The Washington correspondent of the Durham *Globe* writes that the blind chaplain of the House, in his prayer Wednesday morning said: "Oh! Almighty God, our only help, we commend to Thy fatherly care and pity Thy servant, a member of this House, and his wife, whose hearts are crushed by the untimely and terrible death of their son, the son of their hearts and hopes."

Railroad Commission Demanded.

It has transpired, through a telegram from Raleigh to the Atlanta *Constitution*, that the following resolution was passed by the Farmers' Alliance of the various counties of North Carolina last Saturday:

Whereas, It is the opinion of the Alliance that the agricultural interest of North Carolina would be advanced by the creation of a railroad commission for this State, and also the passage of the sub-treasury bill pending in Congress. Therefore, be it

Resolved, That we hereby pledge ourselves not to give our support to any candidate for the legislature who is not known to be in favor of a railroad commission for North Carolina, nor any candidates for Congress who will not pledge himself to exert his best efforts to secure the early enactment of the bill before Congress known as the "sub-treasury bill."

IN A GENERAL WAY.

Important Happenings in Other States and Countries.

Hon S. J. Randall is rapidly sinking and his life is despaired of.

Kansas City is the latest to throw off the Republican yoke. It elected this week a Democratic mayor for the first time in four years.

The United States Rolling Stock Car Works, the largest in the South, at Decatur, Ala., were destroyed by fire last night. Loss, over \$200,000.

The Texas Standard Cotton Seed Oil Mill and Refinery, near Galveston was burned last night, entailing a loss of about \$200,000, which is mostly covered by insurance.

Richmond Tobacco Market.

Daily Sales Small--Meeting of Tobacco Association--Personal.

RICHMOND, Va., April 9.—The daily sales at auction are small. West Virginia brights have ceased to come in. Only remnants of planters' stock remain. Old mahogonies have dwindled down to the filling kind of wrappers, and yet these small sized dark ones find ready daily sale, while fillers are picked up by home manufacturers when at all reasonable and sound. Several small cutter sales are reported. Dark tobacco quiet. Receipts moderate.

Manufacturers are generally busy. Some have large orders ahead.

At the meeting of the board of directors today, a meeting of the Tobacco Association was called for next Tuesday, when there will be a full ventilation of the letter that Dr. R. A. Patterson gave Mr. B. T. McCue. Our people are aware that the merely political feature is reason for the serious objection to the endorsement of Mr. McCue, independent of its being a matter of supererogation. The Tobacco Exchange never as a body interferes with politics.

Mr. John M. Taylor was out and on 'Change Tuesday, before the heavy storm came up. Mr. C. C. Dula, of Danville, was a new wrapper buyer on the market yesterday. A. E. D.

There has long been a tradition in Japan that once a treasure of gold bars, worth now \$800,000,000, was buried far beneath the earth somewhere in the inclosure of the castle of Yuki Harutomo. Last May excavations were begun, and the workmen have come to pieces of boxes covered with plate-iron.
