## NOTES OF THE DAY.

### THE LOCAL HAPPENINGS SERVED IN SHORT PARAGRAPHS.

#### The Minor Events About the City as Gathered by the Alert Reporters of The Day.

The rain did not make the atmosphere very much cooler.

The hour for opening the tobacco sales has been changed to 10:30, a. m.

The lightning killed a large number of English sparrows and other birds last night.

Regular weekly meeting of the Oxford Lodge, I. O. O. F., No. 103, tonight. Visiting brothers invited.

Annual inspection of the Granville Grays this afternoon at six o'clock by Inspector-General F. H. Cameron.

Mr. Jim Paris, who is just back from Eastern Carolina, says the crops of tobacco, cotton and corn in that section are the finest known in forty years.

The contract for the brick building to be occupied by the knitting factory will be let by Dr. H. C. Herndon and his associates in the land company, this afternoon.

Mr. John Talley a day or so ago killed a large rattlesnake near the mineral spring on the Talley plantation in this county. The reptile had seven rattles and a button.

Daniel Lyons and Martha Pettiford, two prisoners confined in the county jail, were married this morning. The woman has every appearance of being white, but swears she has negro blood in her veins.

Chairmen of county commissioners from Person and Caswell are in the city today, meeting with Mr. T. D. Waller, chairman of the Granville board, for the purpose of assessing that portion of the Atlantic & Danville Railroad in North Carolina.

Capt. J. B. Hussey, correspondent of the *National Democrat*, Washington, reviewing the political situation of this State, says that Capt. "Baldy" Williams seems to be well in the lead for the Democratic nomination in the Fifth Congressional district.

The Greensboro *Patriot* polls, to ascertain the sentiment of the Fifth district in regards to the several Democratic candidates for Congress, stood as follows yesterday afternoon: A. H. A. Williams 29, J. A. Gilmer 19, J. C. Buxton 1, A. M. Scales 1.

Mr. Walter E. Borden, of Goldsboro, will locate permanently at Oxford on the 5th of July. He will be a valuable acquisition to our business and social community. This is another good piece of work accomplished by the Oxford Land, Improvement and Manufacturing Co.

#### Republican County Convention.

A Republican County Convention for Granville county is called to meet in the courthouse in Oxford, on Saturday, the 19th day of July, for the purpose of selecting delegates to the Republican Congressional Convention, which is called to meet in Greensboro on Wednesday, the 23rd day of July, 1890.

The Republicans of each voting precinct will meet at their respective precincts and elect three delegates, on Friday, the 18th day of July, to represent them in said County Convention.

#### Accidentally Shot.

Yesterday afternoon Gus Hobgood and Johnny Gooch, two boys, were near Harrisburg bridge practicing with a small rifle. While the weapon was in Hobgood's hands it was accidentally discharged, and the ball passed completely through the fleshy part of Gooch's right arm.

Rubber Belting and Packing at J. F. Edwards'.

## PURELY PERSONAL.

### The Doings and Whereabouts of Some People You Know.

Miss Mabel Royster went to Clarksville, Va., this morning.

Mr. J. Y. Paris came home this morning from a trip to Tarboro.

Mr. S. H. Smith returned yesterday afternoon from a visit to South Boston, Va.

Miss Mary Howard went to Providence yesterday afternoon for a few days' stay.

Mr. Willie Cuninghame, of Person county, a former Horner School cadet, is in the city on a brief visit.

Miss Mary E. Barnett, who has been on a visit to friends here, left today for her home at Clarksville, Va.

Mr. W. E. Owen, of South Boston, Va., president of the Oxford Land, Improvement and Manufacturing Co., is in Oxford to day.

Mrs. R. E. Haskins and children, who have been visiting Mr. S. P. Couch, Mrs. Haskin's father, took their departure today for Mecklenburg county, Va., their home.

Miss Bessie Venable and Miss Watkins left this morning for the latter's home near Buffalo Springs, Va. Miss Venable will visit friends in West Virginia before returning to Oxford, and expects to be absent several months.

Hon. A. H. A. Williams and Dr. B. F. Dixon left yesterday afternoon—the former to deliver this evening a Masonic address at the installation of officers of the Reidsville lodge, and the latter to deliver a Masonic address tonight at the installation of officers of the Wilson lodge.

#### Base Ball at Henderson.

The Oxford and Henderson base ball clubs played a game at Henderson yesterday, and the latter proved the victors by a score of 10 to 4.

The Oxford nine was a rather patchwork affair, made up almost on the eve for starting for our neighboring town, and with very little individual and no collective practice. The result was the players showed up weak at the bat, and error after error in the field was marked up against them. The Henderson men also put up a loose game for the want of practice.

Lanier, who pitched for the Oxford nine, and who, by the way, is conceded to be the best amateur all-ground base ballist in the State, did splendidly, and in the new role of a twirler was a complete success. He has good speed and most puzzling curves. For several innings in succession he retired the opposite side on three strikes in one, two, three order. Jones played well, but he is unused to catching behind the bat and had some disastrous passed balls. Dick Turner made the longest hit, putting a three-bagger in deep centre field.

It was understood when the Oxford club went to Henderson, the club from our sister city would come here one day this week and meet them again on the diamond. The Hendersonians now decline to give them a chance to get their revenge. Come now, neighbors—base ball superiority is not usually decided by a single game! The trip to Oxford may put you to some inconvenience, but it is a courtesy you owe our boys and one you should pay.

#### A Heavy Storm.

A heavy electrical storm visited Oxford and vicinity last night, but happily was unattended with casualty of any kind. For several hours lightning flashed incessantly, thunder pealed and rain descended in sheets. It was an awful, most impressive war of the elements.

## OVER THE WIRES.

### THE GIANT MONOPOLY, THE SUGAR TRUST, IS ILLEGAL.

It is so Declared by the New York Court of Appeals in Session at Saratoga this Morning.

[By telegraph to THE DAY.]

SARATOGA, N. Y., June 24.—The State court of appeals, in session here, this morning declared the sugar trust illegal.

The court also affirmed the original judgment in the Kemmler case.

#### Sarah Bernhardt Dying.

[By telegraph to THE DAY.]

NEW YORK, June 24.—A cablegram from Paris this morning says that Sarah Bernhardt, the great actress, is dying from an overdose of chloral.

#### An Agricultural College Aid Bill.

The United States Senate yesterday passed what is known as the Agricultural College Aid Bill.

It appropriates annually out of any money in the treasury not otherwise appropriated arising from sales of public lands, to be paid to each State and Territory, for a more complete endowment and maintenance of colleges for the benefit of agriculture and mechanic arts, now established or which may be hereafter established, in accordance with an act of Congress approved July 2, 1862, the sum of \$15,000 for the year ending June 30, 1890, and an annual increase of the amount for ten years by an additional sum of \$1,000 over the preceding year until the annual amount, to be paid thereafter to each State and Territory, shall be \$25,000; provided that no money shall be paid out under this act to any State or Territory for the support and maintenance of the college where a distinction of race or color is made in the admission of students, but the establishment and maintenance of such college separately for white and colored students shall be held to be in compliance with the provisions of this act; and also provided that in any State in which there has been one Agricultural College, established under the act of 1862, and in which also there is, or may be an educational institution of like character for colored students, aided by the State from its own revenue (however named), there shall be a just and equitable division of the fund to be received under this act made by the Legislature.

#### Cash for Ice.

It is impossible for us to keep ice accounts. The amounts are small and require too much time to keep the books.

After this date purchasers must pay cash or buy tickets. The tickets are \$1.00, \$2.00 or \$3.00. Any portion of the ticket not punched will be redeemed with cash any time before Oct. 1st, 1890, at

J. G. HALL'S.

Double price will be charged for ice after the electric lights are turned on.

## FRESH FROM THE PRESS.

### State and General Items of Interest from Today's Papers.

The first dirt for the Henderson waterworks was broken yesterday.

Mr. Vanderbilt has bought a number of farms adjoining his near Asheville, the total price paid for all of them amounting to \$52,000.

There is a woman in Wake county who plows with a goat. Last year she made a bale of cotton, about thirty bushels of corn and seventy-five bushels of potatoes.

The Lynchburg and Durham Railroad is completed within 18 miles of Durham. Since its completion to Roxboro the receipts have been more than doubled. Its earnings last month amounted to more than \$10,000.

The Oak City Manufacturing Company, of Raleigh, yesterday filed papers of assignment with the register of deeds. The assignment is made for the benefit of the creditors. The liabilities are about \$18,000; the assets are not yet ascertained.

The Nashville *Argonaut* says: The present indications is that the bulk of the tobacco in Nash will be cured during the month of July, and some the latter part of June. Some farmers propose trying the experiment of turning out the sucker and raising the second crop.

Census returns approximated and semi-official show the population of some of the principal cities to be: Washington 230,000, Milwaukee 235,000, Baltimore 500,000, Pittsburg 250,000, Indianapolis 125,000, Columbus 113,797, Cleveland 148,000, New Orleans 246,000.

At Rome, Ga., while a horse was loose in the stable one of his hind feet got caught in his mouth. It is supposed that the animal was rubbing the flies from his nose with his hind foot, when by accident the foot passed into the mouth. After he had struggled fearfully the owner found him and got the foot out.

Mr. Jno. Cunningham, brother of Pat Cunningham, on Saturday went into the pen where the Texas ponies are corralled and was kicked in the right side, twice, by one of the ponies. He is now lying at Mr. Hardin's boarding house, in a very critical condition. The doctors say there is very slight chance of his recovery, says the Greensboro *Patriot*.

The novel use of the phonograph is being made in Mexico. A great many natives who wish to communicate through the mails cannot read or write. The Government has therefore introduced a system of correspondence by phonograph—that is, the Mexican talks into the instrument, and the cylinder is sent to his correspondent, who has the cylinder inserted in the phonograph at his postoffice, and receives the message viva voce.
