 PROPRIETORS OF THE
FARMER'S WAREHOUSE,
 OXFORD, N. C.

TAKE NOTICE FARMERS!

Watch the sales at the FARMERS WAREHOUSE under the new management, as you know we had to commence at the bottom of the ladder, but if

BEST PRICES ON ALL GRADES

CORRECT WEIGHT AND FAIR DEALINGS

in every respect will count, we expect to reach the top round in the near future. We are not offering any special premiums, but will give every farmer one on each and every load of tobacco that is sold on our floor in the way of high prices, which will benefit each one that sells with us. We greatly appreciate the liberal patronage our friends have extended to us so far, and pledge ourselves to stand by every pile of the weed that is put on our floor and see that it brings the Top Notch Market Price.

Parham & Parham,

ARE YOU GETTING READY

For That

Fair Next October?

The prizes of life are for the men who work and plan and strive and save for them. You can have one of them as well as your neighbor, if you will only begin now to prepare. Already a success, the

GRANVILLE COUNTY FAIR

is to be the greatest force in the life of this county. It must be because agriculture is our principal industry. It will be because this county has the people to make it so. It's not for the few, but for every man, woman and child within the borders of this county. Remember the Fair and don't forget to make an exhibit.

THE GRANVILLE COUNTY AGRICULTURAL ASSOCIATION

Grissom Graphics.

This section has been blessed with good rains recently.

The farmers are busily engaged getting their crops housed.

Mr. S. C. Lyon and family, of Creedmoor, come over in his machine Sunday and spent a pleasant time with Dr. Sikes.

If a full crop of Simmons point to a cold winter we will have our share of it in this section—the woods are full of Simmons.

The little town of Grissomville is progressing except as to streets, which are now in bad shape. We will have to levy a small tax and fix the streets.

No. 1 Sunday School at Mary's chapel is still running every Sunday morning, and at No. 2, our new free school house, 2 o'clock p. m. Dr. Sikes is still at the helm teaching the Bible class.

CHATTER BOX.

THE GAME LAW.

As there seems to be some confusion in the public mind as to the open season for hunting in this county, I take this means of letting the people know when the various kinds of game can be hunted:

Deer, from the 1st of September to the 15th of January.

Turkey, from the 1st of November to the 1st of March.

Partridge from the 1st of November to the 1st of February.

This is the period of the year at which it is most important that the game laws be enforced and we ask all who are interested in the protection of our game to aid us in our efforts for without public sentiment behind us we can do very little to uphold this law.

GRANVILLE COUNTY GAME ASSOCIATION, Sept. 25 2t. By T. Lanier, Sec'y.

Benefited Many Who Had Tuberculosis

Those who suffer from Consumption are generally troubled with night sweats, fever, loss of strength and little or no appetite. Fresh air, good food, and the proper care of the body are essential to a recovery, but in many cases something else is needed. Eckman's Alternative is a medicine which has been most successful in stopping night sweats, reducing fever and promoting appetite, and many who have used it, declare it saved their lives. Investigate what it did in this case:

"Gentlemen: For four years I was troubled with cough, which gradually became worse; I had night sweats and pains in my chest. I was losing my appetite and had become so thin and weak I could not attend to my household duties. A physician pronounced my case Consumption. Not being satisfied, I was examined by the physicians of the Poly-clinic Hospital. They also pronounced the disease Consumption, which was proven later by an examination of sputum, as Tuberculosis Bacilli were found. I was ordered to a Consumptive Hospital. My nephew would not allow me to go until I had tried Eckman's Alternative. Before I had taken the medicine three weeks I had marked relief, night sweats ceased, pain in the breast relieved, cough became loose and easy, fever left me and I commenced getting well. My health became normal. I am in excellent health now and have been completely cured for ten years. I strongly recommend it."

(MRS.) MARY WASSON, Care Ed. Green, 1722 S. 17th St., Phila., Pa. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists.
