BRIEF LOCAL MENTIONS.

What is Transpiring Around and About Us, in Town and County.

—Mr. C. D. Ray is all smiles now. He has a fine boy at his home.

—The Center warehouse, cut down in size, is rapidly nearing completion.

—Rev. J. A. Stradley baptized 14 persons at Stovall on Sunday last as result of the late revival.

—The 18th annual meeting of the Presbyterian Synod of North Carolina is in session at Tarboro.

—Mr. W. D. Hart, of Salem, has our many thanks for a half bushel of the finest turnips we have seen this season.

—Granville Grays will have a target practice on Monday afternoon at 3:30 o'clock. Every member of the company is requested to be present.

—Master Oscar Gregory's Black Bess has met with a decided success wherever she has performed, and our young friend will no doubt get well paid for the trouble of training the animal.

—Mrs. A. B. Currin comes to the front to compete with Mr. Henry Robards, of Fishing Creek, on raising chickens. She has a this year's pullet with 11 little chickens that are growing off nicely.

—Hon. A. H. A. Williams has secured Mr. Willie D. Bryan a position in the Agricultural Department at Washington which he has accepted and assumed his duties. Mr. Bryan has been for a long time a leaf dealer on our market.

—The Sherman law is repealed. On Wednesday after a good natured fight in the House by the Silver men the Voorhees substitute was concurred in by a vote of 193 to 94. North Carolina voted as before—Bunn and Settle for and the balance of the delegation against.

—Since Mr. J. A. Taylor removed to the old Kingsbury place in East Oxford he tells us that five families of the neighborhood have all told 27 children. It is a good thing that they all live near the public school, as the children can be under the parents watchful eye while going to school.

—We heard a farmer remark the other day that he knew two tobacco drummers "who not only carried something to eat for themselves but for their horses when they started to drum tobacco among the farmers." We take it then that the criticism about tobacco drummers does not apply to these gentlemen.

—A thief entered the residence of Mr. Will Estes, the book-keeper of Messrs. Harris, Gooch & Co., Henderson, on Tuesday night, so we learn from Mr. J. T. Ragan, and stole all the money he had, besides his wife's gold watch. While the burglar was going through the pockets of Mr. Estes his wife awoke and seeing him screamed, and he made his escape.

—Booth & Hunt it seems do not get left on high prices judging from the following: W. H. Lyon rolled in on Tuesday and sold tobacco raised on one acre for \$184.14. A. E. Bobbitt steps up and scoops in for a load \$10, 27½, 48, 65, 35, 25, 12. The 100 pounds that brought \$65 was beautiful tobacco, and we congratulate friend Bobbitt upon his success. The next are Harris & Gilliam who pocketed \$14, 29½, 50, 25, 16, 7½. G. W. Stroud also got 7, 15, 25, 52, 27, 14. Come right along to Oxford and you will be sure to get the cream of the market for the week.

—The truth will not down, yet we must swallow it.

There are some men who are always polite—they have gloved souls.

The law has convenient syllogisms for crooked consciences, says a writer.

—Jack Frost has been on regular hum this week and has killed vegetation.

—Of all worms people are now called upon to eat the chestnut worm is the most popular and appetizing.

—Mr. Patton, the assistant to Mr. W. A. Adams, now occupies the Meadows residence on Broad street.

—Referring to a recent lynching, a Georgia paper declares that "the funeral was attended by an enthusiastic multitude."

—Capt. B. S. Royster and lady have gone to housekeeping in the neat little cottage on High Street, just vacated by Col. W. A. Bobbitt.

—Miss Mollie Horner gave the boarders of Horner School a Halloween party on Tuesday evening. Quite a number of young ladies were present and the occasion was an enjoyable one.

—Sheriff Cozart has made his round for the collection of taxes. Everybody will now have to walk up to the iron railing in the Sheriff's office and roll the wheels in in exchange for a pink receipt.

—Conscience is one of those sticks which every one takes up to beat his neighbor with, but which he never uses upon himself, and the moral world has gutters where dishonored persons try to splash the mud in which they are wallowing upon men of honor.

—Durham Sun of 27th October 27 says: "Miss Rubbie Hobgood gave a sociable last evening at her home, on corner of Main and Roxboro sts., complimentary to Miss Lizzie Holway, of Oxford, Miss Kittie Satterwhite, of Satterwhite, and Miss Nettie Hunt, of Watkins."

—Mr. Sherman Peed, one of the old landmarks of Tally Ho township, was gathered home on Sunday night. He was a most worthy farmer, good neighbor and kind and affectionate in his family, and a consistent member of Tally Ho Baptist church. He was about 70 years of age, and will be greatly missed in the neighborhood, as he never turned a deaf ear to those in need of assistance.

—Capt. A. F. Spencer had the misfortune to shoot himself last Friday accidentally. He was going deer hunting when his gun slipped out of the cart, and in attempting to catch it it went off and the load took a good sized plug out of his right wrist and passing on demolished his coat, shirt and undershirt on the shoulder, but did not penetrate the flesh. The Captain is good pluck as he hunted all day and did not have his wound dressed until night, which was done by Dr. Williams after he returned to town.

—The leading Third party man of this county, and of course one who has the office bee buzzing in his hat, has made the assertion that he now had to pay \$14 more tax on his land than when James I. Moore was Sheriff, saying that the rate of taxation had been reduced but the valuation had been increased more than the reduction in rates. Now the fact is that in 1875 when his name first appeared on the tax books he listed 600 acres of land valued at \$3,000 on which he paid \$27; in 1893 he listed 640 acres valued at \$3,250 on which he pays \$23.36.

—All bright grades of tobacco are humming on the Oxford market. On Tuesday Mr. A. E. Bobbitt, one of the fine farmers of Brassfield's, captured \$65 for his first grade and \$48 per hundred for his second grade. Breaks large Tuesday and Friday and all good brights are gebbled up at big prices.

—Mrs. Hansom Blackley, near Cannady's Mill, had a narrow escape from being badly burned on Monday. While standing near a molasses evaporator her dress caught fire and but for the timely aid of Mr. Thos. Allen, who put the fire out, she would have been seriously burned. Mr. Allen got one of his hands badly burned in extinguishing the flames.

—A party from Oxford was out deer hunting on Wednesday. The dogs started a buck in Sassafras Fork township and chased him for several hours and lost him. Later in the afternoon the buck jumped into the lot of Mr. Ben Hicks, near Carlton, Vance county, in an exhausted condition, and a colored man who happened to be in the lot at the time picked up a rock and killed the buck.

La Grippe.

During the prevalence of the Grippe the past season it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of La Grippe, but in all diseases of throat, chest and lungs, and has cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at J. G. Hall's drug store.

On the Tramp.

Last Friday night was a beautiful one and several of our young men concluded they would take the night freight to Lewis and tramp back. They roused up from his quiet slumbers Mr. Ike Stegall, and ginger snaps and cheese were bought in large quantities to appease hunger. The hills and valleys echoed with the songs of the cross tie hitters. They only met one individual, a colored boy, and one of the party asked him how far it was to Oxford and was told the distance. Another replied "I am glad to hear it as we have walked 75 miles today."

The way she looks troubles the woman who is delicate, run-down, or overworked. She's hollow-cheeked, dull eyed, thin and pale, and it worries her. Now, the way to look well is to be well. And the way to be well, if you're any such woman, is to faithfully use Dr. Pierce's Favorite Prescription. That is the only medicine that's guaranteed to build up woman's strength and to cure woman's ailments. In every "female complaint," irregularity, or weakness, and in every exhausted condition of the female system—if it ever fails to benefit or cure, you have your money back.

Musical Homes are Happy Homes.

Have you ever noticed it? Call to mind the homes of your friends who have a good piano or organ in the house. Are they not brighter, and more attractive than those where the divine art of music never enters? To be sure it costs to buy a good instrument, but it lasts many years and will pay its costs a thousand times over by interesting the young folks in their homes. Don't make the mistake, though, of investing haphazard. Post yourself thoroughly by writing Ludden & Bates, Southern Music House, Savannah, Ga., the great music house of the South, established in 1870. They have supplied 45,000 instruments to Southern homes, and have a reputation for fair prices and honorable treatment of customers; and they represent the leading pianos and organs of America. They will take pleasure in corresponding with you sending free catalogues, etc. Wait for them.
