Oxford is the

Banner Market

Hunt & Williams,

Warehouse.

Will Get You the High-

est Averages on All

Grades.

The Farmers Warehouse breaks all former records in the sale of farmers' tobacco, and every pile is made to fetch the cream of the market.

All we ask is for you to join the happy throng that daily crowd our floors and our best efforts will be used to put every cent in your pockets we can.

In the history of Oxford our market was never in a better condition, and colory tobacco is selling better. Now is the time to sell and to sell at the Farmers.

Yours to please,

HUNT & WILLIAMS,

(aug 18.)

"A Contest With Aye."

Many are prejudiced against the use of glasses, and some positively decline to use them even when they are imperatively needed. These persons may be sensible and level-headed in all other matters, but in this one respect they act contrary to reason.

"A contest with aye" is hopeless, and one just as well yield gracefully. Only be careful to begin with the right glass. It is my province to provide that kind.

Examination free. I will be in Oxford at the Osborn House December 5th and 6th.

SAMUEL RAPPORT,

The Durham Eye Specialist.

LOTS OF NEWS

Freshly Gathered, Tersely Put and Interesting in Substance.

Oxford is still humming as a tobacco market and high averages.

Rook crusher is still crushing and the sidewalks are still muddy.

Our new county officers will go in next Monday, and the true white people will be happy.

It now takes rubber schooners to sail one over many of the sidewalks of our now mud blessed town.

The Methodist parsonage and the residence of Mr. L. B. Turner will be completed by first of January.

A Kansas girl got a legacy of \$500,000 to cultivate her voice. This seems a good deal to go for a mere song.

Mr. J. P. Bradsher sold a load of tobacco at the Farmers Warehouse Friday for \$7, 15, 29, 10, 14, and 8.

If fairly well-balanced human beings get a trifle excited over Thanksgiving and Christmas it's no wonder the turkey loses his head.

A four year old boy by the name of Hunsley was burned to death at Winston Thursday night. His clothing ignited while standing near the fireplace.

That Utah member of Congress (Roberts) who has three wives maybe wants to simplify the widow's third question should be die. He should not be allowed to take his seat.

This thing I can't get through my head—

It always make it ache; Why should they make flour into bread

Instead of into cake?

Mrs. Patton, the estimable wife of the Missionary to Japan, addressed the Ladies' Aid Society of the Episcopal Church at their meeting Monday afternoon, which proved of great interest to the ladies.

Spain has at last accepted the United States' offer of \$20,000,000, and at a joint session of the commission consented, without condition, to relinquish Cuba and to cede Porto Rico, Guam and the Philippine Islands.

Mr. F. B. Dixon, of Person county, accompanied Mr. W. A. Adams to Dinwiddie County, Va., last week, and visited some of the old battle fields around Petersburg. He also met Messrs. J. L. Clay and W. W. Knott, formerly of this county.

We respectfully ask our readers to patronize those firms who advertise in this paper. The man who openly invites you to his place of business should receive your first visit, and you will always find him the right man with whom to trade.

Raleigh correspondent of Charlotte says: Rev. L. G. Broughton, the sensational Baptist preacher, paid his respects to the Methodist Sunday for condemning the sale of cigarettes to the young and not condemning it to adults. He declares that the cigarette is a close second to whiskey as a danger to mankind.

Rev. Dr. Burns, the Rep-Pop Keeper of the capitol at Raleigh, has been convicted of poisoning dogs and sentenced to pay a fine of \$50. There was a wholesale conviction of such men as Burns by the people on the 8th of November and hundreds of them, along with their negro allies, will have to forfeit their offices next Monday.

After he had kissed her and pressed her rosy cheek against his and patted her soft, round chin, she drew back and asked:

"Charley, do you shave yourself?"

"Yes," replied he.

"Your face is the roughest that I ever—"

Then she stopped, but it was too late and he went away with a cold heavy lump in his breast.—Ex.

The Orphans' Friend last week was a regular hummer. It came out in an 8-page form, neatly printed on fine book paper profusely illustrated with the various buildings and departments of the Orphan Asylum, along with pictures of the Directors, Advisory Board, and Grand Master.

Among other valuable matter it contained a fine history of this great charitable institution from its foundation up to the present time.

General Alex. Hester, a negro politician and would-be Spanish fighter at an immense long range, along with some of Coley Gill's entraining black pets struck jury oil last week in Granville Superior court and put \$6 in his inside pocket; he was quite happy as he struck it on the last round. Wonder if poor Brumfield Ridley was a looker in Venice, and if he had been Coley Gill would have put him on as a black jury is more to his taste than a white jury.

Bishop Cheshire conducted divine services at St. Stephen's Episcopal Church Sunday morning, assisted by Bishop elect J. M. Horner, the Rector, Rev. R. B. Owens, and Rev. Mr. Patton, Missionary to Japan. The Bishop's sermon was well and pleasingly delivered, full of deep thought and love for the Master. The large congregation paid strict attention to the able sermon. The right of confirmation was administered to three persons. The music played by the accompanist, Miss Nina Horner, was exceedingly well rendered, and each member of the choir deserves much praise. At the evening service Rev. Mr. Patton entertained the congregation with his work in Japan.

The reception at the Oxford Seminary Friday night was a most pleasant affair, and greatly enjoyed by all who attended. Refreshments were served.

Dr. Hume, of the University, made an interesting and scholarly address before the Shakespeare Club of this place Thanksgiving evening at the Francis Hilliard School.

The foot ball teams of the Bingham and Horner Schools played a game at Oxford on Thursday afternoon. The Bingham boys defeated the Horner team by a score of 24 to 6.

Friday afternoon at 3:10 o'clock a distinct shock of an earth quake was felt in Oxford. One of the windows made the windows of dwellings rattle. There were three in succession.

If Marion Butler is feeling bad two years hence we will give him a dose of F. M. Simmons' regulator, or smoke him out of the Senate with the Jule Carb brand of 'Bull' tobacco.—Durham Sun.

Cards are out announcing the marriage of Miss Minnie, daughter of Mr. and Mrs. J. H. Stem, to Mr. Milton H. Bragg, Thursday afternoon, December 8th, at 4 o'clock, at the Methodist Church at Stem.

By order,
R. L. MEADOWS, Capt.

The Wilkesboro Chronicle says that Chairman Holton is the one man it has heard of that comes out for disfranchising the "negroes and poor whites." He stated to a Democratic friend on the train last week that he "hoped to God the Democrats would pass some law eliminating the negro from politics." He also "cussed" out Butler.

The energetic ladies of St. Stephen's Church will have their annual Bazaar next week, commencing on Tuesday, and promises to be a pleasant affair. They met with a splendid success last year, and we hope this one will prove equally as pleasant and profitable. Everybody is invited to attend as the Booths will present an attractive array of saleable articles of all kinds, and you can appease your hunger with delicious oysters, etc. Save up your money and spend it in a glorious cause as well as get value received.

Mr. W. H. Gregory, of Stovall, was an Oxford visitor Thursday last, and honored the PUBLIC LEADER with his dignified presence. He extended to us his warmest congratulations in the glorious victory achieved on the 8th of November, and for the persistent fight the PUBLIC LEADER made for white supremacy. We greatly appreciate his kind words, as we had worked hard for two long years to redeem our beloved county from negro-demagogue rule, and that the campaign was fought on this line advocated so strongly by the PUBLIC LEADER.

It will be seen by a notice elsewhere that the law co-partnership between Col. L. C. Edwards and Col. B. S. Royster has been dissolved by mutual consent. We are pleased to learn that Col. Royster will associate with him in the practice of law our esteemed young friend, Major F. P. Hobgood, Jr., who was admitted to practice at the last term of our court. He is well equipped and will soon forge to the front as he is a graduate of Wake Forest College and of the Columbia Law School at Washington City. Col. Royster has attained to such a high eminence in his profession that it is useless for us to say anything as to his abilities.

Wonder if Sheriff Sim Cozart will unload the millstone around his official neck Monday by dispensing with the services of Coley Gill, who takes so much pains to insult the true white people of the county who attend court by making the juries as black as possible, and the notorious Strrvation Bill Royster? Save these two great millstones, that have proved so obnoxious to the people, your administration has proven a success. Dump the dead weight upon yourself to force negro rule down the throats of the truest and best people of the State through such unscrupulous men as Starvation Bill Royster and Coley Gill as they will not submit to it.

Thanksgiving services were held in all the churches Thursday morning.

The steamship Portland with 129 on board went down off the coast of Massachusetts during the late severe storm.

Be certain to attend the Bazaar which opens Tuesday in Armory Hall as you will be pleasantly entertained.

We call attention to three new land sales and one Executors in this issue. Read them as you may be interested.

Miss Edith Lester Gilbert will give a song and piano recitation at the Hilliard School on Friday evening, December 2nd.

Pritchard, McKinley and the pretended white negro-lovers of the North can, but the true white people, not demagogues, will not submit to negro domination. They can put that in their Republican pipes and proceed to smoke it.

The days of large porkers are at hand. Mr. W. J. Stem killed two Tuesday, one 12 months old tipped the beam at 390 and the other at 330. Mr. A. A. Bryan, Mayor of Seaford, killed one that weighed 290. We expect soon to hear that Mayor of Reaverville has killed his prize winner and will go Mayor Bryant some 30 pounds better.

Tuesdays News-Observer says that Gov. Russell's staff and board of officers, consisting of Col. B. S. Royster, Inspector General; Col. S. S. Batchelor, Commissary General; Major H. Frank Brown, Adjutant General, met yesterday in the Adjutant General's office to adjust the accounts of the late Quartermaster General and to determine the quantity of stores supplied to volunteers.

Rev. M. H. Tuttle, who has so faithfully served the Methodist church as pastor left for Conference at Elizabeth City Tuesday afternoon. The Oxford church has made a fine showing this year. It has 200 members and including the Ladies' Aid Society and Sunday school have raised \$2,900 for all purposes. We doubt if any church of the same size in the Conference can show such a record. The congregation is so well pleased with Rev. M. H. Tuttle he will be returned to his charge. We very much regret that Rev. Kenneth Holmes' health did not permit his attending Conference, but we are glad to say his health continues to improve.

Protect the Eyes,

No one who suffers with weak or diseased eyes should neglect the unusual remedy of the most eminent oculist in the people Oxford for a thorough examination and diagnosis of the eye. Dr. J. Henry Odum, of Atlanta, Ga., oculist and optician, whose reputation for success and thorough knowledge in his profession is known in Oxford and has his office at the Hotel Irwin. Ladies will be received in the parlour and given every courteous attention.

The Doctor bears with him testimonials of the highest endorsement from patients he has successfully treated and by the press wherever he has been. His equipment lacks no instrument of most modern and scientific invention for the examination of the eye and the exact location of the seat of the disease.

His examinations are made free of charge and an honest diagnosis always rendered. The sight is one of the most valuable of the senses and should be protected.

Dr. Odum will remain in Oxford until December 7. Be sure and see him, for a like opportunity will hardly be afforded a 2nd time to have a free examination by so thoroughly qualified a master of his profession.

The editor greatly enjoyed a visit Friday from his old friend, Ed. Duncan, who it is said will soon resign as the able President of the Old Bachelors Club at Stem. We believe the girl who captures his heart will win a treasure, as he is a high-toned christian gentleman, and will naturally make a devoted husband. Our latch string always hangs on the outside for our friends, and hope friend Duncan will not let 12 months pass ere he calls again.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by cat-rrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free of charge.
