The man who deserts the Democratic party because it hasn't given him an office, was never much of a Democrat. He has mistaken spoils for principles.

No one will regret more the loss of Democratic control of the House, should such an event occur, than the stay-at-home Democrats and those who vote the Populist ticket.

You cannot afford to have a Populist Legislature, for such a Legislature would be a notice to the world that North Carolina was a State for capital and business to keep away from.

Don't yield to any pressure that seeks to persuade you to scratch the regular Democratic ticket. We should present a solid unbroken front to the enemy in this contest for good government.

All indications point to the election of the entire Democratic ticket on Tuesday next by very decided majorities, but this fact should not influence a single Democratic voter to remain away from the polls.

It is especially important this election that Democrats should come to the polls. This is by far the most important election since '76 for North Carolina. The welfare of your county, your State and even the Nation may depend on your vote in the coming election.

The Democratic campaign has been an infinitely more manly one, having been open and above board continuously for the last five weeks. Having nothing to say that they do not believe and cannot support, they have said their say plainly and without any fear of successful refutation or any trickery of any kind.

Down with the mongrels and up with Democracy and pure government.

No matter what our private opinion may be, there can be no denying of the fact that the element of public opinion which gives to any country its stability, is dead set against any section dominated by Populist control.

Let every conservative Third party man in Granville ask himself this question: Is Dodger Settle the man they want to represent them in Congress as Dr. Merritt ain't in it? Let every one of them take that question off to himself and turn it over.

The Democratic party reduces the tax upon the necessities and places it upon such luxuries as the incomes of the wealthy. The Republican party taxes necessities and lets the incomes of the rich go free. Which is the friend to the poor man?

Any one who votes for Dummy Dr. Merritt will help to elect dodger Settle. According to orders from Boss Butler A. S. Peace not only nominated Merritt for Congress but nominated Bynum, Republican, for Solicitor, and anything-to-beat-a-Democrat John Elliott assisted in the glorious work to beat an honest man like Gus Graham and elect such a man as Dodger Settle to Congress.

Every effort should be put forth in behalf of every candidate on the ticket and if the closing days of the canvass are so characterized, Democracy will be sure to win. We should deserve success by faithful work as it is merited by the Democratic candidates and if every Democrat will go to the polls and cast his vote for the Democratic candidates an old fashioned victory will be won.

At this stage of the campaign, three days before the election, it looks as if the Democrats would carry both branches of the Legislature—with the Senate a good deal closer than the House, and as if they would elect eight and perhaps nine Congressmen. But to accomplish these results unremitting work will be necessary and until election no Democrat should permit himself to rest, says an exchange.

The Reidsville Review says that Mr. P. H. Williamson was in Caswell county recently and says the ladies in that county are working for Graham. One good dame told Mr. W. that she wanted to see Mr. Graham elected because he was such a domestic man; that he milked the cows and made himself handy about the house, and she thought such rare virtues in a man should be richly rewarded. We say with all our heart that the people cannot vote for a better man.

Democratic voters should be on their guard. The Rep-Pop managers are in desperate straits and they will resort to trickery to win what they cannot win by fair means. Take no stock in their stories of disaffection or treachery in the Democratic ranks. These stories are circulated to draw attention from the weakness of their cause. Take no stock in the night before election canards. Go to the polls and vote for the Democratic candidates and see that your neighbors do likewise.

Let every Third party man in old Granville remember that J. M. Sikes is a great advocate for fusion for revenue only. He is candidate for Superior Court Clerk on Republican ticket slyly trying to take votes away from W. P. Lyon, the Third party candidate. Keep your eye on slippery Sikes, but if you desire to be with the procession vote for Col. W. A. Bobbitt who is bound to be the winner in the race. He has undoubtedly made you an excellent officer, ranking among the very best in the State. His office has been conducted in a business like manner and every cent passing thro' his hands has been accounted for which his books will show and Solicitor of the district will certify to as it is his sworn duty to examine the books. Vote for Bobbitt for he will be a winner in the race.

WAKE UP DEMOCRATS!

The Populists think the Democrats are not enthusiastic, and that because of this supposed apathy and neglect, if they (the Populists) will win the election. We are glad to see that the Democrats are waking up to the great importance of this election, and when Democracy tries she always wins.

Wake up, fellow Democrats, wake up! Every interest that you hold dear is at stake in this election. Your wife, your children, your home, your liberty, all are involved in it. Wherever this fusion crowd has gotten control, strife, confusion and trouble have quickly followed. Rally 'round the Democratic flag, boys!

A FIGHT FOR LIBERTY.

In view of all the great and overshadowing danger that threatens the very existence of every home in our grand old State and county it is the plain and imperative duty of every true and loyal citizen, wherever opportunity at the polls is offered to place his seal of condemnation upon the dangerous doctrines and principles of the Third party and its allies the Socialist and Anarchist.

If you believe in such doctrines just go to the polls Tuesday and vote the rag-tag and bob-tail Thirdite legislative ticket composed of Dr. A. J. Dalby, Sumac Archie Gregory and W. H. Lyon and Dummy Merritt for Congress.

Populism is Anarchy.
Populism withers enterprise.
Populism stops industry.
Populism makes an end of credit.
Populism is stagnation, desolation and death.

DEMOCRATIC DUTY.

Tuesday next will be election day and it is of the very greatest importance that the Democratic vote in the county is brought to the polls. It is important not only with respect to the present canvass, which many are inclined to look upon as of little consequence because of its being in what is called an 'off year in politics, but with respect to the influence the result will have on future campaigns. There is little doubt of the election of the ticket by good majorities, nevertheless, the victory will be rendered doubly emphatic by having a full vote polled and it should be the business of every Democrat to see that his neighbor gets out to the polls and votes. The ticket is made up of representative men, fairly nominated by the party's representatives in convention assembled and they should receive the vote of every Democrat in the county, not only because they are worthy and entitled to loyal support, but because an old fashioned victory next Tuesday will make success in future elections so much easier. Indifference this year, with but small majorities for the candidates, will encourage the opposition to make a more determined fight next time and with a much better show of success, in part at least, than though the full strength of the party is recorded in this campaign. It is with these bearings on future results in view that we urge united effort on the part of every Democratic voter in the county to elect the present ticket. Jealousies, disappointments and indifference, if any there be, should be laid aside and honest, energetic work done by every Democrat from now until the closing of the polls on the 6th day of November, to make the election an emphatic one. Confidence in the election of the entire ticket should not cause a single voter of the party to remain away from the polls on Tuesday. Bring out every vote and see that the ballots are properly recorded. Party pride and the future supremacy of the party in the government of the county, if nothing else, should awaken fresh interest on the part of every voter and influence him to do his utmost to make Tuesday's verdict a grand one. Let this be done and the result can easily be predicted.

If you want to see our Insane, Deaf and Dumb, Blind and Orphan Asylums suffer for means to properly care for the unfortunate people of our State just vote the Third party ticket!

WHERE NEXT.

The good honest farmers who allowed Marion Butler to lead them from the Farmer's Alliance into the Third party and have now allowed their boss to sell them body and soul to the Radicals are wondering what will become of them next election. Probably by that time the "Boss" may have become "chummy" with his Satanic majesty and persuade his dupes to strike up a fusion with the powers of darkness. You old Democrats, who have left the fold, how do you like your new bed fellows? Haven't you had warning that the "Publicans" would gobble you up as soon as you left the good old party that has always stood between North Carolina and ruin.

TAKE CARE OF THE LEGISLATURE

The Wilmington Messenger says: Do not allow the Rad-Pop gang of conspirators to seize the Legislature. Keep them out. Vote them out and into obscurity. Remember, that County Government is at stake, and that means the prosperity and peace of twenty-seven counties. Remember that by the present system there has been a vast saving to the people. If you abolish County Government you open wide the floodgates of iniquity and robbery. You will increase expenditures and hand over the County Commissioners, Board of Education and Superintendent of Public Instruction in all the counties to the keeping of the set of incapables who are so corrupt as to openly barter away their principles to "beat the Democrats." Watch the Legislature. Elect good, worthy, intelligent men who will do right, and help on North Carolina in the way of improvement in many ways.

BEWARE DEMOCRATS!

But four days of the present political campaign remains. A few political hucksters, who unless they can rule will run, are now at work circulating defamatory insinuations as to county commissioners putting on 7 cent tax extra when the record show under Democratic rule that the tax rate for 1894 is less instead of increased. The next thing they are trying to cast reflections upon the official record of Colonel W. A. Bobbitt, Superior Court Clerk and candidate for re-election as well as that of other Democratic candidates. These attempts to create a sentiment against our officials and other gentlemen on the Democratic ticket will continue until election day, but the authors have not the moral courage to do so over their own signatures. Nor to make an open, manly charge hence can have no effect upon those who would resent a cowardly attack upon reputable citizens and officials. The Democratic ticket is composed of men of high character. They are representative men of their respective localities which they hail from and every Democrat should put forth every effort during the few days left in getting every voter in line for the ticket. The character and record of the Democratic candidates will bear comparison, and we trust that no self-respecting white man will be persuaded to vote against them and help elect a few disgruntled, unscrupulous demagogues like Dalby, Peace, Sumac Archie, J. T. Cozart, Billy Brown & Co. who have sold out to the Republicans for the purpose of doing anything in the world to beat the Democrats, overthrow our system of county government and elect Maryann Butler to United Senate.

If you want to see our present excellent system of county government uprooted and destroyed and have negro commissioners, vote for Dalby, Sumac Gregory and Lyon as they are pledged to vote for its abolition according to the deal Butler made with the Republicans! If we had a Republican board of county Commissioners you would have never heard of pecculation of Capt. R. P. Hughes and some \$300 would have been a dead loss to taxpayers. In the name of right and justice put your prejudices behind you and help save your county government.

There are no party ties to keep every decent Republican and Populist from repudiating the fusion trade made between Dodger Settle and Maryann Butler.
