O' GRANVILLE. So fer as Granville county is concerned the Public Ledger bas often said many things by way of eulogy. We are glad to return thanks to the farmers and others living in the county for the appreciation which they have shown towards ovr e'forts to get up a good county paper. Our farmers friends often say kind things to us which cheers us very much in our labors. The support which they give us we value highly and we propose in all proper ways to stand by them in whatever concerns their interest. There is no county in the State with a better population than is that of Granville. And we believe that as a rule, with scarcely an exception, that the farmers of the county rejoice whenever they hear of the prospericy of Oxford We shall continue in

THE CROP PROSPECTS. Notwithstanding the prospects of an

Hurrah for Panacea Water. The census report has classified all the mineral springs of any note in the United States. And by reference to that report we perceive that Panacea is the only him eral water in this country except one other spring in Colorado that is classified under the name of Carbonated Sodic Chalybeate. The Panacea it is evident is one of the most remarkable mineral waters in the world. We learn all the time of persons who are being cured by it after the usual remedies have failed. Panacea you bet has come to stay. It is good both in winter and summer for children and grown people, and at or away from the
