The Cure For

Scrofula was once supposed to be the touch of royalty. To-day, many grateful people know that the "sovereign remedy" is Ayer's Sarsaparilla.

SCROFULA

When hereditary, this disease manifests itself in childhood by glandular swellings, running sores, swollen joints, and general feebleness of body.

Ayer's

Sarsaparilla, and the swelling disappeared." W. F. Kennedy, McFarland's, Va. "I was cured of scrofula by the use of Ayer's Sarsaparilla."

Sarsaparilla

and was cured."—H. Hinkins, Riverton, Neb. PREPARED BY Dr. J. C. AYER & CO., Lowell, Mass.

LOCAL HAPPENINGS.

THE PASSING LOCAL EVENTS OF THE DAY.

What is Transpiring Around and About Us, in Town and County--The Movements and Doings of People You Know, Etc.

Brick-laying on the new Baptist church was begun Monday.

The Johnson warehouse is getting lots of tobacco from South Carolina.

Read Executors notice in another column by Messrs. D. G. and R. T. Crews.

Daniel is not in the lion's den, but the Lyon wants to get into Daniel's den.

Jones, one of the convicts who escaped Monday from the workhouse was captured Wednesday.

Numbers of Oxonians are at the Flat River Baptist Association at Island Creek church.

R. H. McGuire says that he has 40,000 hills of the best tobacco in Granville county. He began curing Monday.

Grant once said: "Let us have Peace." But the voters of Granville say they don't want Peace--they want Cooper.

It is reported that the traveling expenses of a Third partyite from Virginia, who recently made speeches in Granville county, was paid by two Republicans.

L. E. Wright & Co. have removed their stock of general merchandise from the Williams building to the store room in Cozart block formerly occupied by Q. E. Rawls.

It is Cozart who is in a boat and bound for Salt river, while our candidate is Crews-ing in peaceful waters under smiling skies, his course clear and smooth to the haven.

Capt. A. S. Peace's name was up before the Third party State convention for lieutenant governor. Cobb the successful man, got 328 votes, Peace was second best with 83 votes.

The roster of the ex-Confederate soldiers in camp at Wrightsville this week includes the names of three of our countymen, viz: J. B. V. Tunstall, G 23d; W. C. Peed, D 30th; H. Eakes, K 55th.

What else would you call the Third party than a "Republican Aid Society," when Republicans pay the expenses of Third party speakers to come into the county and talk against Democracy?

A prescription for voters: Take pure Democracy, and throw the vile mixture of Third partyism and Republicanism out of the window, as it is not only nauseating but fatal to good government.

The Republicans of this township met in the courthouse Saturday night and organized a campaign club. Only one white man took part in the meeting.

How the mighty (or mitety?) have fallen! The same men who ran for county offices on the Democratic ticket some years ago and were defeated by the colored voters, are now virtually down on their knees pleading for the votes of these same colored men.

Situation wanted as teacher by a young lady. See advertisement.

Two mad dogs were killed at Minor's Mill on Friday we learn from Mr. A. Barnett who dropped in to see us Saturday.

One of the old timers of Tally Ho township, Mr. L. Y. Jones, who has reached his 73rd year, never owned a watch or pistol.

We call attention to the advertisement announcing the day of the opening of the school of that accomplished teacher, Mrs. J. A. Stradley at Stovall.

The Democratic road is the only straight road. Don't stray from it into dark and dangerous by-paths. "Keep in the middle of the road!" "Equal rights to all and special privileges to none."

From all the information we can gather and from our own observation in travelling through some portion of Granville, there will not be more than a half of tobacco and corn made on account of the drought.

Rev. Dr. A. G. McManaway, of Charlotte, editor of the North Carolina Baptist, preached two very fine sermons at the Baptist Church Sunday morning and night. All who heard him are lavish in their praise.

A magnificent gymnasium is being put up in the Horner School by the Marragansett Machine Company of Providence, R. I. Mr. Willoughby Reade has been employed as instructor in gymnastics and elocution.

Mr. E. C. Harris, of Fishing Creek, is not so much on raising Irish potatoes, but he is a hummer on big squash. He pulled one a few days ago that measured 40 inches round, 20 inches long, and weighed half dried 32 1/2 pounds.

A. J. Yaney, of Oak Hill, and A. F. Smith, of Tally Ho, request us to deny the charge that they have turned over to the enemy, the People's party. They say that they are true Alliancemen, but in favor of Democracy and white supremacy.

The colored men positively will not vote for Third party candidates. The white radicals are making the Thirdites believe so, but they are acting the parts of wily deceivers. The Republicans will have a county ticket in the field and the colored voters will as usual support it.

It turns out that Republicans pulled the wires at the Third Party State Convention and captured all the nomination for State officers except one. This is reform with a vengeance! No need now for the Republicans to nominate a State ticket! They have one already!

Mr. Cog Hampton, a prosperous farmer near Hampton, who was thrown from his cart some days ago and narrowly escape serious injury is out again but still nursing some severe bruises. W. E. Nevils, of Grissons who fared the same fate, is getting around on crutches, on account of a severe sprain given his right leg. The severe gash over one of his eyes is healing up. Friend Nevils says he is somewhat disfigured but "still in the ring."

Bonds Signed and Delivered.

The \$20,000 worth of bonds, subscribed by the corporation of Oxford to assist in building the Oxford & Coast Line Railroad, have been signed by Mayor A. A. Hicks and Clerk G. P. Fleming and delivered to the railroad company.

So that part of the business is settled.

Work on the road will be resumed in a few days and pushed to an early completion. There is about one mile of roadbed yet to be graded, all of it in town and includes a Y. Contractor Pruden has removed his camp from the Cooper farm to the lot next to the Oxford Flouring Mills, and is ready to begin moving dirt at the word from the authorities.

A Denial.

The PUBLIC LEDGER states in August 12th issue that I regret lending my influence to the People's party, and says it is stated on good authority, the authority may be the best the Democratic party has but the statement has not one word of truth in it, nor either is there any truth in the statement that I said the convention held in Oxford was a regular Prohibition affair. I am a People's party man and am willing to accord to everybody the right to form their own political opinion with courtesy.

W. T. ADAMS.
