## Worth Its Weight in Gold.

R. MILES' NERVINE RESTORES HEALTH. When the nerves are worn and weak, and vitality is at a low ebb. The brain force is weakened and the intellectual powers dulled. Courage is lost, the mind becomes timorous and melancholia takes possession. The digestive organs fail to fully perform their functions, the heart's action is painful and irregular, the blood becomes thin and watery and the entire system is threatened with collapse. Under these conditions there is nothing so that you cannot be mistaken when I like Dr. Miles Nervine to restore health.

"I feel it my duty to inform you what your Nervine has done for me. I have been an invalid and doctoring for nine years. I lost my dear mother last March, and just after I was taken down with a very severe nervous trouble, which gradually grew worse, notwithstanding I was under the care of a physician. I finally became discouraged and gave up, thinking I never would be better. I cannot tell you how great a sufferer I was. I had hysterical fits, sometimes two or three a day, an oppressed feeling through my chest. I was troubled with palpitation, and could scarcely stand on my feet, and was totally unable to walk alone. Not even the lightest kind of food would digest. My nerves were in such condition that I could not write,

and I was reduced to but the ghost of my former self. I saw an advertisement and purchased a bottle of Dr. Miles' Restorative Nervine and from the first I noticed a change for the better. In a month's time there was a great improvement, in my looks as well as my feelings. The oppressed feeling in my chest entirely disappeared, my food digested much better and I could walk a short distance. It is over two months now and I can walk a half mile, and I am happy to say I am better than I have been for two years and am just beginning to feel like my old self; and I owe all and it is necessary for you to corn American and an Englishman were once this to you for Dr. Miles' Restorative Nervine.
