

**THE DAY.**

PUBLISHED EVERY AFTERNOON (EXCEPT SUNDAY) AT HERNDON BLOCK NO. 1.

H. W. KRONHEIMER, Editor.

Subscription: 10 cents a week. Furnished to city subscribers by carriers, who will make weekly collections. 40 cents per month if paid in advance.

Our advertising rates are very low—for one week, or six insertions, about the same as charged by weekly newspapers for one time. Having a thorough city circulation, and reaching daily a number of post-offices in this and surrounding counties, it is a splendid advertising medium.

Legal advertisements, such as administrator's and executors notices, commissioners' and trustees' sales, summonses to non-residents, etc., will be charged for at legal rates, except when they exceed a certain limit of space, in which case we reserve the right to fix our own price. All such business must be PAID FOR IN ADVANCE. The charge is very small and we cannot afford to take risks or wait the pleasure of persons to pay.

Entered at the Post-Office at Oxford as second-class mail matter.

**A RADICAL TRICK.**

Solicitor Strayhorn is out in a card announcing himself as an independent candidate for re election. We have not seen his card, but see from the Alamance Gleaner that he ignores his party and alludes to his being a farmer.

What a transparent trick that is, to be sure! Mr. Strayhorn is a Republican all the way through, and, recognizing the hopelessness of running under his true colors, seeks to hood-wink the people. But he cannot fool anyone with three grains of sense. The farmers won't even nibble at such a bait.

It takes a lawyer to fill the position of solicitor, and a good lawyer at that. Capt. Edward S. Parker is head and shoulders above Mr. Ike Strayhorn in every respect, and he is the nominee of the Democratic party. He stands fairly and squarely before the people.

Democrats stand fairly and squarely by Capt. Parker. He is worthy of your undivided support. The Gleaner says: "We will pit our candidate against him (Mr. Strayhorn) as a farmer or lawyer any day." That we will, and any unbiased man will decide in Capt. Parker's favor.

**A CORRECTION.**

It is not the purpose of THE DAY to misrepresent the Republicans, and we therefore quote the following from a recent issue of the Richmond Times: "Some time ago the Times commented upon an editorial which was attributed to the Philadelphia Press, bitterly denunciatory of the South. Since then the Press has announced that the editorial never appeared in its columns. The Times takes this opportunity of correcting a wrong impression to which it unwittingly gave circulation."

We saw the article in the Times, reproduced it our columns, and had something to say about it. We still believe, and there is abundant evidence to prove it, that the legislation of the Republican party is intended to destroy Southern industries, and kill out commercial rivalry from our section. The McKinley tariff bill and the Lodge election bill were framed with that end in view.

DEMOCRATS, stand together! We can and WILL carry Granville!

**ARRAIGNING THE G. O. P.**

In a speech in McKinley's district in Ohio, Governor Hill, of New York, thus arraigns the Republican party: "It has increased its majority in the House of Representatives by arbitrarily ejecting Democrats from their seats; has stolen the representation of one State in the Senate; has admitted to the Union States whose only claim to admission is that they will swell Republican majorities; has denied representation to Democratic territories much better qualified for Statehood in point of population and resources; has ignored the rights of a majority by tyrannical methods and the ruling of the Speaker of the House; has squandered the treasury surplus by extravagant appropriations to conciliate particular interests; has enacted a tariff bill which will supply corruption funds for elections; has conducted the census, denounced everywhere as useless, and manipulated for counting Republican population up and Democratic population down; and has threatened the enactment of the force bill, which will put an end to State authority in the certification of federal elections, and make Congress not representative of the people but the creature of whatever men federal officers may choose to count in."

**Beddingfield to the Farmers.**

Winston Sentinel.  
The Farmers' Alliance, speaking through its chosen and authorized organ, Secretary Beddingfield, declares that there is no point of friction or cause of conflict between the masses of the farmers of North Carolina and the Democratic party; and he urges all patrons of husbandry in the great field of agricultural industry to lay aside political and old war-worn prejudice and partisan predilections, and sustain and support the party which, in every emergency, on all occasions and throughout the last twenty years has stood the faithful friend of the struggling masses. The appeal comes at opportune moment in the affairs of our common country, when all men must see that the legislation of the national party in power is dangerously sectional, and that it behooves North Carolinians to stand together for the common good of our State and section, and for the general welfare of one another.
