C. Rogers, and he is also minus a carriage. Mr. Jas. Ball who lives near the Wake line had his horse stables and corn crib carried away, scattering corn in every direction. Mr. B. C. May, who is a near neighbor to Mr. Ball, had every house on his plantation leveled to the ground with the exception of his dwelling. No one was hurt so far as we have heard, in this neighborhood. This is the first time that a cyclone ever visited Granville county, and our people are perfectly willing to let it be the last from the serious amount of damage it inflicted upon our hard working farmers. Bring your orders for tobacco flues to J. F. Edwards. The Farmers' Alliance in the West. A special correspondence from Asheville to the State Chronicle says: The Farmers' Alliance in this section is rapidly growing in numbers and influence. West of the Blue Ridge there are about 15,000 members. Every county is well organized. The members are beginning to read and study the principles of the order and informing themselves on political economy as well as the tilling of the soil, in which noticeable improvements are being made. State and district lecturers, Col. T. B. Long and Gen. R. B. Vance and other speakers, have strengthened the Alliance very greatly by their efforts in attending public speakings and picnics. Buncombe County Alliance is establishing a farmers' implement and canning factory. The State Alliance to be held in Asheville on the second Tuesday in August promises to be the most stupendous and important gathering of the toiling masses ever held in North Carolina. Dr. Thos. Hill's Opinion. GOLDSBORO, N. C., Oct. 23, 1889. MRS. JOE PIERSON: Dear Madam--About April, 1887, I treated Sam Privett for scrofula, affecting the glands of the neck, causing suppuration, which finally terminated in running sores. I had done for him all that I could, and considered his chances for life very small, and told you so, and that if you would benefit him with your Remedy I would give you a certificate of the fact. That you have done your part the boy is now a living witness, and I shall not hesitate to use it in any similar case I may be called upon to treat. Very truly, Thos. Hill, M. D. For sale by Oxford Druggists, J. G. Hall, Wholesale Agent. *\$1p. Let us Help Ourselves. "We are all too much in the habit of running to the North for everything. Until we learn to rely upon ourselves and produce what we need we are not free and independent, and we will never be. Let us stand by the South. Let us be sure to stand by our communities. Let us be self-reliant and sympathetic and helpful one to another. That is the way to develop and prosper." A Good Appetite. Is essential to good health; but at this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

NEW ADVERTISEMENTS.
