

THE DAY.

PUBLISHED EVERY AFTERNOON (EXCEPT SUNDAY) AT HERNDON BLOCK NO. 1.

H. W. KRONHEIMER, Editor.

Subscription: 10 cents a week. Furnished to city subscribers by carriers, who will make weekly collections. 40 cents per month if paid in advance.

Short communications on live subjects solicited. The editor disclaims any responsibility for opinions expressed by correspondents.

Subscribers not getting their paper promptly and regularly are requested to notify the office at once.

Our advertising rates are very low—for one week, or six insertions, about the same as charged by weekly newspapers for one time. Having a thorough city circulation, and reaching daily a number of post-offices in this and surrounding counties, it is a splendid advertising medium.

Legal advertisements, such as administrator's and executors' notices, commissioners' and trustees' sales, summons to non residents, etc., will be charged for at legal rates, except when they exceed a certain limit of space, in which case we reserve the right to fix our own price. All such business must be PAID FOR IN ADVANCE. The charge is very small and we cannot afford to take risks or wait the pleasure of persons to pay.

Entered at the Post-Office at Oxford as second-class mail matter.

OXFORD, N. C.

FRIDAY, APRIL 18, 1890.

AWAKENING.

THE DAY has an abiding faith in the industrial future of North Carolina. The time will come, and we believe it is not far distant, when our wonderfully valuable resources will be developed. The attention of capitalists is being directed this way, and large investments are being made. They are but precursors of those which will follow. The *State Chronicle* sees the sunshine breaking through the clouds in the following editorial.

An exchange announces that Gen. Russell A. Alger, the millionaire ex-Governor of Michigan, is negotiating in Burke and in other Western North Carolina counties for large bodies of timber lands.

Mr. Geo. Vanderbilt is spending four millions of dollars on his recently acquired estate in Buncombe.

John Inman and other parties are contemplating the erection of two half million hotels in Asheville.

The North Carolina Steel and Iron Company, at Greensboro, will at an early day consummate its plans and begin active operations on a paid capital of a half million dollars.

Mr. Thomas A. Edison is bonding several hundred thousand dollars worth of mineral lands in Rowan, Cabarrus and Mecklenburg counties, with a view of beginning active mining operations at an early day, with millions of money to back him. The large granite quarries near Salisbury are going into the hands of men of capital and vim and are going to be developed and worked extensively.

These and a hundred other investments of like character show what is going on in Old Rip Van Winkle. Stop your grumbling and join the new army of progress.

LOVE'S QUEER PRANK.

That is a rather astounding piece of news which comes from Syracuse, N. Y. The announcement is made there of the betrothal of Miss Winnie Davis, daughter of the late Jefferson Davis, to Alfred Wilkinson, of Syracuse, a grandson of a prominent leader of the abolitionists, Rev. Samuel J. May. The prospective groom is said to be a very promising young man. Miss Davis was at Syracuse about four years ago.

The war is indeed over when the "Daughter of the Confederacy" contracts matrimonial alliance with a descendant of one of the bitterest enemies of her father. Love is a capricious little rascal, and holds in scant respect the prejudices of the past.

We bow humbly to the reproof administered THE DAY by the accomplished editor of the *Orphans' Friend*, and apologize for the mistake we made. We were misinformed, although from whom and how we got the wrong information we are unable to recall.

Not Improbable.

Wilmington Star. Rhode Island Democratic. Think of it. She is little but she is loud, and used to be as solidly Republican as the most benighted of her sister States. It wouldn't surprise us if Vermont and New Hampshire walked into the Democratic family circle almost any day, and begged to be considered as two of the family.

BON-BONS.

A "boil" on the stove is worth two on the neck.

Kind words are like bald heads, they can never dye.

Silence is golden; but it is the other fellow's silence that is meant.

The game of blind man's buff suggests a fellow feeling for a fellow-creature.

In the lap of luxury one forgets the lapse of time and the slaps of conscience.

Mystery lends a charm to almost everything excepting boarding-house mincepie.

A man is happiest when he can forget all the mean things he knows about himself.

It is said that a man from the Pine Tree State can be told by the pitch of his voice.

Boston is called the modern Athens because grease is always to be found at the hub.

A bear seldom lives longer than twenty years, unless he infests the stock exchange.

The man who is employed in a feather-store is apt to get down on his knees pretty often.

Nature has wisely arranged matters so that a man can neither pat his own back nor kick himself.

The phrase "Everything goes" is not absolutely correct. For instance, there is the Keely motor.

It is a risky business to engage a chemist in a war of words, as he is always ready with a retort.

"Poets must suffer before they can write," says a philosopher. After that it is other people who suffer.

"What is a laundry, mother?" "It is a place, my child, where your father sends his shirts to be torn into ribbons."

A novelist asks in a recent title, "Would You Kill Him?" Certainly, if he were a tom-cat who murdered sleep on the back shed.

A South Carolina woman possesses the mysterious power of making crockery and furniture fly around the room. Of course she is married.

Dunlap's and Knox & Youman's styles in Hats are shown at Paris Bros.

Nothing Succeeds LIKE SUCCESS.

The reason RADAM'S MICROBE KILLER is the most wonderful medicine, is because it has never failed in any instance, no matter what the disease, from LEP-ROSY to the simplest disease known to the human system. The scientific men of today claim and prove that every disease is

CAUSED BY MICROBES,

—AND—

Rhadam's * Microbe * Killer

Exterminates the Microbes and drives them out of the system, and when that is done you cannot have an ache or pain. No matter what the disease, whether a simple case of Malaria Fever or a combination of diseases, we cure them all at the same time, and we treat all diseases constitutionally.

Asthma, Consumption, Catarrh, Bronchitis, Rheumatism, Kidney and Liver Disease, Chills and Fever, Female Troubles, in all its forms, and in fact, every Disease known to the Human System.

Beware of Fraudulent Imitations.

See that our Trade-Mark (same as above) appears on each jug. Send for book "History of the Microbe Killer," given away by

J. G. HALL, Druggist, Sole Agent for Granville County, N. C.

ADMINISTRATOR'S NOTICE.

Having qualified as administrator upon the estate of James A. Hunt, col., dec'd, notice is hereby given to all persons indebted to said estate to make immediate settlement, and to all persons holding claims against said estate to present them for payment on or before the 15th of March, 1891, or this notice will be plead in bar of them. This March 15th 1890.

B. S. ROYSTER, Adm'r.

A. Landis & Sons.
