TOWN AND COUNTY.

THE PASSING LOCAL EVENTS OF THE DAY.

What is Transpiring Around and About Us, in Town and County--The Movements and Doings of People You Know, Etc.

—The Board of County Commissioners were in session on Monday.

—Owing to the extreme dry weather the breaks of tobacco has been small this week.

—The sportsmen have been out in full force this week and many a bird has ceased to flutter.

—Messrs. J. C. Cooper & Sons continue to make improvements to the interior of their banking room.

—There are rumblings and grumbings in the air, on account of some of the actions County Commissioners.

—It now begins to look as if the O. & C. L. Road would be built since Col. Beasley was made President.

—Corporal Hugh Skinner, won the gold medal at the competitive drill of the Granville Grays on Monday night.

—We suggest that the junction of the Oxford & Coast Line Railroad with the Durham & Northern road be called Beasley.

—The stemmery of Hancock, Moorman & Co., has been completed, and is a model of convenience. Mr. W. T. Clark the gentlemanly buyer for the company, is happy.

—Enough subscribers have been obtained for the establishment of a telephone exchange in Oxford. Now for putting up the wires and let "hello central" begin.

—On Saturday evening last Miss Mollie Horner gave an oyster supper to the Granville Institute young ladies and the Horner cadets. It is said to have been a most pleasant affair.

—Congress will meet in about a month and Baldy Williams will be there to look after the interest of the farmers. We have great faith in him and feel sure he will do all in his power to relieve the people.

—Mr. Alf Hobgood attended the Alliance Rally at Buchanan, and was converted to the grand cause, and exclaimed "I am with them tooth and toe nail, as they must have relief." Let the good work go forward.

—A very interesting series of meetings are now going on at the Methodist Church nightly. Rev. R. P. Troy, of Littleton, has thus far this week preached sermons that carried conviction to the heart of many weary sinners.

—Mr. B. F. Hester, chairman court house building committee, informs us that nothing will be done to the front of the building, and the people will have to continue to climb the old narrow stairways to the court room.

—We have received the North Carolina Industrial Journal published at Winston, N. C. It is under the management of Mr. Geo. Hart, and is well gotten up. It is a credit to the State and we hope it will be liberally patronized.

—Presto change! The schedule on the O. & H. road has been changed to make close connection at Henderson with the Raleigh & Gaston road. Did the move for building the O. & C. L. road have anything to do with it? Of course it did.

—Oxford in the lead. Our buyers are anxious for tobacco and our warehousemen Messrs. Bullock & Mitchell, J. G. Hunt, Beasley, Stem & Co., W. I. Wilkinson and R. V. Minor & Co., are just the men to make all grades bring the cream of the market.

—A post office has been established at Spikesburg Iron Mines, 3 miles from Adoniram, by the name of Seth, with Mrs. M. D. Rhodes as postmistress and Mr. Maurice Daniel assistant. This office will be a great convenience to the farmers of this section.

—The Alliance Plug Factory is now severely taxed to supply the demands for the splendid brands of tobacco manufactured by this company. More money has been added to the capital stock, and we hope it will ere long become the biggest enterprise of the kind in the State.

—Several routes have been surveyed for the Oxford & Coast Line Railroad link to the Durham & Northern road, but we have not learned which one has been adopted. We feel sure that Col. Beasley will adopt the shortest and cheapest route, and locate the depot to the best interest of the town.

—We have no fears about the management of the finances of the Oxford & Coast Line Railroad as long they are in the hands of such men as Dr. H. C. Herndon and A. W. Graham, Esq. They will undoubtedly look well to the interest of Oxford, and will build the link at the very lowest possible cost.

—Everybody should be on the lookout for bargains, and hence we invite your attention to the announcement of B. G. Medford, in another column. Lookout and don't forget that he will have grand opening sales at his new store in the Odd Fellows Building on Kingsbury place, Thursday and Friday Nov. 12th and 13th.

—The Supreme Court has decided there is no error in case of Moore vs. Garner.

—Be sure and read sales of valuable property and land advertised elsewhere.

—The infant child of Mr. and Mrs. Joe Medford died on Wednesday morning. It was only two days old.

—We call the attention of our tobacco buyers and warehousemen to the advertisement of the Modern Barn Company. This Company is now manufacturing hogheads on a large scale and all orders will be filled on the shortest notice. Send in your orders.

—A treat in store. The Blumburg Concert Company will appear at the Opera House Tuesday night November 10. Some of the noted musicians of the country are with this troupe, and all lovers of good music will certainly miss a treat if they do not attend. They will be under the auspices of Oxford Lodge I. O. O. F.

—Mr. J. P. Stedman, the druggist, is now located in his new quarters on College street, which is neat and tastefully fixed up. He has on hand a fresh line of goods in great variety and would be glad to serve you at the lowest possible prices. Prescriptions carefully compounded. We ask you to read his advertisement elsewhere.

—Mr. F. B. Winbush bought a State failure warrant for \$2.05 issued May 1888 term of Granville Superior Court to Chas. Hicks col. It was properly issued and he asked the County Commissioners to order it paid which they declined to do, and Mr. Winbush wanted them for the amount. It was tried before Squire S. V. Ellis, and Mr. Peace who represented the great Board plead the statute of Limitation.

—The students of our excellent schools attended the Exposition Thursday, Oxford's day. The address of welcome was delivered by our honored mayor, A. A. Hicks, and responded to by our esteemed citizen, Dr. E. T. White. The R. & D. Road gave Oxford an extra train, and we thank Capt. J. A. White for his kindness in securing the train. He is a good officer and in every way worthy of the confidence of our excellent community.

Death of Mr. E. W. Booth.

On Sunday morning last this gentleman after several weeks sickness passed away surrounded by his immediate family and a number of friends. He was a brother of Dr. J. W. Booth and Mr. R. E. Booth, of Tally Ho, Dr. S. D. Booth, of Oxford, Mr. J. T. Booth, of Greens, and Mr. M. L. Booth, of Virginia. He was 65 years old and removed from Virginia to near Tally Ho directly after the war and commenced merchandising at a place called Shoo Fly, which he continued for over 25 years, and succeeded in accumulating quite a competency. A few years ago he took up his residence in Oxford, and settled just outside of the corporation on College street, and when he was not engaged in looking after his mercantile interest at Shoo Fly would devote his time on his farm near Oxford. He was an honorable, upright gentleman and was a good citizen, and will be greatly missed in our community. The remains were interred in the new cemetery on Sunday afternoon. Services being conducted by Rev. J. S. Hardaway. We extend to the family our condolence in this their sad hour of bereavement.

Railroad Commission.

Complaints have for some time been made regarding the failure of railway connections at Goldsboro. The railway commission issued the following order to the Wilmington and Weldon railroads and the Richmond and Danville railway:

You will take notice that whereas complaint made on oath has been filed before the commission, and from other sources of information, that you fail to make close connection at the town of Goldsboro, and whereas it further appears from said sworn complaint and other sources that said connection is practicable and necessary for the convenience of the traveling public; now therefore the board railway commissioners doth order that you and each of you make the desired connection between Raleigh and Wilmington within ten days from the date of this order or show cause before the board of railway commissioners why said order has not been executed.

Oxford & Coast Line Railroad.

At a meeting of the citizens of Oxford on Friday night last in regard to the building of the Coast Line Railroad Capt. A. W. Graham, one of the committee, made a plain statement as to what had been done by the President, and board of directors and the construction appointed by said board of directors. It clearly demonstrated that every safeguard had been thrown around the building of the link to Durham & Northern and no money would be paid out until every part of the contract was complied with. Mr. Graham's statement was well received and was heartily applauded several times, as he showed conclusively that he had nothing to conceal and was truly working for the best interest of the town.

We congratulate the board of directors upon securing the aid of Col. W. F. Beasley in carrying forward the plans and making arrangements for building and operating of the road. We frankly say he is the "right man in the right place," which he will be sure to prove when the road is completed.

SUNDAY-SCHOOL CONFERENCE AT BETHEL.

Able Discussions on Sunday-school Work--Dinner, &c.

Saturday, October 31st, was a busy day for Oxford circuit. The Sunday-school Conference met at Bethel at 10 o'clock. W. S. Hester, President, presided. The Conference was opened with prayer by Rev. Mr. Bumpass, of Oxford. After singing the discussions of the day were taken up. "What is the proper work of the Sunday-school?" Discussed by H. E. Overton, D. N. Hunt and S. H. Longmire. The next subject was, "If a Sunday-school goes into winter quarters who is to blame?" Discussed by W. O. Ebbitt and Charles F. Crews. The next was, "Has the catechism any place in the Sunday-schools of to-day?" Discussed by J. P. Hunt and Dr. W. S. Black. These brethren all delivered their speeches well. They spoke short and to the point. They showed a willingness to discharge as best they could the duties that had been put upon them. There were present the choirs from the different churches of the circuit, and between speeches one class at the time would make very fine music. Every now and then some little boy or girl from the different schools would recite a nice piece of poetry or something prepared for the occasion. Little Cora Smith, a sweet little girl of about four years from Salem school, deserves special mention for singing two pieces to the delight of the audience. The children from Bethel said their pieces well. Dinner was announced in due time and everybody was fed till they wanted no more.

After one hour the crowd re-assembled for service. Reports were made from the different schools by the Superintendents. The Rev. Mr. Bumpass made a splendid talk on Sunday-school work, after which was the election of officers. J. P. Hunt was elected President and Chas. F. Crews vice-President and Secretary. The next Sunday-school Conference will be held at Hermon. The singing was all splendid.

A solo by Miss Mattie Crews was complimented on every hand. The Bethel class under Prof. Patterson made very fine music indeed, but I think it was decided that the Gray Rock class made the finest. Everything passed off very nicely and we think there was much good done for the Sunday-school cause.

The Accident at Danville.

DANVILLE, Va., Nov. 2.—At 5:45 o'clock this morning the outgoing freight train on the Richmond and Danville Railroad collided with coal cars, which were being pushed by a shifting engine. The collision occurred on the iron bridge across the Dan river, and the shock was so great that one span of the bridge was knocked off the abutment carrying with it four cars, all of which fell forty feet into the river below. The water was shallow, however, and the engine was not entirely submerged. J. P. Wingate, engineer, had his right arm broken and was cut about the head; J. E. Royal, conductor, had his right arm and left leg broken; C. C. McKinney, fireman, was cut about the body and injured. Internally, Will Quisenberry, brakeman, had both legs broken.

ENON ALLIANCE PIC-NIC.

PEACE, MASSEY AND WILLIAMS MAKE SPLENDID SPEECHES.

Large Crowd Present--Unbounded Hospitality of the People of this Favored Section--Good Day's Work for the Cause of Reform.

Wednesday was a beautiful day and in company with Mr. Alf Hobgood, the truly live, hustling representative of the Old Reliable Meadows Warehouse, we attended the Alliance Pic-Nic at Enon. The weather was fair and balmy, and the kind, hospitable people of this highly favored section of our county turned out en masse to welcome the speakers on that day, who were joined by a large number from Oxford. There was a large number of the fair ladies present who have a great deal to do with making almost anything a success in this country with smiles of encouragement in the great battle for freedom in this country. We say God bless the noble, devoted women of county and country.

A. S. Peace, Esq., the County Lecturer, was master of ceremonies and opened the proceedings by submitting some sensible and patriotic remarks. Mr. Peace is always happy on such occasions, and we never knew him more felicitous than at this time. His speech was brimful of sound substantial reasons for financial reform in this country, and the farmers were determined to have it.

District Lecturer P. H. Massey was the next speaker and entertained the large audience most handsomely. He has a magnificent voice. He speaks distinctly and is one of the most attractive lecturers that has spoken in this county, and we congratulate the Farmers' Alliance upon their admirable selection of District Lecturer. He is small in stature but he certainly gets there, and is thoroughly posted on the great principles of the Alliance. He presents his facts in an effective way; impresses his hearers that he is in earnest in his statements. He produced strong arguments in favor of the farmers taking a hand in the affairs in this country. His anecdotes are appropriate, and especially the "coon story" about Wall street ghouls and the Alliance demands which completely captured the crowd.

After Mr. Massey concluded his address dinner was announced by Mr. John P. Cannady. The large number of ladies who graced the occasion superintended the dinner. The tables were abundantly laden with oysters, chicken, turkey, ham, lamb, beef, breads, potatoes, cakes and plenty of many varieties, pickles, in fact almost everything that goes to make up a first-class dinner. Mr. Peace said the table did not indicate hard times. We never attended a picnic where the refreshments were more elegantly prepared and cleverly served served. When we reached one corner of the table near a giant oak and after being supplied with a fine piece of oysters we stepped back near the tree and found ourselves in the midst of a delegation of the fat men's club who had taken a lean on the tree composed of Joe Parham, W. J. Badgett, Red Fox Crews, J. R. Currin, C. L. Moss, W. L. Mitchell and B. F. Hester. We met with a hearty welcome and we all certainly did justice to the tempting viands. If Uncle Monroe Thomasson had been there the crowd would have been complete. One of the masticators said from amount of good eatings he had destroyed he ought to be as large as Joe Currin.

Dinner over the next speaker was Hon. A. H. Williams, Congressman elect from this district. Capt. Williams never appeared to greater advantage. The audience was anxious to hear him on the national issues, and was squarely with the people in their demands for relief from the plutocratism of Wall street. He spoke with power and effect. We heard many compliments his speech and pronounce it one of the best they ever heard him make.

This ended a grand day for Alliance. As we go to press (Thursday afternoon) the good people are enjoying a like feast of food, and we are sorry we could not attend.
