All who sell tobacco at the Johnson sing praises for Zaek Lyon, as he always sticks to a pile until the last copper is reached. As a warehouseman he is put down as a winner of high averages.

Mr. Zaek Lyon, of the Johnson Warehouse, is a prize winner as he leads in the sales of leaf tobacco for November. Oxford is well in the lead over the other markets in this territory and is selling more tobacco in the history of the market.

As we go along remember that that Oxford tobacco market is open six days in the week and that here you get good prices and comfortable accommodations, and in trading you will find goods as cheap, if not cheaper, than in any other town.

There is a new song going the rounds of the press and it runs as follows: "We don't want to buy at your place, we don't want to trade there any more; you will be sorry when you see us going in some other store. You can't sell us any state goods, we have opened wide our eyes; we don't want to trade at your store, because you do not advertise."

The "old man" is happy as he especially enjoyed the fruits of two years labor by seeing Democrats go into office Monday. We were pronounced to strong a Democrat by many of the party to assume the candidacy of an office, and are proud of our record on that score. We have never yet failed to do our full duty in the cause of Democracy whether it is appreciated by the party or not.

The gallant Kitchin's official majority over Adams in this district is 2,259. That don't look much like Adams cleaned out the Kitchin in the 5th Congressional District. The two largest majorities for congressmen were for Klutz of the 8th, who received 6,030, and for Bellamy in the 6th, who received 5,833, and the two lowest were for Crawford in the 9th district, 144, and Thomas in the 7th, 138. But they got there just the same.

Brother M. L. Shipman, of the Hendersonville Hustler, one of the champion fighters for white supremacy in the west, is a candidate for one of the principal clerkships in the Legislature, and certainly deserves due consideration at the hands of the members of the Legislature. He is endorsed by such men as Hon. W. T. Crawford, Locke Craig, James H. Merriman and others, and we hope he will reap his reward as but few newspaper men who stand the blunt of the fight receive due consideration at the hands of the Democratic party.

The piles of old rubbish in front of the Court House disfigures the street. Some wag remarked Monday that "all that old iron and wheels was the result of cleaning out the offices in the Court House the defunct Rep Pop combine had many old wheels in their heads." Another said, "wonder if that old dilapidated carriage is the one that Bill Royster and Oley Gill rode in around the campaign to continue negro rule in Granville, and if it was it horribly wrecked from a collision with the through united vestibule of white supremacy?"

The musical entertainment at the Francis Hilliard School Friday evening proved a rare treat for lovers of choice music. Miss Gilbert, the highly accomplished music teacher, showed conclusively to the cultivated audience that she possessed rare powers as a vocalist as well as performing on the piano. She completely captured the audience and was pronounced by many the finest vocalist they have heard for years. Miss Nina Horner, one of Oxford's elegant performers, played the accompaniments. The choruses were sung by the young ladies of the school, and Misses Julia Ury and Laura Williams assisted the charming Miss Gilbert in the instrumental music. The evening was greatly enjoyed by all who attended as it was a musical treat.

Deafness Cannot be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHENEY & CO., Toledo, Ohio.

The Fleming-Cozart case as to the office of Sheriff was argued before the Supreme Court Monday afternoon. Ex-Judge Graham and Major John Graham appeared for Mr. Fleming, and Mr. T. T. Hicks, of Henderson, for Mr. Cozart. The opinion will not be handed down before next week. Some think that a new election will be ordered, and that Judge Timberlake had no right to declare Cozart elected.

After afflicting the true white people of Granville for four long years with Rev. Starvation William Koyster and upholding him in much of his rascality Sheriff Cozart actually dispensed with his services on Monday and appointed James Buchanan, a clever man, in his place. This sounds to us like death bed repentance. He should go further and get rid of Coley Gill, who prefers negro jurors over white one.

If you are in search of Christmas gifts why go to Lynch's jewelry store where a beautiful line of new and attractive novelties are just being opened up and added to the stock. It is necessary for you to visit the establishment to get even an idea of the completeness and beauty of the stock.

Two Pointed Questions Answered. What is the use of making a better article than your competitor if you can not get a better price for it? Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best? If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by J. G. Hall, Druggist.

HIDES WANTED.—I wish to purchase good hides and will pay highest prices for them. W. H. HARRIS, at J. S. Brown's Store, Oxford, N. C.

OUR WASHINGTON LETTER.

WASHINGTON, Dec. 5, 1898. Congress convenes today, and it will enter upon one of the busiest sessions of years. In addition to the regular annual appropriation bills and other current matters, the Census taking has to be provided for, and good news knows how many reports of Commissioners are to be acted upon. Although Mr. Reed has a record as a rasher of things in general, yet it is believed that there will be many of his own party who will want their say, and they differ in regard to the policy of the Philippines, and other things. It is not believed now an extra session can be avoided. It may be that only the Senate will be called in extra session, as they only participate in the making, ratifying, &c., of treaties. Yet many of the influential Members of both Houses oppose annexation of the Philippines, and they will wish to be heard, and would rather feel slighted if only the Senate was here to dispose of the question.

As regards the war commission, very little time will be taken up with it. Everyone knows it was carefully selected to bring in a report favorable to the war management, their orders even going so far as to furnish a list of questions and a line of examination. They were to examine only such witnesses as were favorably disposed to Algerism, and avoid any unpleasant or startling disclosures. The country is familiar with how carefully they have followed their instructions. They have taken hundreds of pages of evidence, had it all nicely printed (which is a good thing for printers) and will wind up with a nice recommendation that the war was conducted upon the most efficient and human principles, everything possible was done for the health and comfort of the soldiers, and Alger, McKinley & Co., have covered themselves with a blaze of glory. Then they will lay down their whitewash bucket, hang up their brush, present a big fat bill to the treasury for their junket, and go home with a well-earned air. And many a mother will still know that her boy was starved and neglected in the hospital, when the people of the U. S., voted hundreds of millions for the comfort and care of those who volunteered, with their lives, in their country's defense. And millions more were given to the Red Cross, and still millions more sent direct to the soldiers themselves.

And many a soldier will return to his home with wrecked health and shattered frame, who never fired a gun, saw a Spaniard, or left the confines of his country, and HE WILL KNOW HOW IT WAS DONE. And many will return from the army with fine apparel, and plethoric purses, and thank God we had such a glorious war. The latter class will be the incompetent officers, son of rich men and influential politicians, and the contractors who filled their contracts in an election-paid-me-back kind of way, and they are guilty of the crime against our boys equally with those who placed them in that position.

The many friends of Hon. W. W. Kitchin are rejoicing over his return to next Congress. He has followed the course which will return him to bear an intelligent, honest and painstaking effort in every duty which has fallen upon him, and has so conducted himself as to convince his constituents that he was attending to their affairs earnestly and energetically, and not neglecting them for private ones of his own, as so many congressmen do. Hence, when he went before the people again, they knew him and trusted him and returned him, and Adams who boasted he "would clean out the Kitchin" will remain at home to do it, or perhaps the horse-stable or pigpen, as they would be more in a line with his talents, since his miserable cowardly course on the bench and his gratuitous insult to our womanhood of the State, from a judicial position. Such men can fork up many fat better than they can serve in Congress, and the people in the Fifth District know it.

North Carolina probably sees the dawning of the morning since December first. Negro policemen are disappearing, and soon magistrates and constables and school committeemen of a very sable color will return to the shades of the cornfield for which they are fitted by God and nature, and light and intelligence will take their place. And the great common people, as a body, will feel that uneasiness, which has afflicted them far more than two years past, pass away, and in its place will come a feeling of calm repose and trust, because they know that justice and intelligence and worth rule, and the better class of negroes even will feel glad that the white man has come into his own again. Wm. L. M.

Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for months by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. She continued its use and after taking six bottles, found herself well and strong; now does her own housework, and is as well as she ever was.—Free trial bottles of this Great Discovery at J. G. DEMOCRATS ARE HAPPY.

Newly Elected County Officers Assume Their Duties.

Monday was a happy day for the true white men of Granville county as it dispelled the dark cloud which has hung over the Court House for four long years as the newly elected officers of the county were installed into office and assumed their duties amid the enthusiastic congratulations of the Democrats, true Populists and old line Republicans.

Quite a large number of Democrats were present to witness the change of affairs, and their faces were wreathed in smiles.

The old Board of Commissioners had finished up their two years work for what they conceived to be for the best interest of the taxpayers of the county, and good humoredly retired for the new board. Col. C. M. Rogers and Mr. Ferabow being relieved by Messrs. Charley Crews and Joseph Royster, while Major James A. Bullock continued in his seat as he was re-elected. While he is a Republican of the old school he has the best interest of the people of Granville at heart and will continue to make a good commissioner.

On motion of Commissioner Bullock the honor of Chairman was conferred unanimously upon Charley Crews, who will be certain to make an able and efficient officer, and Mr. Royster will prove the right man in the right place. The board is one that will command the confidence of the people, and the affairs of the county will be in safe hands.

The first business before the board was the election of an attorney and the able Colonel B. S. Royster was unanimously chosen, and will perform his duties well, as he always does in whatever position he occupies.

Mr. John B. Mayes presented his bond as Register of Deeds, which was accepted and he took the oath, and Dr. Taylor politely turned the office over to him. Mr. Mayes will make a polite and faithful servant of the people. Mr. Charley Crews, the former efficient Democratic Register, has kindly consented to initiate Mr. Mayes into duties of his office which will be well done.

Clerk-elect Dr. Graham Hunt was next to step forward and tender his bond which was pronounced all right and the smiling doctor took the oath and Mr. J. M. Sikes, a courteous retired with his polite young assistant, Hill Hunter, and assisted the new clerk in catching on to some of the details of the office. It goes without saying that Dr. Hunt will make a most competent and popular official, and his legions of friends are proud that he consented to accept the office. He will be assisted by that high toned gentleman, Mr. W. T. Lyon, who is recognized as one of the most efficient business men in town and will make a capital deputy clerk.

The popular Frank Edwards was next to present a heavy bond for Treasurer. It was pronounced good and took the oath of office. Every body knows that the finances of the county are in solid firm hands and every cent will be accounted for. Truly his word is his bond.

Sheriff Cozart presented his bond and the consideration of which was postponed to an adjourned meeting on the 14th inst.

Several constables bonds were approved, and a large number of accounts were allowed and a committee appointed to settle with the outgoing treasurer. The Board was in session two days. Let us give three rousing cheers for our new officers and the true white men of old Granville!
