NOTES OF THE DAY.

THE LOCAL HAPPENINGS SERVED IN SHORT PARAGRAPHS.

Minor Events, Retrospective and Pros-
pective, Gathered About the City By
Our Alert Reporters.

There was a severe thunder storm
last night.

It is thought that most of last year's
tobacco crop has been already market-
ed.

A dog, thought to have the rabies,
was shot on the streets yesterday after-
noon.

About this time the kites are form-
ing entangling alliances with the tele-
graph and electric light wires.

Among the buildings to be erected
here this summer, will be several par-
ticularly handsome residences.

A number of Oxford people are at
at Bullock's Church, this county,
where quarterly conference is being
held today and tomorrow.

An interesting article on the future
of the Oxford Female Seminary, con-
tributed by one of the pupils, will ap-
pear in THE DAY next Monday.

Mr. Upchurch, who met his death
yesterday in discharge of his railroad
duties, had many friends in Oxford,
who much regret his sad and untimely
death.

There is some probability of a large
school for negroes, under the auspices
of one of the great religious denomina-
tions of the north, being located in
Oxford in the near future.

It is with pleasure we learn that the
Magic Self Lighting Pocket Lamp, in
which our former townsman, Mr. J.
E. Kronheimer, is largely interested,
has proved an immense success. The
company finds it difficult to supply the
demands.

Durham Gets It.

Durham will get Trinity College.
It is settled. Raleigh gracefully sur-
renders, as the following resolutions
passed yesterday shows:

Resolved, That we, the committee
representing the city of Raleigh, while
we would be delighted to have the
college here and are willing to per-
form our part of the contract for its
location here, we would not stand in
the way of a better offer and thus hin-
der its usefulness or retard its progress,
and therefore hereby grant the request
of the board of trustees and consent
to release them and the N. C. Con-
ference of the M. E. Church, South,
from any obligations to remove Trinity
College to Raleigh.

PURELY PERSONAL.

The Doings and Whereabouts of Some
People You Know.

Dr. W. O. Baskerville went to Meck-
lenburg county, Va., today.

Mr. E. B. Goode, of Mecklenburg
county, Va., returned to his home
this morning.

Miss Lizzie Lowndes, of the Oxford
Female Seminary, went to Durham
yesterday afternoon.

Dr. Eugene Grisson, of Raleigh,
arrived in the city this morning, and
is registered at the Osborn House.

Mr. B. F. Kronheimer, after an ab-
sence of nearly two weeks at the north
purchasing goods for his store, came
home yesterday afternoon.

Miss Nanajie Daniels, of Baltimore,
Md., returned to Oxford yesterday
and again fills a position in the mill-
inery department of Messrs. A. Landis
& Sons' store.

A Fatal Accident.

An accident occurred yesterday
morning at Wilson's Mill, which re-
sulted in the death of Mr. B. M. Up-
church, a baggage master on the Ox-
ford & Clarksville Railroad. Mr. Up-
church ran one day on the O & C
road, and the next day on the accom-
modation freight from Raleigh to
Goldsboro.

He was with the latter train, and
we learn from the *News-Observer*,
while it was shifting was assisting in
the coupling and uncoupling of cars.
He had pulled out a coupling pin and
was walking backward with the mov-
ing cars, when he got his heel caught
in between the guard rail and track,
and fell. The wheels passed over him,
crushing and mangling his right leg ter-
ribly and tearing the fleshy part of his
arm off to the bone.

Prompt medical attention was sent
him by a special train. He was re-
moved to Raleigh in the afternoon, but
expired while being carried from the
depot to his father's residence. The
deceased was the son of Mr. Alfred
Upchurch, of Raleigh, and was twenty-
five years of age.

Rats!

When an egotistic fellow is shooting off
his mouth and some one cries "rats," he is
mad. The same may be said of the house-
keeper when their pestiferous rodents de-
stroy the results of her labor. Buy a box of
"Tough for Rats" from Furr & Hays and
avoid further trouble.

THE CLUB DOINGS.

THE COMMONWEALTH AT THE COURTHOUSE LAST NIGHT.

Some Interesting Speeches—Committee
Appointed on County and City Maps
and Advertising Pamphlet.

The meeting of the Commonwealth
Club at the courthouse last night was
called to order with Capt. J. A. Wil-
liams president, in the chair. The
attendance was small, presumably be-
cause of the stormy weather.

The first subject up for discussion
was waterworks. Mr. J. C. Hurdley,
who has this matter principally in
charge, made some timely remarks up-
on the importance of securing this im-
provement for Oxford. He is making
thorough investigations, but has not
yet obtained all the information he
wants and was not prepared to submit
a report.

Maj. N. A. Gregory followed with
a sound speech upon his favorite topic
manufactories. He favored factories
of all kinds, and the establishment of
these enterprises should engage our
first attention and enlist our most ear-
nest efforts. Those here now are suc-
cesses, and their great benefit to the
community everyone recognizes.
They should encourage our people to
larger endeavors in the same direction.
Incidentally it was announced that
Messrs. Davis & Gregory have pur-
chased recently the old plant of the
Cooper Tobacco Company, and in-
tend soon to begin the manufacture of
granulated smoking tobacco on a large
scale. This information evoked ap-
plause. Several other factories in
contemplation and very likely to be
started were mentioned.

Dr. E. T. White, Capt. J. A. Wil-
liams and one or two more gentlemen
had something to say in this connec-
tion, with the effect of buoying up no
little the spirits of their hearers.

Dr. J. M. Hays, chairman of the
committee on city and county maps
and advertising pamphlet, rendered a
report. The services of Mr. J. W.
Hays, Jr., can be secured at reason-
able cost for the map work. He is a
civil engineer of reputation, and a son
of Granville. Estimate of cost of
printing pamphlet was submitted.

Maj. Gregory moved that a commit-
tee be appointed to go before the city
and county commissioners, and ask
their co-operation in the matter of the
maps. Especially, he said, is the
county map necessary. It should
show the location of the various min-
erals and would accomplish an incal-
culable amount of good. There is hard-
ly a mineral but to be found in Gran-
ville, and he did not doubt that they
can be found in paying quantities. If
properly advertised, capitalists would
be induced to come and investigate.
The motion was carried, and the follow-
ing gentlemen were appointed: Maj.
N. A. Gregory, Capt. R. V. Minor
and Dr. J. M. Hays. These gentle-
men will also get up the subject matter
and arrange for the publication of the
deceptive pamphlet.

The secretary was instructed to in-
vite the young men and every citizen
of the town interested in Oxford's wel-
fare to become members of the Com-
monwealth Club and attend the meet-
ings regularly.

The meeting then adjourned.

STATE SIFTINGS.

Items of Interest About North Carolina
Culled from Exchanges.

The Governor has appointed the fol-
lowing named trustees to constitute
the committee to visit the University
and report upon its condition to the
board at the commencement meeting:
W. L. Steele, Chairman, Rocking-
ham; Paul C. Cameron, Hillsboro;
B. F. Grady, Albertson; S. M. Finger,
Raleigh; A. H. Merritt, Pittsboro;
J. W. Fries, Salem; J. E. Woodard,
Wilson.

When Dr. Crowell addressed the
Trinity College mass meeting, he made
a statement which was reported in
these columns in regard to a publishing
house that will probably be established
in Durham. Yesterday he informed a
representative of the *Globe* that such a
company will be formed with a capital
of not less than fifteen thousand dol-
lars, to engage in the business of pub-
lishing school and college text books,
law books and a general book print-
ing and publishing business. He said
that five thousand dollars has already
been subscribed for the purpose, and he
is sure that the business will be estab-
lished in Durham.—*Durham Globe*.

The *Wilmington Star* says: The
Tebe Saunders gold mine in Montgom-
ery county, the rich finds is which
attracted so much attention some time
ago, is now the property of a northern
syndicate, by whom it was purchased.
The company is working about thirty
hands now, and is making arrange-
ments to put up an extensive plant. The
crushing machinery will be erected on
a never-failing branch near by, to
which the ore will be conveyed by a
tram-way, and from which water will
be conducted to the mine in pipes for
hydraulic purposes. It is said the
company will back this and other
mining enterprises in that county in
which it is interested with a million
dollars capital.

IN A GENERAL WAY.

Important Happenings in Other States
and Countries.

Gen. F. H. Smith, ex-supt. of the
Virginia Military Institute, died yester-
day of paralysis.

At the request of the citizens Sun-
day mails have been discontinued at
Chase City, Va.

The anti-trust bill was discussed in
the Senate yesterday and it went over
until Monday as unfinished business.

The people of Boydton, Va., are so
alarmed on the subject of mad dogs
that the town council has passed an
ordinance prohibiting dogs to run at
large in the corporation.

The *State Chronicle* says that Alex-
ander Doyle, who has furnished the
design for Henry Grady's monument
at Atlanta, has been awarded the con-
tract to erect it. It will be of Geor-
gia marble or granite, surmounted by a
bronze statue of Mr. Grady, and is
to be completed within two years.

Bluffton, Ala., makes a munificent
gift of \$500,000 to the Methodist Epis-
copal Church for the location of an
educational institution, known as the
University of the Southland. Rev. C.
L. Mann, D. D., who has it in charge,
says that \$2,500,000 will be expended
on the main building, which will be
300 feet by 300 feet and seven stories
in height, with an inner court 200 feet
square. The material to be used is
white marble, granite and sand-stone.
The ground will be broken April 15th
and work on the building pushed rap-
idly.
