## LOCAL & STATE SQUIBS.

This is the age of hard money. Yes, right hard to get.

It was our good fortune to feast upon ripe cherries yesterday. They were delicious.

The Junior returns thanks to a kind lady friend for a nice dish of peas sent him yesterday. "Peas" do so again.

Dr. Newbell, an esteemed citizen of Milton, was killed last Thursday by his horse running away and throwing him from the buggy.

The Senior desires to return his thanks to the lady that sent him a dish of strawberries a few days ago. They were ever so nice.

Mr. Powell will be very much obliged to the man who borrowed his knife if he will leave it at the store of Williams & Bryan.

There was a tramp in town yesterday. He got a drink and two dinners, one of which he put in his pocket, and went his way rejoicing.

In the matter of contempt against T. M. Argo and J. E. O'Hara practicing lawyers, for an affray in the court room, at Halifax, Judge Henry fined each \$200.

Land is said to be so rich in Caswell county that the vines run away with the pumpkins and don't give them time to grow. And this is one reason Milton wants a railroad to Sutherlin's.

We learn from the Milton Chronicle that Mr. Joseph Thaxton killed a bald-eagle on his father's plantation, on North Hyco in Person county, one day last week, that measured six feet four inches from tip to tip.

Just received a pretty line of Ladies and Misses trimmed and untrimmed Hats. GRANDY & BRO.

That cow of Dr. Paschall's is a wonderful animal. She gives five gallons of milk a day. One pound and a half of butter is made daily. If any one has a cow that will beat this one, let him speak or else hereafter hold his tongue.

The President has nominated Attorney-General Pierrepont to be Minister to England; Secretary of War Taft to be Attorney-General, and Don Cameron, son of Simon Cameron, to the Secretary of War.

Later.—The Senate has confirmed the nominations.

Col. Donan in his speech at the banquet in regard to the slim turnout of the press said: "As Nero wished all Rome had but one head, that he might cut it off at one blow, I wish the whole Press Association of North Carolina had but one trousers-seat and 1 a forty-mule power Bogardus patent kicking machine in full play within reach of it."

The Oxford CLARION calls Judge Watts a "bridle taker." We suppose he ought to know. He may be the long eared creature that lost *he* bridle. Let's "investigate."—*Ral. Constitution.*

Well. We would like to know what kind of a bridle *he* bridle is. Get out of your glass house before you throw rocks. Remember it requires brains as well as stomach to make a good "constitution."

THIRD CLASS MAIL MATTER.—The Post-office Appropriation bill, which passed the House Wednesday, contains a provision that third-class mail matter not exceeding four pounds in weight, shall be charged at the rate of one cent for two ounces, instead of two cents, as at present. This includes newspapers in its provision.
