Gardening is very fashionable now with our people. Well many a man who is a good shot in this world hopes to miss fire in the next. "No man is naturally brave," says an authority; and yet men get married every day.

Let the rank and file Democrats have backbone enough to stand up to their Democratic organ if the leaders have not. Mr. H. A. Crenshaw, of Louisville, was in Oxford Tuesday. He qualified as administrator of the late Colonel John Johnson.

As Spring is at hand the young man's fancy lightly turns to thoughts of buying a bicycle, and S. H. Smith is the man to buy it from. If it is a fact that "everything comes to him who waits," the people on Smith Hill, Huntburg and Raleigh street will eventually get lamps.

The Central Alliance Warehouse of Danville, Va., Monday filed a trust deed to secure creditors to amount of \$5,000. It was established two years ago for the sale of leaf tobacco. They talk about a woman's sphere, As though it had a limit. There's not a place in earth or heaven There's not a task to mankind given, There's not a blessing or a woe, There's not a whisper, yes or no, There's not a life, a death, a birth, That has a feather's weight of worth Counted without a woman in it!

The Republicans are casting their eyes towards Mr. J. M. Sikes, the outgoing clever postmaster, as the man to nominate for Superior Court Clerk on the Republican ticket. In case this should be so what is going to become of Dr. A. J. Dalby, who expects to get the nomination from the fusion and get a competent Republican to run it. In case our friend Sikes is a candidate it will "spile" the deal.

After all, the act of joining the church is like entering the school. The member comes to learn; he does not expect to know it all at the start. NAT LAWRENCE ELECTED.

A Lengthy Session of the Board of Directors.

The Board of Directors of the Oxford Orphans' Home, held a meeting last evening at Hotel Carolina to elect a Superintendent in place of Dr. Black, who resigned.

All of the members of the Board were present except A. H. A. Williams, who was in Washington. Those present were John Cotton, of Tarboro, chairman ex-officio; N. B. Broughton and G. Rosenthal, of Raleigh; T. A. Green, Newbern; Fielding Knott, of Oxford; Dr. J. N. Ramsey, of Seaboard; J. S. Carr and B. N. Duke, of Durham.

The Board met at 8:30 and were in session until midnight. A number of candidates were before the Board—N. M. Lawrence, of Tarboro; ex-mayor W. H. Dodd, of Raleigh; Dr. Williams of Davidson College; Phil Howell, of Goldsboro; Sol. B. Williams, of Warrenton, and A. L. Betts, of Madison.

Mr. Nat. M. Lawrence, of Tarboro, was elected. His term of office will begin in May of this year and extend to September of 1895, by reason of a change made by the Board.

Mr. Lawrence is a gentleman of fine business capacity and is exceedingly popular with all classes. A gentleman, no ways connected with the Board, remarked this morning that the Board could have looked over the entire State and it could not have selected a better man. He is well fitted for the position. It is a source of gratification to the Masonic fraternity that the Home has fallen into such competent hands and there is much rejoicing here over the happy selection, and it is not said with any disparagement to the other gentlemen who desired the position, for they were all suitable and competent.—Durham Sun of the 21st.

The entertainment concludes with Mr. Labadie and Miss Rowell in their celebrated impersonations of Mr. and Mrs. Honeyton in that beautiful comedy, "A Happy Pair," which was the bon mot of Louis James' repertoire for many years. A. W. Graham for Congress.

It is said that A. W. Graham, of Oxford, comprises the best all round qualities to make a successful run for Congress in the Fifth District. He has many warm friends in each county who would pull off their coats and roll up their sleeves and work unceasingly until the sun went down on election day. He has already served several terms in the Legislature and is one of the best equipped public men in the district, and will not be afraid to meet Mr. Settle on the stump. He will also not be afraid to meet his constituents, nor will he practice any deception on them; neither will he turn his back on his political friends. He possesses the confidence and esteem not only of the people of Granville, but of Orange, Durham, Alamance, Caswell and Person counties, and we say candidly this district would be most fortunate in having a man of his character and ability to represent it in Congress.

The trouble with most cough medicines is that they spoil the appetite, weaken digestion and create bile. Ayer's Cherry Pectoral, on the contrary, while it gives immediate relief, assists rather than impairs the assimilative process.

House and Child Burned.

Mrs. J. R. Adams, mother of W. T. and J. H. Adams, near Dutchville, Granville county. On her place she has a tenant house occupied by Henrietta Hobgood and her three children, the youngest about 2 years old. On Thursday morning Henrietta went out to attend to some duties on the place and left the children at the house. Several hours afterwards the cabin was discovered to be on fire, and it burned down, also burning to death the youngest child. The fire had gained such headway that it was impossible to save anything. One corner of the house, nearest the bed, was pulled away and the child was taken out with a pitchfork, but the fire had already done its deadly work and life was extinct. The supposition is that the children were playing with straws in the fire and this communicated the flames to the building. Another warning to people who are in the habit of leaving fire and children together alone.—Durham Sun.

Oxford Tobacco Market.

Among the many things that the PUBLIC LEDGER has worked unceasingly for has been the upbuilding of the Oxford. We have at all times and under all circumstances urged our farmer friends to stand by their home market.

We are glad to see the Granville County Reformer stepping in and aiding us in the work. That's right, brother Brown, if we are not with you on your reform scheme to place our county and State under the control of your old bosom friends, the Republicans, nevertheless we are glad to have your aid in helping to build up our tobacco market.

On Tuesday "our boys" got wild, and shot prices "up among the rafters" and the farmers went home glad at heart. We tell all classes of our farmers that Oxford cannot be outbid on tobacco crop round. It is now said that there is not a fourth of the crop in the hands of the farmers, and we tell them that no market can pay higher prices for the remnant of the crop than Oxford.

Timely Warning.

B. W. H. in Granville County Reformer requests us to publish the following: We wish to say to our brother farmers that it is very important for us to study the political state of the country and keep ourselves posted on the great questions of the day, knowing that the world is depending on us for support, we should be careful not to let the world get too large an advantage of us and reap the reward of our labor by tricks and schemes, while we are scratching in the dirt and they go dressed in Sunday clothes every day. This is a very great shame I think and if I am lucky later on I may point out some of the tricks they use to fool us with.

What I called attention to is, the Spring is upon us and the season for clearing the new land of brush and trash. It behooves us to pay particular attention to keeping fire in its proper place. You ought to remember the forest fires of last spring when many farmers suffered from loss of time and destruction of property. Bro., farmers, let us be careful that no fire escapes from our farms. I wish we could attach a penalty to the one who through neglect lets the fire escape from his farm. With good wishes for you, brothers, and all mankind, I am as ever,

B. W. H.
