FOR CONGRESS—FIFTH DISTRICT,
 A. H. A. WILLIAMS,
 of Granville.

RATHER VOTE FOR THE DEVIL.

Some of the Third partyites exclaim that they would sooner vote for the devil than for Cleveland or Harrison. Either Cleveland or Harrison will certainly be elected to the presidency, and if the latter gets a second term and starts his Force bill to work, the South will be something of a Hades and our people will think his Satanic majesty has a hold on them sure enough.

PROMOTION.

His many friends in this State—and he is deservedly popular with the people—will be glad to learn that Col. A. B. Andrews has been promoted by the Richmond & Danville Railroad receivers to the responsible position of their general agent, with general supervision of all the properties of the system. Major W. A. Turk, who is another officer of the R. & D. highly-esteemed by the citizens of the Old North State, has also been promoted, and is now general passenger agent.

WHAT IT MEANS.

The Republican party make no secret of its purpose to pass the Force bill. While it is aimed primarily at the South and would do the greatest mischief down here, it would deprive the North and the West of their rights to free elections as well. It is a blow at the republic.

How it would operate in the South the New York World says "every man who has even the smallest knowledge of the conditions knows. It would threaten prosperous States with a rule of corruption and license like that of the carpet-bag era. It would set the two races, now friendly, into deadly hate again. It would threaten every specie of property with the destruction of its value. It would undermine industry with distrust and bring chaos into business. It would check and perhaps destroy that prosperity which men mean when they talk of the New South."

DO YOU WANT IT?

With the Force bill a law and bayonets at the polls, the Southern States will be turned over to negro dominion; our State and county treasuries will be sacked; taxes will be largely increased; our property will greatly depreciate in value; capital will shun us and our industrial development stop; there will be constant and bloody conflicts between the races. The Republicans will without the shadow of a doubt pass the Force bill if they get the presidency and control of both houses of Congress at the next election. Our white people are confronted with a great danger. Their only hope is in voting the Democratic ticket.

SILVER BILL PASSED THE SENATE.

The Stewart Free Silver bill passed the Senate Friday by the following vote: Yeas—Allen, Bate, Berry, Blackburn, Blodgett, Butler, Cameron, Cockrell, Dubois, Faulkner, George, Harris, Hill, Jones of Nevada, Kenna, Kyle, Mills, Mitchell, Morgan, Peffer, Ransom, Saunders, Shoup, Squire, Stewart, Teller, Turpie, Vest and Wolcott; 29. Nays—Allison, Brice, Carey, Carlisle, Cullom, Davis, Dawes, Dixon, Dolph, Felton, Gallinger, Gorman, Gray, Hale, Hawley, McPherson, Manderson, Palmer, Perkins, Proctor, Sawyer, Stockbridge, Warren, Washburn and White; 25. Senator Vance was not present. He is in bad health and is spending a few weeks at Wrightsville Beach. The bill now goes to the House of Representatives.

THE SILVER BILL.

The following is the text of the silver bill as it passed Senate. "That the owner of silver bullion may deposit the same at any mint of the United States to be coined for his benefit, and it shall be the duty of the proper officers, upon the terms and conditions which are provided by law for the deposit and coinage of gold, to coin such bullion into the standard dollars authorized by the act of Feb. 28, 1878, entitled 'An act to authorize the coinage of the standard silver dollars and to restore its legal tender character,' and such coins shall be a legal tender for all debts and dues, public and private. The act of July 14, 1890, entitled 'An act directing the purchase of silver bullion and the issue of Treasury notes thereon, and for other purposes,' is hereby repealed: 'Provided, that the Secretary of the Treasury shall proceed to have coined all the silver bullion in the Treasury purchased with silver certificates.'

Repudiation of the Third party by prominent farmers of North Carolina goes bravely on. The thinking men know that this is no time for division in the ranks of the Southern whites. A vote for the Third party is a vote to continue high tariff, to multiply trusts, to help the passage of the Force bill and to keep the Republican party in power for an indefinite period. We must stand together or together fall.

It was reported and printed in most of the newspapers of North Carolina that Senator Mat Ransom said at Chicago, when the struggle for the nomination was in progress, that Cleveland could not carry this State. The Senator says that what he really did say was "Cleveland can carry North Carolina, but we must have a man who can carry New York."

It is the custom for the newspapers, as well as the postoffice and banks, to take a day off on the glorious Fourth of July. This explains the non-appearance of THE DAY yesterday.

Senator Hill voted for the Free Silver bill.

The 42nd annual session opens August 31, 1892.

It has been decided to confer two degrees—the usual B. A. and G. E. or Graduate in English.

Physical culture receives careful attention. The teacher is now visiting Northern schools of this class to learn the most approved methods.

A thorough course in Type-writing and Stenography is provided.

The Faculty is an exceptionally strong one, representing some of the famous schools of this country and one of the Old World. The Literary Faculty consists of Rev. C. A. Jenkins, Univ. of Va.; Miss Lizzie Lowndes, Sauveur School of Languages; Mrs. M. Parham, for twenty years the senior principal of the foremost school of Henderson; Miss Mattie W. Rountree, and Miss Bettie Jordan in Elocution.

Miss Sue Hall, Cooper Union Art School, will give her undivided attention to the classes in this school.

Miss Jennie Marvin, of the Music Department, after a very thorough course in music in Albany, N. Y., spent two years in the Royal Conservatory of Berlin, Germany, was eminently satisfactory.

The teacher of vocal culture comes from Virginia. After graduating in her native State she taught for several years, and last year she spent in one of the best schools of vocal music in Philadelphia. She is a very popular teacher.

Thus the Seminary is thoroughly prepared for effective work.

Charges per annual session of 40 weeks: Board, full literary course, free hand drawing and physical culture, \$170.
