

HURRAH FOR OXFORD MARKET.

Big Breaks on Friday and Tuesday Last.

Friday and Tuesday were gala days for the Oxford tobacco market. Immense quantities of tobacco were placed on our warehouse floors both these days and brights seemed to be the centre of attraction among buyers as prices had "shot up among the rafters" as one of the buyers expressed it. One farmer said it reminded him a "little of old times." Another said, "I guess the backbone of the panic must be about in two as Alf Hobgood has just hollowed 'Carry the news to Mary.'"

During each day the warehouses were the centre of attraction, but the Cooper Bank was head center, after each sale, where crisp greenbacks, shining silver and gold was paid out to the good farmers and placed on the voyage of circulation among the people, and assist in supplying their needs.

We are glad to see our warehouse men have determined to sell their share of the crop, and the farmers can always rely on getting the very top of the market on all grades in Oxford.

At the Meadows warehouse W. R. Montague received 43, 28, 11 1/2, 14 1/2, 8 1/2. Enoch Arrington 18, 20, 14, 9 1/2. R. J. Woody 17, 18, 22, 19.

A Popular Colored Man Dead.

Peter Gilliam, a well known colored nurse of Oxford, passed away last week. He was good hearted and generous, and by his devotion when nursing the sick many expressions of regret were heard when it was announced that he was dead. Mr. W. H. Osborn, who was warmly attached to him, on announcement of his death telegraphed Mr. R. W. Lassiter to have him decently buried and has paid the expenses. The amount collected from the citizens for that purposes having been given to his family to supply immediate wants.

To the Ladies.

In looking around for real bargains don't forget to call on Mrs. J. T. Britt, as she can sell as cheap as any one in Oxford even if they are selling at cost. Have a nice line of notions, ribbons, feathers, gloves, baby caps and sacks.

Compliment to an Old Oxford Boy.

Lt. Willie Lassiter has been ordered to his command at Salt Lake City. He has been the recruiting officer at Greensboro and Knoxville, Tenn., for two years. He spent several days with his mother and brother the past week.

Knoxville Journal, Oct. 6, says: It was a brilliant reception, that tendered by the members of the Bachelors Retreat at their Rookery, corner Vine and Walnut streets, last evening.

It was given in honor of Lieutenant William Lassiter, U. S. A., who will leave at once to rejoin his company at Salt Lake City, after having had charge for several months of the local recruiting station of the U. S. A., which station, under his excellent supervision, has become one of most important in the country.

A sumptuous dinner prepared in the height of the art by the Rookery's most excellent chef was served. It consisted of numerous royal courses. The tables were beautified by a profusion of flowers and an invisible orchestra furnished the sweetest of strains.

After the dinner the dining room was cleared an due devotion paid the Terpsichorean art. The reception was an elegant affair, marking not only the loss of one of the members of the Retreat, but also the termination of the pleasant association of the excellent young men who have been in retreat at the Rookery from hotel life during the summer that is no more.

Have not Felt the Panic.

There are farmers, not a few, who know but little of hard times. They are independent. They have plenty to live on, and money enough to meet their needs. How did they manage to be so well off, while many others are destitute and grumbling? They have staid at home and worked while others have spent a great deal of time and money attending scores of public meetings, and paying out money to keep up public organizations. There are some farmers who have scarcely lost a day, or paid out a dollar on such things. There are others who have spent time and money amounting to from ten to one hundred dollars. This makes the difference between contentment and discontent between enough, and not enough.

The woman who works, and tired, will find a special help in Dr. Pierce's Favorite Prescription. Perfectly harmless in any condition of the female system. It promotes all the natural function, and builds up, strengthens, regulates, and cures. For woman approaching confinement, nursing mother, and very weak, run-down, delicate women, it is an invigorating, supporting tonic that's peculiarly adapted to their needs.

But it's more than that, too. It's the only guaranteed remedy for all the functional disturbance, painful disorders, and chronic weakness of womanhood. In 'female complaints' of every kind, periodical pains, bearing down sensations, internal inflammation, and kindred ailments, if it ever fails to benefit or cure, you have your money back.

PAINTED HIMSELF GREEN.

Executed a War Dance on Top of a Pole and Fought his Rescuers.

ATLANTA, Ga., Oct. 9.—A drunken painter named Tucker gave a war dance on the narrow platform at the top of a telephone pole ninety feet above the ground at Mitchell and Fayette streets this afternoon. He carried up a flask of whiskey and a can of green paint. With the paint he painted himself green from belt to crown. Then he sang and yelled and danced, attracting a great crowd. He swung himself from the edge of the platform, and dangled there in the air to the horror of the crowd below.

Two linemen were telephoned for. They climbed up. One got through the trap door, when Tucker shut it, and would not let the other up. He assaulted the linemen on the platform, and they had a thrilling fight. Tucker tried to throw the lineman off, but the latter finally got in a blow with his nippers on Tucker's head, knocking him senseless. The other linemen then got up, and Tucker was let down with a rope and taken to the police station.

PROGRESS IN CHINA.

The Wheels Move Slowly in the Dragon's Empire.

His Majesty the Emperor of China and the "Son of Heaven" is enjoying a train of miniature railroad cars, presented to him by the French syndicate of capitalist who wish to get contracts for building railways.

In China, they will wonder at its steam engine; and the six thousand electric lights, which are now being put in the holiest of Chinese sanctuaries, cannot but turn their eyes to our civilization. It will not be long ere a material advancement will be made in the science of medicine, which has for so many centuries remained a blot upon their civilization.

The missionaries are doing much to dispel the mysticism and reverent awe which the Chinaman holds for the concoctions of snakes, toads, lizards, etc., prepared by the native doctors. They recommend standard remedies which have long been favorably known in America and Europe, such as Dr. Pierce's Golden Medical Discovery, a remedy for all cases of blood-tain or humors, which has had years of uninterrupted success in the United States, and numbers its cures by the tens of thousands. This is a point gained for the future welfare of the Dragon Empire.

Rev. Ernest Thacker.

We had the pleasure on Sunday morning and evening of hearing two excellent sermons by this young and promising divine. He is destined to make his mark as a divine of marked ability. He is deservedly popular. The Oxford Presbyterian church is to be congratulated on having so worthy, intelligent and pious a pastor. He possesses much personal magnetism.

BANNER WAREHOUSE, DURHAM, N. C.,

Headquarters FOR High - Prices.

We have opened up the new year with new life, and a better feeling than for some months past. Our buyers are more anxious, and have orders sufficient to handle than the amount of tobacco that comes here. The factories are in full force and consumes annually over 12,000,000 pounds of tobacco of which over 7,000,000 is bought on other markets. Now confess up and come on to the BANNER WAREHOUSE, for Durham has the money and buyers to lead them all. We have three Banks with a capital of \$450,000 that will stand to our market and see that she has plenty of cash to pay full market prices for all that comes here. In August when every thing was so dull and money so tight our factories paid out \$75,800 00 in cash for stamps and the pay rolls have been over \$10,000.00 per week during all these dull times. Consider all this well and you will not listen at drummers but always sell at Headquarters. You see now the amount of Tobacco Durham factories buy on other markets, besides this several of our largest buyers have had orders on our neighboring markets to supply their demand. Why not bring it here at first and let us give you the advantage on our own floor? Don't forget us, but remember the facts shown you above and come on, we are anxious to serve you and promise to do our best at all times. Yours, &c.,

B. H. COZART, SONS & CO.

Please remember our charges and that we do our drumming on the floor. oct13-114
