LOCAL HAPPENINGS.

THE PASSING LOCAL EVENTS OF THE DAY.

What is Transpiring Around and About Us, in Town and County--The Movements and Doings of People You Know, Etc.

—There was not a single death in Oxford during the month of January.

—The ladies of Henderson sent \$40 to the Soldiers Home at Raleigh last week.

—The youngest child of Mr. and Mrs. R. J. Coen died at Stovall on the 7th.

—In future the Modern Tobacco Barn will have a down town office in Herndon Block No. 4.

—Shall Oxford have a good hotel building? Our capitalist will have to answer this question.

—Several gentlemen of means have been prospecting among Granville Iron Mines during the week.

—Owing to the sickness of Rev. R. F. Bumpass, there was no service at the Methodist Church on Sunday last.

—We urged upon the people of Oxford the great importance of having a first-class hotel building, and let them unite upon some plan for the construction of the same.

—We learn that Enoch Arden, which was so happily rendered at the Opera House, last week will be repeated Monday night for the benefit of the Odd Fellows Lodge.

—Prof. Holmes, State Geologist, had some of his assistants at Spikesburg Iron Mines during the past week. They were greatly surprised at the immense quality of ore.

—Quite a number of the members of Oxford Lodge No. 103, I. O. O. F., attended the regular meeting of Henry Grady Lodge at Dabney on Saturday evening last and met with a warm welcome.

—We have fine bank buildings, Opera House, Odd Fellows Temple, six splendid brick warehouses, stores, commodious leaf houses, plaining mills, residences &c. Now let us have a first-class hotel.

—Has captured another office. Mr. T. D. Waller, of the Board of County Commissioners, has been elected by the Board of Town Commissioners Sanitary Inspector of Oxford. This is an important work.

—The Sunday afternoon services of the Y. M. C. A. are really enjoyable and admirably conducted, we urged all our young men, and the old ones to attend as it will do them good. The singing is most excellent.

—We have on our table the College Messenger, published in the interest of Greensboro Female College. It is handsomely gotten up and contains a splendid portrait of noble Dr. B. F. Dixon, with a brief sketch of the career of this able divine.

—We acknowledge the receipt of a unique invitation in the shape of a heart, with gilt arrow on the front piece and 1892 across it, to attend the Leap Year Valentine Party to be given by the young ladies at Armory Hall to-night, the 12th inst.

—The North State has seen a private letter from Dr. Eugene Grissom in which he says he has formed an alliance with one of the most prominent and successful physicians in Denver. He is in excellent health and the reports published concerning him recently were libellous. They evidently originated in the malice of certain persons and had no foundation in fact, says the North State.

—The new \$1000 pipe organ of the Presbyterian Church has arrived and has been put in the new church. It is a beauty and we congratulate the noble band of ladies upon their success in securing friends enough to purchase such a handsome instrument.

—Manager Renn says he will have at the Opera House March 1st. a minstrel troupe. It will no doubt have a large house as everybody likes to enjoy a good laugh, as these gentlemen of the cork are usually dispellers of the "blues" for the time being.

—Granville Superior Court adjourned on Thursday. The docket was full and a large number of cases were disposed of. As a result of the criminal docket 4 colored men were added to the work house. The respective officers of the court were very prompt in the discharge of their duties. Our people were favorable impressed with his Honor Judge Whitaker.

—The Stereopticon views of the North-west and Alaska, presented at the Opera House on Monday and Tuesday evening by Mr. Will Manning, were especially good and highly appreciated, showing as they did some of the grandest scenery in the world. Mr. Manning is an old newspaper man, but has been a resident of the North-west and Alaska for 8 years, and explained the different points of interest as they appeared on the canvass.

—A large and appreciative congregation greeted Rev. Joseph Renie in the Lecture Room of the beautiful Presbyterian Church on Sunday morning last. His sermon was pure and elegant, and founded upon faith the great bulwark of christianity. The church room proper is now receiving the finishing touch and will be commodious and handsome, and this able young divine and his zealous flock will ere many Sundays worship within the magnificent temple.

The New Hotel.

The plan for the new hotel has been received and shown us by that energetic, wide-awake and progressive citizen J. C. Hundley, Esq. It is substantial as well as imposing looking, and calls for 50 sleeping apartments, besides a spacious dining room, parlors, sitting rooms and offices. The structure will be on a corner and front on College street as well as Penn avenue. The entrance to the main office will be directly on the corner and the ladies entrance on College street, and an entrance on Penn Avenue for gentlemen. The building will be 3-stories high with a beautiful pressed brick front. The ladies parlors will be on the second floor. "Hotel Hundley" will be a model of convenience, and when built will be one of the best things that the capitalists of Oxford have ever done to help build up the town, as Oxford, according to statistics, is the healthiest place in the United States, and the climate is unsurpassed. A first-class hotel will attract a large number of people to spend the winter as well as the summer here and be the means of drawing large capital to Oxford. We urge upon our citizens the great importance of this enterprise and it behooves them to unite as one man and assist the public-spirited J. C. Hundley in building the hotel. Let Oxford go forward.

PERSONAL SAYINGS.

OF PEOPLE IN AND OUT OF THE TOWN.

Brief Mention of the Movements of Your Friends and Acquaintances who Visited You and Whom You are Visiting.

—Dr. Coggeshall, spent the week in Washington City.

—Capt. Geo. B. Daniel, of Satterwhite, visited Richmond this week.

—Mrs. J. C. Horner and children are visiting relatives in Wilmington.

—Mr. Oscar W. Hicks, of Athens, Ga., paid a visit to his mother this week.

—Mr. W. T. V. Overton, of Fishing Creek called to see us on Wednesday.

—Miss Nannie Bell Edwards, of Henderson, is the guest of Mr. and Mrs. C. A. Lewis.

—Mrs. Baldy Williams accompanied by two of her children, is on a visit to Richmond.

—Messrs. R. D. Cannady, Willie Adeock and R. S. Critcher, visited our sanctum on Saturday.

—Mrs. Graham Hunt who has been quite sick with a severe cold, we are glad to learn is nearly well.

—Misses Hattie Parham and Hettie Minor, two charming school teachers, were on our streets Saturday.

—We are glad to learn that Mrs. T. B. Jeffreys who has been real sick the past week, is much improved.

—Mr. C. J. Cooper, of the Banking House of J. C. Cooper & Sons, is now the owner of a fine Tennessee horse.

—Mr. F. B. Blalock has returned from Oak Ride Institute and is now clerking for Mr. S. H. Jones near Meadows X Roads.

—Capt. John A. Williams, crossed over the line into Virginia on Tuesday and no doubt had an eye to some real estate transaction.

—Mr. A. J. Cutts, formerly of Granville, but now an engineer on the Ohio Valley Railroad, is on a visit to his old home near Stovall.

—We learn that Dr. J. B. Williams will return from New York to-night, where he went to further equip himself for the skilful practice of medicine.

—Capt. B. S. Royster of the Granville Grays has been appointed one of the committee of six to revise the rules and regulations for the government of the State Guard. This is quite a compliment to our gallant young officer as he is the only Captain on the committee, all the others being higher grade officers, added to the fact he never attended a military school.

RADAM'S MICROBE KILLER

RADAM'S MICROBE KILLER

CURES ALL DISEASES.

Because all diseases are the result of fermentation and decay, caused by living microbes in the human system, and whatever remedy will purify the blood by removing the cause of disease and build up the health and strength of the patient, is the one to use.

RADAM'S MICROBE KILLER

is nature's remedy, and is the greatest boon ever

given to mankind, hence the spurious imitations which follow in the path of its wonderful cures of Consumption, Catarrh, Debility, Indigestion, Rheumatism, Bowel, Bladder, Skin and all other diseases which are quickly and permanently cured by this never failing compound which has done more for suffering humanity than all the prescriptions of poisonous drugs, nostrums, so-called proprietary medicines, &c., all put together, because it removes the cause of disease and insures health. Thousands of voluntary certificates of almost miraculous cures attest these facts, and demonstrate to the world that Wm. Radam, the Great Pioneer in his Wonderful Discovery, has gone far ahead of all other explorers in scientific fields, and has demonstrated beyond a doubt that no disease can exist without a disordered system, and his superb remedy stands at the front because it is

THE ORIGINAL AND OLD RELIABLE

Microbe Killer—a palatable remedy which cures diseases by arresting decay and placing the system in a natural and healthy condition.

Investigate the merits of this wonderful health giving discovery which has stood the test and cured thousands of all manner of disease; and be ware of all other so-called germ or microbe destroyers, which are often thus advertised to sell their otherwise worthless mixtures, and which are but imitations of this great wonder working remedy.

For full particulars and certificates of wonderful cures, address
