DELIEVING THAT AT THIS TIME it would be greatly against the interests of the farmers' to have a big special open ing sale, and looking specially after our customers' interests, as we will do at all times, we concluded to take charge of the Mesdows on October 1st, 1890, without any special sale.

We do not propose to have any drummers, but to do the work ourselves, so if we have any money to throw away to pay it out for tobacco on our floor.

We respectfully solicit a share of your trade.

BEREA MENTIONS.

The morning of the 15th found us en oute to the Mount Zion Association. We passed through that famous country known as Shake Rag. This is truly a fine tract of country, and is destined to become more famous in the near future for its fine tobacco if the appearance of the land has anything to do with it; and we passed on through a portion of Person county and into Durham, and we could but feel our heart swell as we came in sight of Rea Mountain and the surrounding hills in the distance with the blue mellow hedge crowning their brow After bumping and jolting all the poetry out of us we finally succeeded in reaching Red Mountain church where the Association met, and found a large and intelligent congregation. The introductory sermon was delivered by that popular and talented gentleman, Rev. J. L. White, of Durham, after which the Association met and closed. Mr. W. A. Albright was Moderator and Mr. C. R. Scott Clerk There were several visiting preacters among whom were Revs. C. Durham, J. N. Booth, J. F. McDuffie, J. N. Stallings, of the Thomasville school, and Dr. Taylor of Wake Forest. Everything passed off pleasantly and we will only add that it is seldom we enjoy such a dinner, for they certainly care for the inner man.

Dr. Atkinson closed a series of meet ings at Geneva last Sunday.

The Alliance pic-nic on Friday was success and we were glad to see so many of your Oxford people out among us. We had splendid speeches by ex-Gov. T. J. Jarvis, Gen. W. R. Cox, A. W. Graham and A. A. Hicks, Esqs. It was a big day for Berea, and everybody seemed to enjoy themselves.

COMMUNICATED.

EDITOR PUBLIC LEDGER:-It was my pleasure to be at Clays on Monday the 20th to see and hear our noble and fine looking candidates for Granville county discuss the issues of the day, but did no arrive until some had closed. Our Claud Allen was about to close when I arrived but I heard enough to satisfy me that he is the right man in the right place. He reminds me very much of his brother who died in Virginia a, year or so ago, that the people of Granville loved so much. It is fresh in my memory to-day how sad I felt at the death of young Allen. I had looked and expected to see the day when he would be one of the first men in North Carolina. Now brother Democrats, let's go to the polls and elect Claude Allen by a rousing majority, let ting the High Tariff McKinley Force Bill Rufus see and know for all time to come that the white people of Granville

want and will have a better man. Next came (I think, for I speak from memory) Mr. Frank Cole, in whose face is depicted truth, honesty and upright ness, declaring to us that in the Demo cratic party only is there hope for the people, advocating the free coinage of silver, in favor of railroad commission,

Then our W. T. Adams came with his maiden political speech and I think of the kind the best it has been my pleas ure to hear, and before the close of the canvass he will wake up the people and old Dutchville will be proud that she has such a son as W. T. Adams. Thus much for law makers.

I did not hear any of our county candidates but they were pre ent doing the work. R. J. Daniel was as busy as a bee and it was said he could get in more places at the same time than any other

EDITOR PUBLIC LEDGER:-I was elect constable of Brassfield township on the Republican ticket in 1886. but have decided to renounce my allegience to the Republican party and will vote the straight Democratic ticket has failed to meet its promises in many instances, and especially in regard to the E. G. DAVIS.

Lead Poison Cured.

I am a painter by trade. Theree years ago I had a bad case of Lead Poison, caused by using ru ber paint. I was cured in a short time by S. S. S. The medicine drove the poison out through the pares of the kin. When I first commenced taking S. S. S. my system was so esterated with p son that my underclothes were colored by the paint being worked out by the medicine through the pores of my skin. I was cared entirely by S. S. S. I took nothing else, and have The Center has never been behind on had no return since.
