PARIS BROS.

**Notice.**

North Carolina, In Superior Court  
Granville County  
William Smith, Plaintiff, vs.  
Emma Smith, Defendant.  
The above named defendant Emma Smith has taken notice that an action, as entitled above, has been commenced in the Superior Court of Granville County to obtain a divorce from the bonds of matrimony from said Emma Smith, the defendant, on the ground of adultery, and she is required to appear at January term of the Superior Court of said county, to be held on the 5th Monday before the 1st Monday in March, A. D. 1892, at the court house of said county, in the town of Oxford, North Carolina, and answer or demur to the complaint in said action, or the plaintiff will apply to the court for the relief demanded in this complaint. This 27th day of Oct., 1891.  
W. A. BOBBETT,  
Clerk Superior Court.

**Tobacco Tenants Wanted!**

The farmers in the new tobacco belt—in the counties surrounding Winston, N. C.—want tenants who are familiar with raising tobacco, and will make favorable terms with reliable parties. Tobacco is the growing crop of this section. Most favorable results have already been obtained. Those wishing to locate in this new tobacco section will do well to correspond with THE EASTERN CAROLINA REAL ESTATE AGENCY, N. C. Those writing will please state their circumstances and how they desire to be located.

TOWN AND COUNTY.

THE PASSING LOCAL EVENTS OF THE DAY.

**What is Transpiring Around and About Us, in Town and County—The Movements and Doings of People You Know, Etc.**

—The merry-go-round that plays the "mocking bird" so sweetly will be in operation here again Saturday.

—The State Supreme Court has decided that there is an error in the case against Tunstall vs. Cobb from Granville.

—Miss Hallie Brooks, of Roxboro, died Saturday. She was the only daughter of Dr. Z. I. Brooks, and was 18 years old.

—Be sure and secure your seat for the "Sea Queen" at the Opera House Tuesday night. It is the best play of the kind ever visited Oxford.

—The framing of the handsome residence of Mr. H. G. Cooper, on Horner heights, is now up and work will progress as rapidly as the weather will permit.

—United States Court meets in Raleigh on Monday. Messrs. A. Jones, of Oxford, C. L. Roberts, of Stem and J. L. Davis, of Grissom, are jurors from this county.

—Manager Renn will have a splendid attraction in "Sea Queen" at the Opera House on Tuesday night. There are 30 people in the troupe and is most favorably spoken of by the press of the country. Secure your seat before the rush.

—We are requested by counsel in the matter of the sale of the B. H. Cozart lands under the Herndon Mortgage to say that the sale will certainly take place as advertised, on Dec 7th on the premises. See advertisement in another column.

—The Chronicle says the attorneys of the Department of Agriculture have subpoenaed several parties, among them the editor of Durham Globe, to give testimony as to the Durham Fertilizer Company, the matter coming up at Oxford next week.

—Dr. L. D. Cooper, brother of our venerable and highly esteemed townsman Mr. J. C. Cooper, died in Malvern, Ark., on the 18th inst. In the 73 year of his age. The Arkansas State says: "His end was the closing of a life of usefulness, a life of self-sacrifice, of love and adoration of Him who rules all."

—Rapid progress has been made with rock crusher this week, under the supervision of commissioner Boss Gooch. The crusher has run steadily, and we see the signs of the large amount of work accomplished on our streets. With paved streets and more railroad facilities Oxford will indeed be a winner with iron rails extending in four directions.

—Tobacco rolled in from every direction on Tuesday and our 6 warehouses were filled to overflowing and only sold at 5 houses, leaving the Minor over until Wednesday morning. We have had fine breaks all the week and prices hold up well. Hurrah for our market and our farmers too, as they are standing by their home market which cannot be beat.

—Mr. R. I. Rogers, proprietor of the Durham and Oxford Marble Yard, will be in Oxford court week and will be pleased to meet all patrons who need monuments and tombstones. He has a large stock to select from on yard in Oxford. If you wish to commemorate the memory of a lost one be sure and see him as he will give you good work at moderate rates.

—They are now having a regular Snow storm in Georgia. The venerable Capt. Snow and his Modern Barn and tobacco sticks are taking the farmers by storm in different sections of the State, and has already received large orders for sticks and Barns. Mr. E. G. Deverish, the able secretary of the Modern Tobacco Barn Company is with "the old man" in his tour of Georgia at the request of the farmers.

—During the severe wind storm of Monday a small portion of the tin roof of the Alliance Warehouse was blown loose. It was soon repaired, and Graham Hunt is now extremely happy over the good prices obtained for all grades of tobacco sold on the floor. Big breaks and big money is the order of the day with the Oxford market. Come along everybody and pocket the silver wheels while they are rolling around loose.

English Spavin Liniment removes all Hard, Soft or Calloused Lumps and Blemishes from Horses. Save \$50 by use of one bottle. Warranted the most wonderful Blemish Cure ever known. Sold by I. G. Hall, Druggist, Oxford.

**Undertaking.**

With many thanks for the universal expression of sympathy and regret at the death of the late John M. Barnes, it has been arranged to continue the business under old firm named J. M. Barnes & Son. Mr. Geo. A. Barnes, the junior partner will be manager and will be assisted by a competent corps. A new and elegant Hearse will at once be added, while the one now used will be retained. A full and complete stock of metallic and wooden coffins of all sizes will be kept, and burials superintended anywhere in this section at reasonable prices.

Respectfully,  
J. M. BARNES & SON,  
Henderson, N. C.

**Children Enjoy**

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative and if the father or mother be costive or bilious the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

OUR TOBACCO MARKET.

Oxford Stands at the Head of the Progression on big Prices.

We are proud of our six large brick warehouses which are managed by as clever gentlemen as can be found in the State, and are using every means to make the farmers tobacco bring the cream of the market. They are backed up by a liberal set of buyers, who have the money ready to pay for every pound that may be rolled in town, as they hold orders for large quantities that must be filled. We are not in the habit of telling our farmers that prices have advanced when they have not, but we can tell them that they have advanced and it will pay them to bring their tobacco right along, and unload the buyers of their silver wheels. Last Friday was indeed a lively day and many a farmer went home delighted with the Oxford market. Our town has the reputation of being a hustler but she is a "regular hummer" now. All warehouses have had good breaks during the week and we never saw a happier lot of men than have been our warehousemen, buyers, auctioneers and sellers. The sales have been lively and spirited as the order men are clamorous for all grades and they make each other crawl up to the "top notch" on every pile. Farmers we are satisfied that no market can pay more for tobacco than Oxford so load up and come along and "the boys" will see that you get every cent possible for every grade. Do not be led off, by beautiful, smooth tongues, flowing with fancy figures, about what can be done on such, and such a market, but stand by and patronize your country town that can really boast of being the best all round tobacco market to be found anywhere. When you help to build up your own county market you are helping to increase your own prosperity and it behooves us all to unite and pull together. We have all gotten to much in the habit of wandering away and dropping dollars in the slot of others towns, to the great detriment of our own town.

**Death of Mr. S. C. Holmes.**

We mentioned in our last issue the serious illness of this highly esteemed young man, but in this we are called upon to announce his death which took place Thursday morning at 6 o'clock, surrounded by his brother Charles, his friend A. B. Cook and a number of others who have carefully watched over him during his illness. He was a son of Mr. W. S. Holmes, of Franklin county, and was 30 years of age. He fell a victim of Brights disease of the kidneys and suffered intensely for 4 weeks.

Mr. R. H. McGuire, with whom he lived, as well as all those who were acquainted with him, speak in the highest terms of his christian character and kindness of heart. He was a member of the Methodist church, and died in full communion with his Maker and is no doubt now resting sweetly in the bosom of his Redeemer.

The remains were taken to Franklin for interment.

Itch on human and horses and all animals cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Sold by J. G. Hall Druggist, Oxford, N. C.

**Let us Have Good Roads.**

The worst obstacle to the making of good country roads is the lack of practical knowledge as to how they can be made, nor any lack of the money they will cost. A great deal of money raised by taxation and spent every year for the improvement of country roads, the most of which is simply wasted. The roads are repaired at the worst season of the year with the worst material—clay out of the ditch at the roadside, and this farce is repeated year after year, with results that need not be mentioned. The money that would make one mile of good road is spread over ten miles to make the ten miles a highway of pulverized dust a part of the year and a continuous quagmire the rest of the time.

In Jefferson county, Ala., there is an interesting experiment in building macadamized roads. Thus far it has constructed 110 miles and has 37 miles under contract. In all 150 miles will be built. This is a wise and economical movement whatever may be the cost of the roads. The Manufacturers' Record truly says: "Every mile of good roads constructed would enhance the value of all adjacent farm property, increase the profits of farmers, attract the best class of settlers and help to increase the prosperity of the whole State."

We want to see our farmers take more interest in public roads and do away with the old methods as they have always proved a failure. Granville county is noted for her bad roads, and we want to see this thing reversed, if possible. It can be done if one or more townships in the county will buy a rock crusher and macadamize a few miles a year and in the course of a few years nearly every principal road in the county would be solid and last for generations to come with slight repairs.

**The Cadetship.**

The following list will show the relative standing of the different competitors from the Fifth Congressional District for appointment to cadetship of the United States Military Academy, at West Point, as indicated by numbers given to each contestant, the maximum of grade being 100.

No. 777,999, grade 65 31 43.
No. 4,711, grade 59 1 24.
No. 77,777, grade 55 1 8.
No. 29,222, grade 47 5 7.
No. 6,666, grade 41 13 24.
No. 999, grade 40 1 2.

Each number above indicates the name of an applicant. The Rev. J. M. Hornor and John W. Hays, Esq., after examining the papers containing the questions and answers as written down, made the result as given above.

No. 777,999 represents Sidney W. Minor, of Granville county, who is awarded the appointment.

No. 4,711 represents R. L. Tate, of Guilford county who stood next to Sidney W. Minor and is therefore chosen his alternate.

We congratulate our esteemed young friend upon his appointment and trust he will also pass at the examination he will have to go through at West Point. He is the oldest son of our sterling citizen Capt. R. V. Minor and received most of his training at the reliable Horner School, and trust he will be an honor not only to Granville and the 5th Congressional District, but to North Carolina, in years to come.

**Shiloh's Consumption Cure.**

This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough we earnestly ask you to try it. Price 10c, 50c and \$1. If your lungs are sore, chest, or back lame, use Shilohs Porus Plaster. Sold by J. P. Stedman.

TRAVELING AROUND.

Paragrophic Mention of People Who are Coming and Going.

—Mr. S. W. Parker, has finished up a neat stable on his lot.

—Mr. Foster Rogers, of Richmond, Va., spent Sunday in Oxford.

—Messrs. A. F. Smith and J. F. Cole dropped in to see us Tuesday.

—We are glad to see on our streets this week Rev. J. R. Moose, of Trinity College.

—Hon. A. H. A. Williams is having some improvements made to his residence.

—Mrs. G. A. Coggeshall, and little Miss Dorothy, are in Washington City on a visit.

—Mrs. H. G. Cooper and children have returned from a visit to friends in August, Ga.

—Mrs. W. L. Meadows has as her guests Mrs. D. DeWolf, and daughter, of Massachusetts.

—Capt. R. H. Powell, of the Oxford & Henderson Railroad, is seriously ill at Henderson.

—Mr. T. L. Blalock, of the Experiment Station at Raleigh, was in Oxford on Friday last.

—Revs. R. F. Bumpass and J. H. Hall, are attending the Methodist Conference now in session at Greensboro.

—Messrs. R. L. Jones, of Oak Hill, W. M. Mosely, of Dexter and G. W. Yeagan, of Grissom, paid us a visit on Wednesday.

—Mrs. S. B. Couch, Mrs. Allen Willis, Mrs. Mary Haskins and Miss Sallie Nolan, attended the Exposition Thursday.

—Mr. J. D. Allen is now connected with the Minor Warehouse where he would take great pleasure in serving his friends.

—Mr. S. W. Parker and Mrs. Herndon Hunt, were summoned on Wednesday morning to the bedside of their mother at Enfield who is seriously ill.

—Dr. J. M. Emmitt has been seriously ill for six or eight days. We trust he will pull through and regain his health and mingle with us again.

—Mr. Raymond Couch, of Roxboro, and Miss Annie Allen, of Charlotte, were married on last week, and spent several days in Oxford on a visit to the father of the groom.

—The partridges are being shot down at a lively rate. A large number of sportsmen are in the fields daily. Drs. T. C. Pugh and Smith, of Baltimore, have been here several days enjoying the sport.

—Married on Wednesday near Stovall, Mr. H. T. Rycroft, of Wilkins, and Miss L. G. Eakes. There was quite a large number of friends of the contracting parties witnessed the ceremony. We wish them every blessing that life can bestow.

—Col. W. F. Besley, President of Oxford & Coast Line Railroad, spent several days here this week looking after the different routes surveyed. He will probably adopt the route over which there is the least trouble of obtaining the right of way, as there is but little difference in the cost of either one of the routes.

**Modern People in Georgia.**

**Capt. W. H. Snow and D. G. Deverish Tour Through the State at the Solicitation of the Farmers.**

MACON GA., November 23rd.

The Modern Tobacco Barn people of Oxford have invaded Georgia and the topic of discussion all over the State now is the growing of tobacco.

Capt. Snow and Capt. Deverish, of the Modern Tobacco Barn Company are making a tour of the State by invitation of nearly two hundred planters, meeting crowds at various points and talking about the Modern Barn and the culture of tobacco.

The tour will last one month and fifteen or twenty points in the State, covering nearly every probable tobacco section, will be visited. The party have just been out one week to-day. I have been assigned by the Atlanta Journal to accompany them and look upon the scene and already my eyes have been opened. It is no longer a question about Georgia growing tobacco. The farmers are aroused and determined to go into the business and unless all the signs of the times fail, all Georgia will amaze the world in the next two or three years. It will be as much a tobacco State as is either North Carolina or Virginia.

I hardly ever saw people so enthusiastic or more united on anything than are the Georgia farmers on tobacco. They say: "We all use it—we buy more tobacco than any State in the union—we have built immense cities in North Carolina, Virginia and others States by sending our millions there, while we have the climate, the soil and can grow as fine tobacco as the world ever saw and now by the Heavens we propose to pull off our coats, roll up our sleeves and grow tobacco, establish our markets and build our factories!"

The farmers have studied the advantages afforded by the Modern Tobacco Barn and the Snow process of raising and curing tobacco and they say that with this method their success is assured and all hither to unsurmountable obstacles are easily overcome.

Everywhere Captains Snow and Deverish are warmly and enthusiastically greeted by scores of representative planters eager to learn more about the Snow process and the Modern Barn. Tobacco Associations for mutual benefit are being organized among the farmers in many sections and in one town a half dozen business men pledged themselves to establish warehouses and build factories just as soon as the farmers get under good headway growing the weed. At other places business men propose to build Modern Barns in tobacco sections and furnished experienced crews so that farmers of small means can pitch in and grow tobacco without any outlay whatever.

The movement is not lead by shallow brain enthusiasts, but everywhere the leading planters and business people generally are interested and heading the procession. Officials of the Georgia Southern and Florida railroad have just held a conference with Captains Snow and Deverish and say they will plant several acres of tobacco on their extensive farm near Tifton next year and build Modern Barns there. They are very much interested, believed the movement to be of much importance to the farmers of Georgia.

Captains Snow and Deverish are highly gratified at their royal reception, and will return to North Carolina, when the trip is finished in high feather.

C. F. KING.

**Death of a Prominent Farmer.**

Mr. W. T. Stem, aged about 65 years died at his home at Stem on Monday morning last after a lingering illness of several weeks. He ranked as one of the best farmers in Tally Ho township and by hard work and economical management had accumulated quite a handsome property. He was the father of Mr. W. J. Stem, of the warehouse firm of Besley, Stem & Co., of Oxford, Mr. H. A. Stem and Mrs. Frank Bullock and Mrs. J. G. Bullock, of Stem. For a number of years Mr. Stem was a leading member of Moore's Methodist Church.

When the Oxford & Clarksville Railroad was built and the village of Stem came into existence which bears his name, he at once went to work with the aid of others succeeded in establishing a prosperous church at that place. He was honorable and upright in all his dealings, and in his death Tally Ho township loses a good citizen. To his wife, children, and relatives we extend our sympathies in the hour of gloom and sorrow.

**Badly Injured.**

Mr. Robert Fleming, one of the good men of Dutchville township and a merchant at Creedmoor, happened to a serious accident on Tuesday. He is having a house erected, and was assisting in framing it, and while putting up the rafters he slipped and fell below across one of the sleepers, breaking one of his arms in two places and several of his ribs. At last accounts he was in a critical condition. It is thought he is injured internally. We truly hope his condition is not as bad as reported.

**For Sale.**

Two good, full feather beds, with bolsters and pillows. Also an excellent piano in good tune and order. Price \$100. Apply to  
Mrs. L. E. AMIS,  
Stovall, N. C.

NORTH CAROLINA.

WHAT HAS TAKEN PLACE WITHIN HER BORDERS.

**A General Epitome of Recent Occurrences Around and About Us, From the Mountains to the Sea, as Called for our State Papers.**

By the compromise of the matter of the two wills of the late Mrs. Mary Smith the University gets \$88,000. That is about the figure. Most of the property is very valuable real estate in Raleigh. It is a big thing for the University.

The Richmond Dispatch says that the South should put Mrs. Jefferson Davis on the same footing that the United States government places the widows of its presidents. It suggests that the Southern States vote a pension to Mrs. Davis.

J. Tom Rhodes, of Guilford county has in his possession a silver dollar of 1860, which he assures us he has had since April, 1865. He says it was given him in Greensboro and that he accepted it in full for thirteen months' service in the Confederate army.—Recorder.

**Answer this Question.**

Why do so many people we see around us seem to prefer to suffer and be made miserable by indigestion, Constipation, Dizziness, Loss of Appetite, Coming up of the Food, Yellow Skin, when for 76c. we will sell them Shiloh's Vitalizer, guaranteed to cure them. Sold by J. P. Stedman.

The trustees of the Baptist Female State University have positively decided that Raleigh is the proper location for it, and have placed the matter of the final selection and purchase of a site in the hands of a committee, of which N. B. Broughton, of Raleigh, is chairman.

**SHILOH'S CATARRH REMEDY.** A marvelous cure for Catarrh, Diphtheria, Canker Mouth and Headache. With each bottle there is an ingenious nasal injector for the more successful treatment of these complaints without extra charge. Price 50c. Sold by J. P. Stedman.

Mr. E. W. Pou, a prominent citizen and lawyer of Smithfield, Johnson county, fell from a platform of his barn and died from the injuries received. He was the father of the Messrs. Jas. H. Pou, late Senator from that county and E. W. Pou, Solicitor of the Fourth district.

Many people suffer for years from troublesome and repulsive sores, boils and eruptions, without ever testing the marvelous curative properties of Ayer's Sarsaparilla. The experiment is, certainly, worth trying. Be sure you get Ayer's Sarsaparilla and no other.

**OXFORD & COAST LINE P. R.**

**Awat Developments Before You Condemn Its Management.**

Do not the people think it would be advisable before signing petition and other papers to await the developments and see what it will cost to build the first section of 3 1/2 miles of the Oxford and Coast Line Railroad? We understand the Construction Committee are now corresponding with parties with a view of getting the work done at the lowest minimum cost.

We do not care who builds the roads so they account honestly to the people of Oxford for the money expended. We are heartily in favor of the road and trust it will be built as early as possible, believing it will be the means of increasing the trade of Oxford in every respect. And if we have to judge from our experience last winter it certainly will. We heard some of our experienced business men say that Oxford lost the past winter between \$50,000 and \$75,000 by not having connection with the Durham & Northern Road so that the farmers of a portion of Southern Granville could reach Oxford by rail instead of being forced to go to Henderson or Durham. We are for the interest of Oxford and not any particular set of men, and say give us connection with another railroad system and we will not be at the mercy of one corporation who forced the citizens of Oxford to ride three miles through the country in order to make connection with the Seaboard system when the town has \$100,000 invested in said corporation.

The effort to throw difficulties in the way of the Construction Committee looks like trying to make cheap capital out of nothing. No one who is unprejudiced thinks for a moment that Dr. Herndon and Mr. Graham will permit \$40,000 to be expended on the line from Oxford to the Durham & Northern Railroad. The chief objectors must know this to be true and it looks as if though they were simply getting ready when this enterprise is honestly carried out to get up and proclaim "We did it." "We kept them from spending the whole of the \$40,000." "We are the watch dogs of the Treasury." We feel confident nothing will be gained by trying to prevent what is not going to be done.

"Aren't you ever going to grow old, like the rest of us?" asked a man of an acquaintance he hadn't seen for some time. "Well, not so long as I can purify my blood with Ayer's Sarsaparilla," was the apt reply. This man knew what he was talking about.

An army of worms, gnawing, gnawing, night and day, eating the vital away, is frequently the cause of convulsions and fits. Shriner's Indian Vermifuge is the remedy. For sale by J. G. Hall.

MISCELLANEOUS.

ROYAL BAKING POWDER Absolutely Pure.

A cream of tartar baking powder. Highest of all in leavening strength.—Latest U. S. Government Food Report.

Will You Please Visit My
