THE DAY.

PUBLISHED EVERY AFTERNOON (EXEPT SUNDAY) AT HERNDON BLOCK NO. 1.

H. W. KRONHEIMER, Editor,

Subscription: 10 cents a week. Furnished to city subscribers by carriers, who will make weekly collections. 40 cents per month if paid in advance.

solicited. The editor disclaims any responsibility for opinions expressed by correspondents.

Subscribers not getting their paper promptly and regularly are requested to notify the office at once.

Our advertising rates are very low-for one week, or six insertions, about the same as charged by weekly newspapers for one time. Having a thorough city circulation, and reaching daily a number of post-offices in this and surrounding counties, it is a

splendid advertising medium. Legal advertisements, such as administrator's and executors' notices, commissioners' and trustees' sales, summons to non residents, etc., will be charged for at legal rates, except when they exceed a certain limit of space, in which case we reserve the right fix our own price. All such business must be PAID FOR IN AD-VANCE. The charge is very small and we cannot afford to take risks or wait the pleasure of persons to pay

Entered at the Post-Office at Oxford as second-class mail matter.

SUN LIGHT.

certain matter shadowed with a very such a speech and he gave it to gratisinister accusation, and our luminous fy them. The Republican politineighbor, the Durham Sun, proceeds cian counts sincerity as nothing and to shed it in this way;

Our usually sprightly Oxford contemporary, THE DAY, took occasion Atlanta Constitution. on Monday evening last to comment upon an item sent from Raleigh to the Richmond Times regarding a certain Durham factory. The latter part of the item was very misleading, and it caused our Oxford contemporary to deal in some very harsh strictures upon the grand jury of this county. "love of sensation is stronger than the regard of accuracy" with some newspaper correspondents and we can not attempt to keep up with every thing printed derogatory to Durham.

If our exchanges would read the Sun carefully perhaps they would not be led into such grievous errors damaging to a sister town, and they would be more apt to get a better idea ,of what is going on in Durham than Reidsville Review. through information doctored up to suit outsiders who may have little regard for the impression their knowlege

We think the Day has been too hasty in its comments, especially in view of earth after awhile. the fact that the Judge has recently charged a Granville grand jury in the same manner as the one here. Let us now see what the grand jury in our neighbor's own county will do before it seeks to cast reflections upon one in 10th. an adjoining county, which did its duty conscientiously, and "were fully sensible of their oath and the duties of their office.l'

Certainly THE DAY has no intention of doing this grand jury, or any other grand jury, or any people, any injustice. It had been openly charged that these jurors, after finding a true bill against a Durham manufacturing firm for being concerned in a trust in violation of the laws of the State made and provided; dropped the indictment like a hot coal because of a threat made by these manufacturers to remove in the funniest of all farce comedies their plant from the city if prosecuted. We asked if it was true, asserting at the same time our belief that it was a piece of sensational news without foundation in fact.

We accept the Sun's statement that ed order. this grand jury "did its duty conscientiously and 'were fully sensible of their oath and the duties of their office," but we would have prefered that our contemporary had been more specific in its denial. As for the reference to the Granville county grand jury, we fail to see what they have to do with soll hardin to pay his debts. He nence gives notice that as such he will sell at Oxford, the matter. That they may commit on Monday, 3d March, 1890, at the court house door, fifty acres of land on Bowling's a wrong does not palliate a wrong committed elsewhere. Should they prove so flagrantly false to their obligations, however, The Day will not minerals and metals. Terms easy. This Every day at my Stall. Orders rehesitate to characterize their conduct January 30, 1890.

R. W. Winston, Com'r. in terms to fit the case.

HOW THE ROMAN FATHERS USED TO GET TOGETHER.

The Atlanta Constitution had an ininteresting special from Washington, which we give below:

On Thursday last, just after Senator Ingalls concluded his speech on the negro question, he met Sena-Short communications on live subjects tor Butler, of South Carolina, in the lobby. As the two men shook hands, Senator Butler said:

"Ingalls, what do you mean by doing like this?" evidently referring to

his bitter speech. "Butler," replied Ingalls, "do you know anything about Roman history? If so perhaps you remember how the Roman fathers used to get together and privately laugh over the gullibility of the Roman people."

With a smile the Kansan walked

Doubtless Mr. Ingalls was laughing in his sleeves while delivering his speech, and, like Puck, wondering And am prepared to execute all "what fools these mortals be" to swallow so readily the stuff he was ladeling out to them; but it strikes us that a remark very much of the same nature was attributed to Mr. Jas. G. Blaine some years ago after a similar bloody shirt attack upon our section.

Mr. Blaine was reported to have THE DAY asked for some light on a said that his constituents expected honesty as an antiquated notion.

A Word to Our Young Men.

In an interesting talk with a Constitution man the other day, President Kincaid, of the Griffin mills, said:

"What the south needs above all things is men. I have a situation at a hand some salary for any young man of sense who will go through the technological school and graduate, and then spend three years at hard work in a cotton mill. We need such men for superintendents,"

Every word uttered by President Kincaid weighs aton. We need skilled labor. Wen eed young men of education, who will put their brains into their work.

A Vain Hope.

Raleigh seems to think that it ought to have the Baptist Female College in addition to Trinity College. It is anxiously hoped that Raleigh will be satisfied with something less than the

Panacea!

North Carolina's Greatest Boon

TO

Suffering Humanity!

November 29, 1889.

Capt. John A. Williams:

I take pleasure in reporting to you a remarkable cure of a friend of mine in new neighborhood, who was greatly reduced in flesh, suffering with an awful case of Chronic Diarrheea. The best medical skill failed to cure and the patient was in a state of despair as to ever being cured, but on trying Panacea Water, a cure was effected in less than a month, although the terrible disease had been of over twelve months in duration. This cure is marvellous beyond belief and shows that the water possess peculiar adaptability for curing Chronic Diarrhœa.

J. C. RANDOLPH.

Capt. John A. Williams is all the time receiving testimonies in favor of Panacea Water.

Our courteous Mayor, Lewis G. Smith, Esq., has given a strong testimonial to the value of the water in his own case and the case of one of his children. His endorsement is very ssrong.

Mr. M. F. Hart of Messrs. Hart, Lawrence & Cochran bas given emphatic endorsement to the merits of Panacea. His family had visited several celebrated springs but found the Panagea Water the best of any.

Mr. J. C. Hundley has used the Panacea Water in his family and speaks in the highest terms of its virtues. He says it acted like a charm.

Dr. John W. Booth has had another case, besides those he has heretofore given. wherein Panacea Water acted with very remarkable efficacy.

Mr. J. E. Tyler says he has used the Panacea in his family with decided benefit.

Mr. A. P. Fleming speaks knowing-

Rev. W. S. Hester says Panacea Water acted like a' charm in his case, and now he is equally decided in saying it was of great benefit to his wife.
