

SIX POINTS, out of many, where Doctor Pierce's Pellets are better than other pills:

1. They're the smallest, and easiest to take—little, sugar-coated granules that every child takes readily.
2. They're perfectly easy in their action—no griping, no disturbance.
3. Their effects last. There's no reaction afterwards. They regulate or cleanse the system, according to size of dose.
4. They're the cheapest, for they're guaranteed to give satisfaction, or your money is returned. You pay only for the good you get.
5. Put up in glass—are always fresh.
6. They cure Constipation, Indigestion, Bilious Attacks, Sick or Bilious Headaches, and all derangements of the liver, stomach and bowels.

ROBT. T. CREWS, Executor of Samuel Day. July 21-6t.

### WASHINGTON LETTER.

The Home Paper—Injustice to Hon. Baidy Williams, Etc.

August 19th, 1893.

EDITOR PUBLIC LEDGER:—Save and except a letter from loved ones, nothing affords a sojourner in a strange city more pleasure than a copy of his home paper. In it we see all the news from our homes; in it we meet again the friends we would fain shake hands with; in it we gather up the items from all over the county in a condensed form and a correct account; in it we rejoice with the successful, and sympathize with the afflicted; and in it we see the neglect of its hard-working editor, and the non appreciative public. If anything deserves success it is a local newspaper. He who conducts it is in a position of great trust and responsibility, and giving up all else, throws his heart and soul in the hardest of the fray and fights alone for the principle he professes. Every one should support it, and aid it by money and good wishes.

Last week there was a communication in the PUBLIC LEDGER signed "Brassfield" which did a great injustice to at least one party. I refer to Hon. A. H. A. Williams. He ignores the fact that Mr. Williams has secured as much patronage as any Congressman from his State. He ignores the fact that all the summer Mr. Williams has been at his post vigilant and active, and has taken advantage of every opening and placed a good Democrat wherever he could. He ignores the fact that what he has accomplished has been by sheer force of perseverance, and that under the disadvantage of a contested election, in which all the intimidation, fraud and abuse that an enemy could invent, was thrown in his pathway. He ignores the fact that other sections, all over this broad land, are clamoring for change of officers, and in but few instances have they been changed more than in the Fifth district. Some Congressmen have not had a single appointment as yet save laborers or messengers around the departments, and only few of them. I will say here, and nothing can be more true, that Williams is doing all he can and as much as any one for his constituents. It is a source of remark that his energy is untiring, his efforts unceasing, and his labors are rewarded above the common lot. Courteous and obliging to all, he has won his way in the esteem of his friends here, and few are so popular as he. And let me say right here he will be sure to be the Representative from the Fifth District of North Carolina in the 53rd Congress.

Well, money is tight and cannot be had on the very best security of any kind. A few days since a friend could not get the currency on a certified check on a New York bank which was perfectly solvent. Confidence is entirely gone, money is not in it. Yet a large section of our nation is in much worse fix than old North Carolina. Mines have shut down, factories closed, crops failed, and more than 500,000 men are out of employment in the West and coming East. In addition as many more are out of employment in New York and New England, and don't know what to do to obtain the necessities of life. We are bad off, but could be much worse. He who has hog and hominy is well indeed, and though he may be deprived of many things he is accustomed to he can keep the wolf a long distance from the door. It is the general impression that times will brighten in the early winter, and leave the country in a more healthy condition. The history of our country is that about every 20 years we strike bed rock of misfortune and times ease up. So it was in 1873. If I am not mistaken Black Friday, so designated by the misfortunes and ruin which happened on that day, occurred in 1873. B.

### A Sprained Back and its Cure.

New Orleans, March 30th, 1893.—"I take great pleasure in recommending your valuable remedy to all sufferers of neuralgia or sprained back, as I consider that Pond's Extract has no equal, for it is worth its weight in gold when properly used. I have used it in my family these last fifteen years with so much satisfaction that I am never without it at home". Albert Weber, 280 Carondelet St. jly14-4t.

### BEREA BREVITIES.

MEETING OF FLAT RIVER ASSOCIATION —PERSONAL, ETC.

Miss Fannie Fuller is visiting relatives near Bethel Hill.

Miss Mollie Wood, of Oxford, is visiting her grandfather Mr. J. M. Wood at Berea.

We are glad to say that Squire Wm. Daniel, who has been quite sick for several days, is improving.

Mr. Gas Parham had the misfortune to get his horse badly snagged while attending the association at this place.

Quite a number of our people attended the Primitive Baptist association near Roxboro last Saturday and Sunday.

The centennial session of the Flat River association met at Mt. Zion Aug. 15, 1893. The introductory sermon was preached by Rev. R. I. Devin. The association transacted its usual business. The following gentlemen were present and represented their respective institutions: Dr. C. Durham, corresponding secretary state board; W. R. Gwartyne, secretary State board of education; W. D. Herring and R. T. Bryan, missionaries to China; J. H. Mills, superintendent of orphanage; Prof. Royal, Wake Forest; J. C. Caddell, corresponding editor Biblical Recorder; R. VanDeventer, Henderson; J. F. Love, of Suffolk; Rev. J. G. Blacklock, Hickory. Rev. R. I. Devin gave a history of the Flat River association. J. H. Mills made a very warm appeal in behalf of the orphanage and Dr. Durham and others made very zealous appeals for their respective causes. There was the largest crowd on Wednesday that your correspondent ever saw at Berea. It was estimated at anywhere between two and three thousand. The crowd was orderly and the young people had all the time for love making they could ask for as there was no arbor and the house would not hold more than one-third of the crowd. The next session of this association will be held at Mountain Creek church. After the Association adjourned they had a sermon by Rev. W. D. Herring, missionary to China. The church being destitute of a pastor, caused by the resignation of Rev. C. A. Jenkins, proceeded to call a preacher. After one or two short speeches and as many nominations Rev. J. H. Lambert, of Greenville, N. C., was chosen on the first ballot and made unanimous, after which they adjourned and all parties sought their respective homes.

The Richmond Dispatch says: Senator Vance, of North Carolina, said not long ago that the existing panic was "a rich man's panic." He would have come nearer to the mark if he had said that it was a depositor's panic. All monetary panics are occasioned by a want of confidence on the part of the depositors in the safety and security of the banks in which their money is deposited. Their alarm induces them to withdraw their money from the banks and hide it away, where they can at all times lay their hands upon it. The channels of commerce are thus deprived of the currency which is their life blood.

### Attention Farmers.

I take this means of saying to my customers and the grain grinding public, that with our slight repairs completed we are grinding day and night and getting the most satisfactory results out of the new wheat crop, both as to quality and quantity.

Bring us a load dry, and with experienced millers and increased facilities for doing the best work, we feel sure that we can please you.

We have built new and comfortable stills for accommodating those coming from a distance.

During the spring season we have sold under guarantee of satisfaction or money refunded, the flour of more than 1200 bushels of wheat and not a pound has been returned to us. Thanking you for past, and soliciting your continued patronage, we are,

Very respectfully, W. D. KIMBALL. jly14-4t.

I have more than a car load of Old Hickory Wagons that I would like to exchange for wheat and allow the highest market prices for good clean wheat. I have several bargains in Buggies that I will take wheat in exchange for. Owen, Barbour & Smith. july28-tf

S. H. SMITH.

"Should old acquaintance be forgot, And never brought to mind; Should old acquaintance be forgot, In the days of Auld Lang Syne."

## RICHMOND

Ready!

DAVIS - & - GREGORY COMPANY.

Richmond, Va.,

—EXTEND—

Their Greetings to their old Granville County Friends.

We have a few words of comfort this week for those who have an interest in what we are doing.

Through all these days of panic and distressful times, Richmond's loose sales have been kept going.

Not one whit of interest has been lost.

Our buyers have stood by us and been with us and made Richmond prices almost beyond competition.

The past week we handled over a hundred hogsheads of old tobacco for our customers.

Whilst prices are not what we could wish them to be, yet on new tobacco some of our friends have been sufficiently well pleased with our prices to hurry forward another shipment upon receipt of their sales.

The purchasing power of one dollar is about the equal of what two has ever been before, so they must think it is about as "broad as it is long." Our market is ready and if you are ready let it come. We can hold it for you and make you liberal advances. We can sell it for you at prices the equal of any other market in the land. There is no tobacco under the sun that enjoys greater popularity than the "Granville Tobacco" Give your old friends a trial.

Yours for best prices, THE DAVIS & GREGORY CO. aug25-1t.
