OXFORD, N. C., DEC. 7, 1894.

State Returning Board announce that the Judges on the fusion ticket have a majority of 20,841.

The saddest news of the dying year is that Gov. Waite will only lay down his authority in Colorado to take up the lecture platform and devastate the country at large.

That superb weekly paper, the Statesville Landmark; published a daily edition during the session of the Western Methodist Conference in that town last week.

This said nothing succeeds like success and noble Joe Caldwell has succeeded in establishing a first-class daily newspaper in Charlotte that is not only a credit to North Carolina, but the whole South.

Captain Kolb's threatened revolution in this direction the place is clearly with the teachers. Get some idea of general principles into their heads, and they will know how to convey the idea to their pupils.

TRUE AS PREACHING.

The News and Observer says an ex-judge, one of the highest type, writes: "I believe the preaching of pure Democracy and a steady adherence to principles was never more needed in North Carolina than now, and it is demanded by those who remain in the party."

POLITICAL ECONOMY IN PUBLIC SCHOOLS.

Whether political economy should be taught in the public schools, says Philadelphia Times, depends very much upon the definition of the term. If it applies either to dry statistics on the one hand, or to recondite theories on the other, we should say that the minds of public school children are already too much burdened with things that they do not understand.

The economists themselves are very far from an harmonious agreement as to the basis or the superstructure of their science, and until they have got themselves upon some common ground it would be difficult for them to accomplish much directly in the education of our youth.

If anything is to be accomplished in this direction the place is clearly with the teachers. Get some idea of general principles into their heads, and they will know how to convey the idea to their pupils. This is what our school system, public or private, needs most of all.

Nothing Stanes as High.

as a remedy for every womanly ailment, as Dr. Pierce's Favorite Prescription. Here is the proof. It is the only medicine for women so certain in its effects that it can be guaranteed. In every case, if it doesn't cure, your money is returned.

For young girls entering womanhood; for women at the critical "change of life;" for women approaching confinement; nursing mothers; and every woman who is "run down," tired, or overworked—it is a special, safe, and certain help.

Dr. Pierce's Pellets cure constipation, piles, biliousness, indigestion, or dyspepsia and headaches. English Spavin Liniment removes all Hard, Soft or Calloused Lumps and Blemishes from horses, Blood Spavins, Curbs, Splints, Sweeney, Ring-Bone, Stiffes, Sprains, all Swollen Throats, Coughs, etc.

OLD NORTH STATE.

What Has Taken Place Within Her Borders From Mountains to Sea.

W. T. Perry, a farmer living five miles from Franklinton, was killed Wednesday by his team running away.

Fusion is to be a feature of the campaign of 1896 in North Carolina and Democrats had as well get in line to meet the combination.

Raleigh Republicans had a political jollification Thanksgiving evening. Loge Harris presided and Oliver Dockery and Jeter Pritchard spoke.

The grist mill and cotton gin of Robt. B. Moore, of Wayne county, was burned early Wednesday morning, together with about 15 bales of cotton.

Mrs. John A. Hallman, of Waco, Cleveland county, committed suicide Thursday by hanging herself with a plow line in a corn crib. Her mind had been impaired for some time.

The Patron and Gleaner says that a few days ago two little sons of Mr. and Mrs. W. W. Wade were drowned in a pond in Northampton county. The boys were aged 10 and 7 years.

A "prominent gentleman" tells the Raleigh correspondent of the Charlotte Observer that the fight against State aid to the University lost the Democrats 19 counties in the recent election.

In Wake county Thursday the cotton gin and 40 bales of cotton of Mr. J. D. Allen were burned; also the dwelling and five bales of cotton of Mr. John Sneed, and two dwellings owned by Mr. Joseph Price.

Elkin Times says, T. M. Armstrong, of Lucille, Wilkes county, made this year on 12 acres of land 480 bushels of corn with one horse; also 100 bushels on 3 acres more, and 48 bushels of wheat on 2 1/2 acres.

Alex. Harper, colored, of Wilmington, was discharged from the penitentiary on the 13th inst. The Messenger says he committed burglary on the 24th, was arrested and may be said to be fairly on his way back.

Will Morehead a colored youth of Greensboro, handling a pistol Wednesday when the weapon was accidentally discharged. The ball took effect in the body of a six year old colored girl and the child died in a few hours.

The Progressive Farmer, a prominent Fusion paper, and which necessarily has much influence with the new Legislature, comes out in an editorial urging the establishment of a reformatory for youthful criminals.

The North Wilkesboro News says Bud Church, one of the men who gave Mrs. Hall's little daughter whiskey from the effects of which she died, was arrested last Saturday, given a hearing and sent to jail without privilege of bail.

The Republican State Chairman says that the reports that the Republicans are planning to elect both senators are totally unfounded; that there are not three Republicans in the Legislature who will fail to vote for one Populist and one Republican.

The Goldsboro Headlight says that while out bird-hunting Monday afternoon, Mr. Joseph B. Crawford, of Goldsboro, was accidentally shot in the leg by his companion, Mr. Robert L. Rice, and although amputation was successfully performed, died the next day.

The Populists now figure that there will be but six Democrats in the Senate branch of the next Legislature and but 39 in the House. The Statesville Landmark says this is not enough to do either harm or good and this little handful will have nothing to do but to stand around like a poor boy at a frolic.

Goldsboro Headlight says: Because the principals of the Mount Olive and Pikeville schools voted the Democratic ticket at the recent election, the Third party patrons of both schools have withdrawn their children, informing the principals that hereafter they must look for their support from the Democrats. We are also informed that they are treating their pastors, who voted the Democratic ticket, in like manner and are actually withholding the amounts pledged to their support.

The Wilmington Messenger regrets to hear of the serious accident that befel Capt. Thomas W. Sloum, of Goldsboro, agent of the Atlantic Coast Line, last Wednesday evening. While looking after some business on the platform at Warehouse he happened to make a misstep and fell from the platform breaking his arm in two places. The same arm had been broken once before. We learn the accident was very serious, but we hope Capt. Sloum will soon be all right again.

CASTORIA for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y. "The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City, Late Pastor Bloomingdale Reformed Church.
