Parties having young ladies to educate will do vell to consider the following facts

The Institution offers superior advantages a diterature, Science, and Art. Only the best to ent is employed to give instruction in the duler ent departments.

The situation is one of remarkable beauty Th Institute has twenty-eight acres of hand without the corporation, but so located as to give the school all the privacy of the country, while here nough to the town to secure any advantages i may offer

The health record is unsurpassed. During the last ten years there have been two cases o meumonia, one of typhoid fever, no case of dip heria, scarlet fever or measles. Chills have been trangers, and billious fever almost unknows the average of-medical bills since the organizion of the school, has been about 25 cents in

The institution is the unincumbered property of the Baptists, and it is the only property owned by them in the State used exclusively for
