**NOTES OF THE DAY.**

**THE LOCAL HAPPENINGS SERVED IN SHORT PARAGRAPHS.**

**Minor Events, Retrospective and Prospective, Gathered About the City By Our Alert Reporters.**

The gardening disease has broke out afresh.

The Raleigh papers failed to reach Oxford this morning.

There will be no services at the Methodist Church tonight.

The Meadows Tobacco Company commenced work yesterday.

It is reported that a new brick yard will be opened here this spring.

The time for holding our municipal election is only a few weeks off.

Some household utensils were auctioned off in front of the courthouse today.

Straw-yellow hair is no longer seen. —Exchange. Dyed long ago—dead sure enough now, eh?

Two names were added to the membership roll of Oxford Lodge, I. O. O. F., No. 103, last night, making the total number of members one hundred and eighteen.

The young insurance firm of our city, Messrs. Field & Royster, have been appointed State agents for North Carolina for the United States Mutual Accident Association.

Mr. A. W. Graham is assisting Solicitor Strayhorn at Hillsboro in the prosecution of Revenue officers Kirkpatrick, Patterson, Cates, Dodson and Dixon, charged with killing the negro McMannen.

The sermon at the Methodist Church last night by Rev. J. A. Cuninggim, Presiding Elder of the Warrenton District, was a very able one and was listened to with marked attention and interest by a large congregation.

Millie and Sue Carady, two dusky women, had a hair-pulling and scratching encounter on Herndon Avenue yesterday afternoon. Policeman Whitfield arrested them, and Mayor Smith thought a dollar fine for each was the punishment to suit the offence.

Spring was written in bold face caps on the face of this morning. The air was soft and warm, the bending skies were cloudless, the earth was bathed in a flood of golden sunlight and the trees were musical with feathered songsters. And yet only three or four days ago the landscape wore a mantle of spotless white, mercury had fallen down to a freezing point and the unlucky mortal who braved the anger of old Boreas found the fierce wind blowing through his whiskers.

**Richmond Tobacco Market.**  
RICHMOND, VA., March 10th.—Our market, during the past few days, has been quiet, but very firm. Light sales are being made every day of nearly all grades. Heavy sales are impossible on account of the light stocks of anything like desirable tobaccos held by our commission merchants. Some movement is noticeable recently in dark tobacco. West Virginia crop is about marketed. Receipts continue light, with comparatively heavy shipments.

**Johnston's Vegetable Nolandine, unexcelled as a tonic, liver regulator and blood purifier. For sale by all druggists. The Nolandine Co., Richmond, Va.**

For Sale.  
Three Hundred Acres of land near the town of Oxford. It is good grain and tobacco land, and is well timbered. Will be divided to suit purchaser. Apply to this office.

**WHILE AWAY DULL CARE.**

**A Movement on Foot to Organize a Social Club Here.**

A movement is on foot to organize a social club here, something which has long been needed in our city and which it is to be hoped will be pushed to a successful consummation.

The purpose is to fit up a handsome suite of rooms, to include a library and reading room, game room and billiard and pool room. It is understood that not a drop of intoxicating liquor will be allowed to enter the doors and that gambling will be strictly prohibited.

About thirty names have already been secured as charter members. An organization of this kind will exert a good moral influence in our community. It will afford a very pleasant place for gentlemen to meet in social intercourse and to entertain visiting friends.

**Thrown by a Bucking Broncho.**

Mr. R. W. Day sustained a hard fall and painful injuries yesterday evening about seven o'clock. He was riding an unbroken Texas broncho, and on Commercial Avenue opposite Messrs. D. A. Hunt & Son's store the animal began bucking and succeeded in dislodging the rider. Mr. Day was thrown some distance in the air, and fell striking the bark of his head violently against the ground.

He was unconscious for about an hour, and it required the combined efforts of three physicians to restore him to his senses. Fortunately the skull was not fractured. He was carried to his home and passed a comparatively quiet night. His injuries are not regarded as serious, and he will very like be fully restored health in a few days.

**On a Nuptial Errand.**

A party of ladies and gentlemen of our city, composed of Misses Anna Landis, Fannie Hughes and Berta Burton, Mrs. A. Landis, Messrs. W. O. Baskerville, J. H. Bullock, J. G. Hall, J. E. Wyche, Clifton Chatham, W. Landis and A. S. Davis, accompanied Mr. C. H. Pearson to Mecklenburg county, Va., this morning on a nuptial errand. Mr. Pearson, who is one of our most popular young business men, will be married this evening to Miss Belle Goode at the residence of her father, Mr. E. B. Goode, near Five Forks. The ceremony will be followed by a wedding entertainment at which the old time hospitality of Virginia will be lavishly dispensed.

**Encouraging Outlook.**

The outlooks for water works in Oxford are very encouraging. The investigations made this far show the plan as proposed at the last meeting of the Commonwealth Club is entirely practical, and that there are two sites within easy reach which will afford the city an ample supply of water at a small cost.

**Shooting Affair in Mecklenburg, Va.**

The way it started was this. The dog flushed the bird, and the bird was shot. If the bird had shot the man he would have sent at once to Furman & Hays' drug store for a bottle of liniment and then this fuss would never have been.

A fine lot of smoked jowls, sugar cured hams and shoulders. Kingan's pure lard. D. A. HUNT & SON.

I will sell very cheap a handsome suit of parlor furniture, dining room outfit complete and handsome parlor carpet. D'ORSEY JONES.

**THE LATEST NEWS.**

**CAREFULLY SIFTED FOR THE BUSY READER.**

**Items of Interest About North Carolina Selected and Condensed from our Exchanges.**

Gov. Holden has had another stroke of paralysis, and is in a critical condition.

A \$300,000 saw mill plant is to be put up soon at Morehead City by northern capitalists.

Guilford county is asked to subscribe \$100,000 to the Greensboro, Roxboro and Blue Wing Railroad.

The mutterings of discontent are still heard at Rocky Mount. Another anonymous letter has been received there warning thirty men that they will not live thirty days.

The *News-Observer* says that at the request of the Alumni Association the Faculty of the State University have set apart Wednesday afternoon, after the address before the two societies, for the reunion of the Alumni. It is contemplated to have a banquet with after-dinner speeches.

The *Charlotte News* says: The United Edison Manufacturing Company of New York has evidently located here to stay. The agency occupies handsomely fitted up rooms over the Western Union Telegraph office. The halls and stairways are carpeted and walls papered, while outside big gilt signs attract the notice of the people. The agency is in charge of Mr. Wm. R. Worrell, an expert electrician, and he is assisted by Mr. Joseph Young. The agency will do a general electrical business, and will not only furnish all kinds of electrical machinery, but will equip towns with electric light plants in short order.

**IN A GENERAL WAY.**

**Important Happenings in Other States and Countries.**

A law recently passed by the legislature of Virginia prohibits the employment of women and children under 14 years of age in factories for more than ten hours a day.

A Pittsburg, Pa., stove manufacturer has been on a protracted spree in Richmond and Milford, Va., and is throwing his money around with a lavish hand among the negroes. He has given as high as \$10 to a person, and the authorities want his friends to send for him before he is impoverished.

It is very probable there will be another delay in unveiling the monument to Gen. Robt. E. Lee at Richmond, Va. Defects have been discovered in the pillars of the handsome granite pedestal erected to receive the equestrian statue of the great Southern soldier, and they will have to be replaced with new ones, which will consume quite a time.

Two Virginia boys, aged twelve and fourteen, were punished by a neighbor for some mischief, and in revenge they stole two dozen packages of rat poison from a drug store and placed them in the wells from which a half a dozen families got water. Two whole families were poisoned, but it is thought all will recover, as little of the water was used. There was enough poison in the water to kill a hundred people.

A mob of several hundred men procured a small cannon and rode into the town of Spartanburg, S. C., Monday, for the avowed purpose of attacking the jail and taking therefrom and lynching George S. Turner, who shot and killed his brother-in-law, Finger, on Friday. When the mob arrived in the public square Mayor Henneman, at the head of the police force and with pistols in hand, repulsed them, spiked their cannon and locked it up. After making further hostile demonstrations and threats of returning for Turner later, the would-be lynchers finally dispersed.

**PURELY PERSONAL.**

**The Doings and Whereabouts of Some People You Know.**

Mr. R. W. Winston was in Durham yesterday.

Mr. Ed. Strayhorn, of Winston, is in the city.

Mr. F. L. Fuller, of Durham, was in Oxford today.

Miss Ellen Ferrabow, of Stems, is visiting friends in Oxford.

Lieut. Wm. Lassiter has returned from a short stay in Raleigh.

Mr. Henry Pannell is in the city again, reaching here yesterday.

Mr. J. F. Rogers went to Durham on the afternoon accommodation.

Mr. Henry Miller, of Raleigh, is in the city on business in connection with the R. & D. Railroad.

Mrs. J. B. Roller and children returned yesterday from a visit of several weeks to relatives in Halifax county, Va.

Miss Addie Travers, the skillful and popular young lady who presides over the millinery department at Messrs. A. Landis & Sons', left this morning for the northern markets to purchase spring and summer goods.

Rev. G. W. Ferrell, the oldest Presbyterian minister in North Carolina and who has been preaching in Granville county for nearly sixty years, is in Oxford on a visit for the first time since the railroad was built here. He has reached the advanced age of eighty six years.

Dr. C. D. H. Fort returned from Baltimore yesterday afternoon, bringing with him an expensive and complete set of the latest improved dental tools. With his new outfit, which is equal to the best, he is prepared to do most satisfactory work for his patients.

**The Durham Fire.**

Particulars of the Durham fire yesterday are gleaned from the *Sun*. It occurred at 8:45 a. m., and in a short while the Durham Fertilizer works were a mass of ruins. The fire companies were powerless to do more than save the adjoining buildings. The origin of the fire is unknown. It started in a room not usually occupied.

The Fertilizer Company lost their buildings and their entire plant, with a large amount of fertilizer, stored away for shipment. They did save two car loads of fertilizer, which was dumped out across the D. & N. track.

The R. & D. R. R. company lost four box cars, which was standing next to the factory, some of them partially loaded. This loss will be about \$2,400. The D. & N. lost one box car, estimated at three or four hundred dollars.

An estimate of the loss to the Fertilizer Company could not be given yesterday. The plant was insured for \$17,000. The fire came just at their busiest season. It is announced that the factory will be in operation again in three days.

**Johnston's Vegetable Nolandine, unexcelled as a tonic, liver regulator and blood purifier. For sale by all druggists. The Nolandine Co., Richmond, Va.**
