#### CHARLES W. BRYAN.

The Death of Capt. Chas. P. Powell. On Friday, Oct. 26th, at 3,15 p. m. Capt. C. P. Powell breathed his last. For some months his health had been very poor, and had been growing steadily worse. During these months he had medical treatment, but nothing gave any relief. At last about the middle of September he fell stricken with paralysis. After this stroke he was confined to his bed, and on Friday last he died quietly without a struggle.

Capt. Powell was a man of a warm and affectionate nature. He was specially fond of little children. Among the last things he noticed was his little grandson. He was a very generous and liberal man, and was an honest man and straightforward in his dealings. He was not a professor of religion, but God gave nim long months to devote to his latter end; and that he did solemnly in the Western part of the district. reflect upon it we know, for he said to one friend, "God sends these sufferings upon men to make them bethave assurances from the most in- ter, doesn't he?" To another who urged him to pray he said, other he said when he went to Rich mond to consult Dr. McGuire, "I am going because my family wish me to go; but doctors cannot do me any good."
