On Subject of Vaccination.

The following is an extract of a letter from Dr. A. W. Eley, Superintendent of Health, of Suffolk Va., to Dr. G. A. Coggeshall, which we pubish for the benefit of our people: As the subject of Vaccination is one which has greatly interested me. will make brief allusion to it; we can find no evidences of vaccination in more than 2 per cent of the cases of Small Pox. Our colored public school which was vaccinated under compulsion at an early date, has hood infested with S. P. without be-| matter of duty. ing closed for a day, and with impunily; we have had all sorts of mixtures in families of people vaccinated; sometimes one vaccinated, and several not, sometimes several is exactly the same except the fact at all. of vaccinated, we note that the discase is like a fire which burns square ean't cross the line. If any are inmed to be skeptical on the subject of the value of vaccination as a predrawn more distinctly than it has Franklin, been here; still there are people here
