## PURELY PERSONAL.

The Doings and Whereabouts of Some People You Know.

Mr. R. S. Barnett, of Chase City, Va., is in Oxford.

Mrs. W. T. Alston and Miss M. Alston went to Henderson this morning.

Messrs. W. A. Davis and W. C. Reed went to Raleigh yesterday afternoon.

Mr. W. H. Osborn, of Durham, came in on the morning train to see his father.

Miss Mollie Brookes, of Black Walnut, Va., who has been on a visit to Mrs. J. B. Roller, returned home this morning.

Mr. J. B. Booth is off for Lynchburg, Va., in the interest of the Oxford Land, Improvement and Manufacturing Company.

Capt. W. A. Bobbitt, Capt. W. H. White, Messrs. G. W. Knott, E. T. Crews, E. T. Rawlins, S. W. Cooper, W. T. Meadows and J. M. Norwood, the Oxford delegation to the Grand Lodge, I. O. O. F., returned last night from Wilmington.

### Coming to the Medical Convention.

A short while since the secretary, Dr. J. M. Hays, sent circulars to the members of the State Medical Society, asking that those who would attend the convention here to advise him at once, to enable the reception committee to make ample provisions for the accommodation of all visitors. Letters are pouring in daily in reply, and the outlook is for the largest gathering of physicians ever in North Carolina. Unusual interest is felt in the convention because the election of a new State Board of Medical Examiners will be had.

Many distinguished doctors from other States will be in Oxford, prominent among them Dr. W. A. Hammond, of Washington. Dr. Hammond and Dr. Grissom, by the way, will meet here for the first time since their famous controversy some years ago.

### Richmond Tobacco Market.

[Correspondence of THE DAY.]

RICHMOND, VA., May 15.—The market has shown great activity in past two days in the filler line. Mr. W. C. McDonald, of Montreal, Canada, has been a large buyer and something like 300 hhds. have been sold yesterday and today. This leaves our market quite bare of medium and good fillers. Very little has been doing in other grades.

Our commission men are beginning to open up some of their new stock, but it looks dangerously high and offers no inducement to speculators.

Receipts and shipments both are light.

### SAN MARCOS, Tex., Sept. 17, 1887.

MR. WM. RADAM: Dear Sir.—The Microbe Killer, I find, is a splendid thing. Can I get the agency here? My little boy that was affected with worms is cured and getting fat and rosy. My father is also using your medicine, and is improving very fast. Very respectfully,  
MRS. ALICE LEE.

### Gone to Oxford.

Henderson Gold Leaf.

Prof. H. H. Bell, who during the seven or eight months he has been in our midst, has become well and favorably known to our citizens, both by his work and personal conduct, has gone to Oxford to stay for a time. He desires us to say, however, that he does not intend to forsake Henderson entirely. He will visit our town as often as his services may be required, and expects to be here at least one day in the week until further notice. In the mean time, a supply of his Eureka Scalp Cleaner and Hair Purifier may be found at Mr. Dorsey's drug store.

It is but justice to him to say that since coming amongst us Prof. Bell has impressed himself as an intelligent, well behaved, respectable colored man, a fit illustration of what one may accomplish by pursuing an honorable, upright course. He has conducted himself in a manner to win the friendship and good will of our people, of both races, and carries with him into his new field of labor their commendation and well wishes.

We commend the Professor and his work to the people of Oxford as being worthy of their confidence and patronage. In addition to selling his preparation for the hair and scalp he is an expert hair dresser and maker of hair ornaments of all kinds.

In taking leave of us even partially and temporarily Prof. Bell desires us to tender his sincere thanks and grateful appreciation to the citizens of Henderson for their liberal patronage and the uniform courtesy and consideration with which he has been treated by them.

There is no use suffering with rheumatism now. Radam's Microbe Killer has never failed. Try it and you will consider it worth ten times what you pay for it. For sale by J. G. Hall.
