NOTES OF THE DAY.

THE LOCAL HAPPENINGS SERVED IN SHORT PARAGRAPHS.

Minor Events, Retrospective and Prospective, Gathered About the City By Our Alert Reporters.

The Commonwealth Club did not meet last night.

The weather is sunshiny enough but unaccountably cold.

There will be about the usual number of criminal cases to try at the coming term of court.

Bowser's Vaudeville and Comedy Company went to Henderson this morning, where they appear tonight.

Maj. A. S. Lanier was at Henderson yesterday, and inspected the Vance Guard. He reports the company a very fine one.

There is nothing like grit and energy to build up a town. The right kind of men can make a garden spot out of a desert.

A conference of representative Oxonians with Col. Robinson will be the next step towards getting the branch of the Durham & Northern Railroad.

Granville Superior Court next Monday, with Judge Armfield presiding. His Honor is expected to reach here tomorrow from Person county, where he has been holding court for the past week.

Our county commissioners offered to compromise the debt matter with the Vance board, and the offer was a very liberal one. It looks now as if our neighbors will have to pay some twelve or more thousand dollars into Granville's treasury. It is understood the sum thus obtained will be used in erecting a new courthouse.

A Prisoner Recaptured.

A large, powerful negro man, bound securely with ropes, was brought to the city this morning, and turned over to Sheriff Rogers for safe-keeping. The prisoner was Henry Timberlake, alias Henry Buck, who escaped from jail here two years ago. He was captured in Durham county by Deputy Sheriff Hall.

Timberlake is wanted to answer the charge of breaking into the store of Mr. Charley Wheeler. A confederate named Weaver got five years in the penitentiary. It has always been a mystery how Timberlake got out of jail. He had picked a hole in the wall, but the hole was rather small, and how such a large man managed to squeeze through it nobody could ever understand.

PURELY PERSONAL.

The Doings and Whereabouts of Some People You Know.

Mr. Job Osborn went to Stovall this morning.

Messrs. W. T. Meadows and Jeff Daniel went to Henderson today.

Dr. B. F. Dixon left on the train yesterday afternoon for a short trip.

Col. R. J. Mitchell came home last night from a visit to Person county.

Mr. J. T. Britt, of the *Public Ledger*, is back from a trip to Richmond, Va.

Mrs. W. D. Lunsford and Miss Maggi Lunsford, of Durham, are in the city.

Mr. Abe May, of Cincinnati, Ohio, brother of Mrs. M. Oppenheimer, is in the city.

Miss Mary Currin came home yesterday evening from a visit to Richmond, Va.

Col. W. F. Beasley arrived in Oxford yesterday afternoon, and left again this morning.

Mr. M. F. Hart, after spending a few days in Weldon, returned to the city yesterday afternoon.

Miss Mary Royster, who has been on a visit to the family of Mr. J. W. Hunt, returned to Stovall today.

Presbyterian Building Fund.

The congregational meeting at the Presbyterian church last night, called for business connected with the proposed new building, was very short, and adjourned to meet again tonight. It was expected that Rev. Jos. Rennie, the pastor, would come over from Chase City yesterday afternoon, but he was unable to get here. He will be in the city today.

A report was submitted last night by the subscription committee, showing the amount on hand and subscribed so far to be \$5,400.

Funeral.

The funeral of Mrs. Hannah B. Crews occurred this morning at ten o'clock at the residence of her son, Mr. E. T. Crews, on Broadway. Rev. W. L. Cuninggim performed the last sad services, after which a procession was formed and the remains borne to rest in the Oxford Cemetery. The large number of people who attended the funeral attested the high esteem in which the deceased was held.

The Theatre.

The features of the performance at the Opera House last night entitled to praise were the fine orchestral music and the good comedy work of Mr. Chas. Bowser. The skirt dancing was carried beyond legitimate bounds, and was decidedly objectionable. The specialty turns were of indifferent merit. There was a fair-sized audience in attendance.

Decided in Favor of Granville.

The Vance county debt case came up before Judge Boykins at Louisburg yesterday. R. W. Winston, Esq., represented Granville, and telegraphed here that a decision was rendered in favor of our county. Our neighbor, it is supposed, will appeal to the Supreme Court.

THE LATEST NEWS.

A German colony is to be planted on 40,000 acres of land in Montgomery county.

A Young Men's Christian Association building will be erected at Davidson College.

W. O. Riddick, of Gatesville, N. C., has been appointed a cadet at West Point.

Civil Engineer J. L. Ludlow has filed in the office of the Henderson town clerk his acceptance and bond in the sum of \$5,000 for a complete system of waterworks for that town.

A company has been recently organized at Southport, says the *Fayetteville Observer*, with a capital of \$100,000 and officers chosen, for the purpose of establishing a coaling station at that point, and to build wharves, operate dredges, etc. Southport is nearer the sea highway of vessels by more than 100 miles than Newport News, the only considerable coaling station on the South Atlantic coast, and the organization of this company is the natural outcome of the completion of the Cape Fear & Yadkin Valley railway.

The Goldsboro *Argus* says: The 71st anniversary of Odd Fellowship in America will fall this year on Saturday, April 26th, and in consequence Neuse Lodge, in this city, will not celebrate the occasion until the Monday following, April 28th; but it will "celebrate" then—and in big style. It is contemplated now and this programme will probably be adopted, to have a picnic on Monday at Lamb's seine hole, on Neuse river, the classic stream after which the lodge here is named. On the occasion a regular old-fashioned fish fry and barbecue—a la mode before the war—will be indulged in. But the event of the anniversary celebration will be a public address on Odd Fellowship, to be delivered in the evening by our distinguished, brilliant and eloquent townsman Mr. C. B. Aycock.

IN A GENERAL WAY.

Important Happenings in Other States and Countries.

It is stated that the Governor's mansion in Raleigh will be finished in thirty days.

The *Twin-City Daily* says that the subscriptions for the \$150,000 hotel at Winston have reached the amount necessary and that the building of the hotel is assured.

A heavy failure is announced, that of Louis Frank & Co., importers of raw silk, of New York and Patterson N. Y. Liabilities \$900,000; nominal assets, \$1,200,000.

JUDGE GILMER.

Will Accept the Nomination--Brower Gets a Black Eye.

The Greensboro *Patriot* of this week has two items of interesting news which we give below:

Judge Jno. A. Gilmer, in response to a question asked him by a reporter of the *Patriot* yesterday said: "If the Democratic convention should nominate me as the candidate of the Democratic party for Congress in this District I should esteem it a duty that I owed my party, as well as a pleasure, to accept and do everything that in me lies that is honorable to carry the District and redeem it to Democracy."

We learn that Hon. John M. Brower, M. C., made application for membership in the Farmers' Alliance at Mt. Airy recently, but that he was unceremoniously rejected—black-balled. The reasons given him, we are informed, for his rejection, were good, but, being purely of a personal character, we do not care to repeat them. We learn that Mr Brower, to use the language of our informant, "is very blue over the matter." This seems to contradict the yarn that the Alliance would support Brower for Congress.

Cleveland Says It's a Lie.

In an interview with a *World* reporter President Cleveland said of the *Sun's* story that he was under medical treatment for corpulency: "The whole story is a lie."

Mr. Cleveland also said: "I do not care how much I am criticised for my public acts. That is perfectly legitimate. There is a line, however, it seems to me, where abuse should stop. The man who invades the privacy of a family and indulges in coarse attacks on private citizens, places himself on the level of a blackguard."

Regarding the frequent personal attacks upon himself in the *Sun*, Mr. Cleveland said that he did not see them, but every time one appeared, a dozen cranks' more or less would write to him about it. "Whenever I receive these cranks letters, continued Mr. Cleveland, I know that the senile old liar and thief Dana has been at it again."

Last Year's Tobacco Crop.

A. Walker in *Durham Globe*.
It is now estimated by those who have canvassed the surrounding counties, Durham, Chatham, Granville, Wake, Person, Orange, Caswell and Alamance, at least 80 per cent of the crop has been sold, and this goes to prove that our prediction, made some months since, was correct. We stated that there would not be more than 65 per cent of an average crop sold as the production of the 1889 crop, and we feel well assured that the crop will not exceed that amount.

He Is With the Boys.

New York *World*.
President Harrison has approved the bill permitting members of the House to reimburse themselves for the money which Silcott was permitted to steal from Sergeant-at-Arms Leedom. How could he do otherwise after indorsing that old claim of the Indianapolis law firm?
