ROBBERY IN OXFORD.

Paris Bros and Klondike stores Robbed Friday Night Last.

Bold and shrewd thieves were on the stealing path in Oxford Friday night and two of our merchants are deprived of several hundred dollars worth of goods. During the night Lassiter elsewhere in this issue. thieves took a piece of glass out of the front window of the Klondike store and helped themselves to proving. what they wanted, and from there and broke in and filled up a trunk at 506 pounds. with goods. In all it is thought that \$500 worth of goods was taken from both stores. The thieves had to have some way to get out of town with the goods and walked over to Mrs. J. H. Horner's and appropriated her horse and buggy to their especial use, with which the stolen goods were carried in the direction of Dexter. The horse and buggy was turned loose and returned home all right Saturday. Saturday night the thieves needed a wagon to continue their journey and went wagon in which they must have hauled the goods to Adoniram secdark to see the tracks.
