**EDITORIAL NOTES.**

The Democratic majority in Alabama will reach 95,000.

It looks as if Congress would not adjourn before November.

General Palmer is making a vigorous canvass in Illinois for tariff reform.

Senator Edmunds is disgusted at the way things are running on in the Senate.

From their intimacy with silver it might be expected the Senate would not condescend to take anything off a tin-plate.

There is no reason why the Count of Paris should stay away from the United States because of the McKinley bill. It imposes no duty on unceremonious kings.

Think of 164 absentees being reported in the House in one day. Tom Reed is mainly responsible. There were seven Senators absent at 39 roll calls in one day.

President Harrison told the California delegation who invited him to visit that State that he didn't have time to go this year. About 1893 he will have plenty of leisure on his hands.

J. J. Rogers, superintendent of the North Carolina and Virginia Colored Farmers' Alliance, made an entertaining speech in Lynchburg at the meeting of the Alliance.

The attempt of Speaker Reed and his friends to get up a pledge among members not to support the Tariff bill until the Elections bill is passed, has failed, as the bill has been postponed until the short session.

The appropriation for the A. & M. College by Congress will be \$15,000 for the first year; \$17,500 for the second; \$20,000 for the third; \$22,500 for the fourth; and \$25,000 for the fifth and every year thereafter.

The new constitution of the Missouri Farmers' and Laborers' Union provides that farmers owning bank stock may become members if the amount of their stock doesn't exceed one-fourth of the value of their farms.

The railroad monopolies may well tumble when the Farmers' Alliance gets on its hind legs. The Alliance of Kansas now demands that freight cars shall be equipped with automatic air brakes and safety coupling appliances.

The finance division of the Census Office is busily at work examining the accounts of the enumerators which have been received and upon which their pay will be based. These examinations are progressing at the rate of eight hundred a day and already seventeen thousand accounts have been examined, but there are some forty-five thousand of them in all, so that it will require some weeks before the last voucher can be sent away.

"Deserters" is what the force bill boomers call Senator Quay, Cameron, Plumb and other Senators who are opposed to that infamous measure.

Public feeling in France is once more clothed in the garb of gentle optimism. This is much better than the watchword of vengeance. President Carnot and M. Ferry do well in giving voice to the sentiment of a united France.

The Farmers' Alliance of Georgia have requested Gov. Gordon to call a convention of the Governors of the Cotton States, to be held at Atlanta on September 10, "to formulate a plan by which we can effect direct trade with Liverpool," and requests each Governor to appoint six delegates from his State to accompany him and take part in the convention.

"While I favor passing the Tariff bill, sooner than that this Congress should not pass the Federal Elections bill I would prefer to see every manufacturing establishment in Massachusetts burned to ashes and the people of that State required to labor in callings in which they could not make more than 50 cents a day and be required to live on codfish."—Senator Hoar, of Massachusetts.

The State Alliance of Louisiana in session at Baton Rouge denounced the Alliance men in the General Assembly of that State who voted in favor of rechartering the Louisiana Lottery Company "as traitors to the cause and principles of the Union, and refusing to affiliate with them as members of the order, and recommending that the subordinate unions expel them; also reiterating the pledges relative to the lottery, denouncing it as a vile curse and enormous iniquity, which they felt more determined than ever to combat, and resolving not to let their energies relax until this enemy is driven from the State."

The infamous Force Bill is dead, and its death must be an accepted fact with every party leader in Washington who does not deliberately close his eyes to the truth. Being dead, there is only one more duty to perform, and that is to bury the corpse away at once and stop its now sickening stench in the nostrils of the nation. Many public men will die from the Force Election malaria. Some of them will linger until November; others will fall, as some have already fallen, but the death and burial of the Force bill and the death and burial of its chief advocates will clear the political atmosphere and make another victory for the sovereign power of the always patriotic and honest American people.

**GREAT RESPONSIBILITY.**

The Farmers' Alliance have named the ticket in nearly every Democratic Convention that has been held in the State. There is now resting upon them a grave responsibility of electing the nominees. They have it in their power, organized as they are in each township, with proper efforts put forward to make a record for themselves that will add honor and reputation to their organization. But on the other hand, should they be divided and indifferent, causing defeat of the Democratic party in North Carolina, it will be a severe blow to the Farmers' Alliance, as well as the State. There is an old saying that "a house divided against itself cannot stand." They cannot be successful by splitting their tickets. Present a solid front for a solid ticket from Congressman to Coroner and victory is ours. The Alliance have ninety thousand members in the State, and if each member will make it his business to influence one indifferent Republican to vote the Democratic ticket, we will carry old North Carolina like Alabama has gone—by ONE HUNDRED THOUSAND MAJORITY. Gentleman of the Alliance, you are in a position to make fame for your organization that will last as long as time. Redeem every Congressional District in the State. Redeem every county in North Carolina and you will hear it heralded all over this land, "Hurrah for the Farmers' Alliance!" You can and we believe you will.

Few children can be induced to take physic without a struggle, and no wonder—most drugs are extremely nauseating. Ayer's Pills, on the contrary, being sugar-coated, are eagerly swallowed by the little ones, and are, therefore, the favorite family medicine.

For Buggies, Carriages, Carts or Wagons, see Owen, Barbour & Smith's at-k before you buy. They will satisfy you both in prices and styles.

**STATE POLITICS.**

Congressman Ewart of the Ninth District has been re-nominated by the Republicans.

The Prohibition Executive Committee are talking of running a prohibition campaign daily.

The negroes of Mecklenburg county are greatly dissatisfied with the Republican party of the State.

The Swain County Herald proposes Cleveland and Polk as the Democratic nominees for President and Vice President, 1892.

The Tarboro Banner favors Mr. Elias Carr of Edgecombe, or Mr. Yancey T. Ormond, of Greene, for Congress in 2d District.

The Republican Executive Committee of the First district has nominated C. C. Pool, of Elizabeth City, for Solicitor, and C. M. Bernard, of Pitt, for Congress.

We learn from a Person county friend that S. P. Satterfield, register of deeds, will be nominated by the republicans for the legislature. He has been register for eight years and will no doubt be elected.—North State.

John S. Leary, colored, a Professor of Law in the Shaw University at Raleigh, with residence in Cumberland county, is spoken of as a candidate for Congress in opposition to Professor B. F. Grady in the Third district.

Notwithstanding the withdrawal of Capt. Kitchen from the contest for the nomination for Congress in 2d district, there seems to be quite a number of requests for him to yet permit his name to be presented to the convention.

The next event of interest is the Republican state convention. It is surmised that there will be some lively scenes. The white Republicans will try to control their black allies, as in years past. The negroes say they will resent this.

At the Wake county Democratic Convention a resolution was adopted calling upon Senator Vance to prepare a measure embodying the ideas of the sub-Treasury bill, but free from constitutional objections, and report it to the Senate as soon as practicable.

Of course the Republicans are mad because the last Legislature amended the election law so that it will not be possible for that party to colonize negroes at different points near the State line—as they have been doing. We expected nothing else from men who have been violating laws. All the howling one hears from Republicans is upon the same principle that the thief cries "stop thief."—Wilson Advance.

Our standard bearer for this District, Hon. A. H. A. Williams, returned from a trip to Surry Thursday night, and is greatly encouraged at the outlook. He says the prospects were never better for a glorious Democratic victory in November if the party will thoroughly organize and go into the fight with the determination to win. He expected to meet Brower at Dobson, but Johnny failed to put in appearance. We wonder why Turn Coat Tom Evans did not turn up to defend the rights of the man he sold out to for a small position in the Pension office at Washington.

The Winston correspondent of the Raleigh State Chronicle writes: Capt. Baldy Williams went up the C. F. & Y. V. road yesterday to be present this week at Surry court. It is thought by a good many that when Brower was re-nominated, and the campaign committee at Washington had handed him his campaign check, that we would hear no more of the split in the Fifth district; but such does not seem to be the case. Far from it. The colored voters are now under strict organization, and being urged on by their race organ at Greensboro have planted their anti-Brower banner deep in the soil and more do they cherish the idea of teaching him a lesson that he will remember. It is their intention as far as your writer can obtain information, of remaining in a strict organization until election day, and then turn out in a body, go to the polls and there work to keep the colored voters from voting a ticket for Congress. They declare, in the words of their leaders, that "the Republican party must be purged of this political parasite" and it now seems as if it will be done. One of Brower's most intimate friends from Surry county was here three days ago and declared that he had already given up Granville county to our glorious uncle Baldy. 'Rah for Democracy in the old Fifth. Let the grand ball roll on.

Read what a Republican correspondent from Person county to the North States says: "The Farmers' Alliance in this county will no longer listen to demagogues and low down politicians. They will heed no longer the cry of over production, and will vote and think for themselves, regardless of the old political parties. They will take Vance's advice, and will abstain from politics and vote independently, regardless of party affiliation. The gallant "Baldy," as he is sometimes called, will be left in this and Granville counties. His steal into the Legislature, his railroad work and his hypocritical Alliance proclivities make his prospects grow dim, dim, dim. That man who delivered us from democratic rule and ruin, Hon. John M. Brower, will get there, and don't you forget it." You go ahead with your lying racket on Baldy Williams, the people's true friend, and you will forget that the man who became so low down as to want to place bayonet rule over the South leaving the North free ever ran for Congress in the Fifth district as Williams will bury him so deep it will be impossible to resurrect him.

**Peculiar**

In the combination, proportion, and preparation of its ingredients, Hood's Sarsaparilla accomplishes cures where other preparations entirely fail. Peculiar in its good name at home, which is a "tower of strength abroad," peculiar in the personal sales it has attained, Hood's Sarsaparilla is the most successful medicine for purifying the blood, giving strength, and creating an appetite.

Prof. Loissette's Memory System is creating greater interest than ever in all parts of the country, and persons wishing to improve their memory should send for his prospectus free as advertised in another column.

**KEYSTONE WATCH CO.,**  
 —BALTIMORE, MD.—  
 CAPITAL \$600,000.

OUR \$1 WEEK CLUB SYSTEM, WHILE AS convenient to the buyer as any installment system, is a wholesale spot cash system to us. The co-operation of the club members sells us 38 watches in each \$25 Watch Club, and we get cash from the club for each watch before it goes out, though each member only pays \$1 a week. This is why we give you more for your money than any one else and why we are doing the largest watch business in the world. We sell only first quality goods, but our prices are upon what others get for second quality. Our \$12 Silver Watch is a substantial Silver (not imitation of any kind) Steam-Wind American Lever Watch—either hunting case or open. Our \$25 Watch is a Steam-Wind, Open Face, first quality, stiffened Gold American Lever Watch, guaranteed to wear 20 years. It is fully equal to any watch sold for \$25 by others. We had a first-class Stiffened Gold Case much more satisfactory and serviceable than any Solid Gold Case that can be sold for less than double the money, as cheap solid cases are invariably thin, weak, of low quality, and wear out after short use. Our \$25 Watch contains numerous important patented improvements, of vital importance to accuracy, timing, Patent Dustproof, Patent Steam-Wind, etc., which we control exclusively. It is fully equal for accuracy, appearance, durability and service, to any \$75 Watch, either Open Face or Hunting. Our \$12 Railroad Watch is especially constructed for the most exacting use, and is the best Railroad Watch made. Open Face or Hunting. All these prices are either all cash or in clubs, \$1 a week. An Ajax Watch Insulator given with each Watch. JOB OSBORN, Special Agent, Oxford, N. C. aug22-1m
