AND OXFORD BANNER.

SEMI-WEEKLY.

OXFORD, N. C., WEDNESDAY, AUGUST 7, 1912.

THE FAVORITE ROUTE.

An Interesting Trip in a Big Touring Car to a Beauty Spot in Granville.

It is quite natural for automobile people to discuss roads, scenery and interesting incidents of their jaunts about the county, and it can be put down as a fact that wherever the automobiles are the thickest the roads are the test. This will explain why the little stretch of eleven miles to Culbreth is brought so close to our doors. There was a time in the not long ago when the good people in the Coloreth section seldom saw their Oxford friends in that part of the county, and on a prefty afternoon they are disappointed if they do not see several big automobiles, laden with polite people, who greet them with a smile and a bow.

Take this trip some bright afternoon, just after the dust has been settled by the mist and a shower, and note the many heauties in transit. As you swing around the Lassiter estate,and the County Home bursts into view, low. the little white houses nestling among the trees soltens the word poverty and dispells the thought that the poor reside there; as you sweep along, the proportions of each field seems as if the farmers were artists working out some vision on a canvas of earth and acres instead of one of fabric and inches. Three miles out you round of Mr. Ticus Currin, and the green and fertile hills in the distance greet your eye, and the little hamlet of Providence swings into view. As our car speeded and yellow-tinted verdant fields, we own. realized to the full that the study of of interests and mental development around his route. as Greek roots and Latin roots, and as we descended the highway to the windgolden leaves which will enrich him. blood purifier a year. Out of the valley you guide to the righ, and behold the ton upon ton of the fragrant leaf bowing to the breeze, rejoicing, as it were, in the thought that it is predestined to fill the bowls of the pipes of the kings and potentates mountain rises abruptly above the in this fight. green foliage of the earth, and who can tell but what God in his wisdom placed it there for some good purpose, as it is known that the seasons are getting shorter year by year and the frosts of a future age may threaten to nip the tender sinew of the golden is on its way to sting the toes and

tips of old King Nichotine. You cannot note all the beauties along the highway to Culbreth through the aristocratic Dutch door of a speedto convince us that the blossom and bloom and fertility of Granville belong out there. We noticed several big muscular, magnificent horses, such as you seldom see in the South, which they use in cultivating the land in such thoroughness as to produce the luxurious, fragrant golden leaf. The que thoroughfare.

The Big Sale Still in Progress.

liable firm offers for sale you can rest invited to be present. assured that the goods are absolutely dependable in every shape and form In a big sale of this kind new and fresh goods are placed upon the shelves daily. There are two large nice stores and they are replete. In the ladies' department you will find a great array of exquisite things for ladies, embracmen. The goods in this department ate? are subjected to the same generous reductions, and includes clothing, hats, shoes, shirts, underwear, socks, and everything for men and boys. Read their attractive advertisement on the fourth page of this paper.

Hit the Keynote.

READY FOR NEW CROP.

VOLUME 25. NO. 74

Warehouses Will Open About

September 4th---Crop is Promising.

The Oxford warehouses, after being closed for four months, will open up for business about the 4th of September. All indications at this time point to a large crop, although in some sections rain is badly needed. Some of the tobacco growers are alarmed at Mr. B. T. Harris, of Hester, was in the long and continued dry spell and predict that the farmers are loosing a nice sum of money every day by virtue of the drought. There is no denying the fact that a larger crop was set out in this section than in former years, and this increase in acreage, together with the constantly increasing acreage from which the Oxford market draws, is believed to mean this market will pass the nine million pound mark this tobacco year. The opinion seems to be general that a large part of the crop will be sold early in the

> Our warehousemen are busy these days getting their establishments in shape for the season. There will be a slight change in the personel of the warehousemen the coming season. Mr. J. F. Meadows retires from the Farmers' Warehouse and becomes a buyer on the market. Parham & Parham will run the Farmers' this season; Banner, by W. L. Mitchell; Johnson, by Mangum & Watkins; Owen, by Will H. Fleming. Mr. Ernest Parham, who is now associated with the Farmers' Warehouse, is a Granville county man. He has been in the tobacco business at Greenville, Pitt county, for a number of years. We are glad to have him return to his home county; he is a fine man and will give universal satisfaction as a warehouseman. The Oxfor warehouses handle all grades of tobaeco.

> The Oxford tobacco market is the most reliable market in this section of the State. The farmers grow a superior grade and it is always in demand at a high price. Lower grades, too, are in demand. The stability of the market is becoming better known from year to year, and if we do not reach the nine million mark this season it will be because the yield falls short of our expectations.
